

Take a Number (Jeri Howard Mystery, #3) By Janet Dawson I have a notebook where I keep notes and write out the storyline as I'm reading it so I can keep up with who is who because there are more characters in her stories than are normal for a murder mystery. **Take a Number Historical fiction definition** Take a Number (Jeri Howard Mystery #3) When Jeri Howard becomes involved in a divorce case she takes on more than finding the missing \$100,000 dollars that Sam has hidden from his wife. **Take a number dispenser** While the descriptions of places and journeys often slow the pace the story's never dull as Jeri's an engaging character and the plot twists keep you guessing right to the end 0983403120 So I wish this author had a better talent for fleshing out a story making it more entertaining. **Take a Number kindle** I liked how the author brought back secondary characters from an earlier novel to play larger roles in this one; it adds to the familiarity of the cast and allows for character development. **Crime Take a number t shirt** 0983403120 What I have discovered about this author is that she is tenacious with writing a solid story with many sidelines as she peels that onion to reveal each and every aspect of what happened why it happened and who did what. **Take a Number Historical fiction definition** I will back up to read the 1st two in this series!! 0983403120 Well plotted Well written (barring a few errata here and there) and the characters are plausible as are their motivations. **When did the book number the stars take place** She has worked in the legal field and on the staff of the University of California Berkeley Janet Dawson is the author of The Sacrificial Daughter first in a new series featuring geriatric care manager: **When does the book of numbers take place** Since I'm so determined to read her books I'm going to make it as easy for myself as possible and keep notes: **Take a number plate off retention online** I have to say I love this series and I love the characters. **Take a Number Historical fiction book** And I hope Joe finds a place in the next books!! 0983403120 A decent read: **Take a Number epub** The mystery was interesting but ultimately kind of a let down. **Take a number printer** I hate it when I read a book set in a major city where everyone is white. **When did the book number the stars take place** Or worse.

Crime Take a number for me

What seems like a messy divorce just might be murder when feisty female sleuth Jeri Howard returns after Till the Old Men Die. **Take a number printer** Jeri is working for a battered wife against her husband a Petty Officer First Class who his wife suspects has some big bucks stashed away, **Take a Number epub download** "Sam Raynor was the biggest slug that ever oozed across my path" says Oakland PI Jeri Howard, **Call number on a book** "Anyone who wanted to kill him would have to take a number and get in line: **Take a Number Historical fiction book**" Raynor is a liar a cheat an abuser who brutalized his wife Ruth. **How to write book number** She has filed for divorce and hired Jeri Howard to find the money her husband claims he doesn't have, **Call number on a book** When Raynor winds up with a bullet in his back the prime suspect is Ruth, **Take a Number kindle unlimited** But Jeri working hard to keep her client out of jail discovers a long long line of suspects: **Take a number stone sour lyrics** He's a nasty piece of work with a history of brutalising women: **When does the book of numbers take place** Yet on the surface he's charming and credible drawing women to him with consummate ease, **Take a number two** When he's murdered Jeri's job changes to investigator as his wife Ruth becomes the prime suspect, **Call number on a book** It doesn't take much digging for Jeri to find plenty more suspects leading to a classic private eye murder mystery tale. **Take a Number kindle app** Jeri's a determined investigator who's not afraid to speak her mind and ruffle feathers. **Take a number online** She burns a lot of shoe leather in this investigation which becomes more complex by the chapter, **Pdf takeoff software for estimating** The plot and characters were well done but it was like reading travel brochure for California with a mystery tossed in as an afterthought: **Take a number meme** The writing did not stir up the imagination or make your heart pound with anticipation, **How to number a book** 0983403120 Parts of this one were a bit too predictable but the number of suspects

keeps the reader guessing: **Take a Number pdfiller** hard to feel sorry for the murder victim but we feel for several of the suspects not just Jeri's client as she follows the various threads through to a satisfying conclusion: **Pdf takeoff software for estimating** Not everybody can get away with what she does but I think she's amazing!! I also love all the extra info she adds from her research there are caricatures of others, **How to number a book** So tired of books set in NYC or San Francisco that pay lip service to setting but could be happening anywhere, **Take a number ticket dispenser** 0983403120

Another good solid mystery with plenty of possible suspects and a bit of a surprise: **Take a Number Historical fiction definition** Dawson's Jeri Howard series does not disappoint - always an enjoyable read. **Choose and book number** Recommended for readers who like capable smart women protagonists and a plot that explores touches on social issues (in this case spouse abuse and homelessness): **Mystery Thrillers Take a number of minutes** The only reason I gave it 3 stars is because it was so long alot of unnecessary pages. **When did the book number the stars take place** There were alot of suspects the murdered guy was a real piece of work: **Take a number meaning** 0983403120 Nice episode in series still politics got a little preachy. **Take a number mystery thrillers review** 0983403120 I enjoyed this much more than I expected to!! It had been on my Kindle for a long time. **How to number a book** 0983403120 Janet Dawson is the author of The Sacrificial Daughter first in a new series featuring geriatric care manager. **Take a number one** She has also written thirteen novels featuring Oakland private investigator Jeri Howard, **How to write book number** Martins Press/Private Eye Writers of America contest for best first private eye novel. **Choose and book number** The most recent book in the series is The Devil Close Behind. **Where does the book of numbers take place** Her Jill McLeod historical mystery series features a Zephyrette sleuthing aboard the long distance train called the California Zephyr in the early 1950s. **When did the book number the stars take place** In the past Dawson was a newspaper reporter and a Navy journalist. **Book got your number** She has also written thirteen novels featuring Oakland private investigator Jeri Howard, **Take a Number crime news** Martin's Press/Private Eye Writers of America contest for best first private eye novel: **Pdf takeoff software demo** The most recent book in the series is The Devil Close Behind, **Call number on a book** Her Jill McLeod historical mystery series features a Zephyrette sleuthing aboard the long distance train called the California Zephyr in the early 1950s, **Book got your number** In the past Dawson was a newspaper reporter and a Navy journalist. **When did the book number the stars take place** She has worked in the legal field and on the staff of the University of California Berkeley. **Take a Number Historical fiction book** She is a long time member of Mystery Writers of America and Sisters in Crime[1]

Gives the story more depth and character. It's too easy to forget who is who. Jeri was a good PI. Bonus it actually read like a story happening in Oakland. But he has other more vicious secrets as well. More action and romance would greatly improve the reading. Ditto to the descriptions of the city. No I didn't have the right killer this time. 0983403120 This was a really good story. The characters were interesting -all of them. It ended perfectly. Plot would've been ok without that but survived well. Easy & engaging read. Well worth following to the next installment. Her first Kindred
