

Game of Vampires: Winterball (Wicked Fae Games #1) By Donna Berdel **Game of vampirasas 1933** Firstly I'm a bit disappointed that at the end of the book I still don't know anything more about anything - the world what Cassidy is her powers why Sylvie gave her up wtf is with this town who the bad guys are what the goal is why Cassidy just started getting powers now if it's her bloodline wtf Roman is and so many more questions - than I did at the start of the book. **Game of vampiresco** There are way too many instances of I'm just going to go do this dangerous thing (that people have warned me is dangerous) all by myself - she blunders through this book like a bull in a china shop. **PDF Game of vampires 2** She also makes dumb mistakes like growling in frustration while trying to sneak up on a deadly creature (that is literally a thing that happened in this book) that make her seem much younger than 40. **Book Game of vampires book** Cassidy's primary source of info - and so the reader's primary source of info - is a lynx shifter who doesn't know or care much about the world so has very little info to offer Cassidy about much of anything. **EBook Game of vampires season 1** Donna Berdel you are a wonderful writer and I can't wait to read more books in this series! Thank you for the opportunity to read this ARC and give you my most honest opinion. **Game of vampirasas 1933** Is Roman friend or foe? What part does Serenity play? What happens at the ball? Who comes out the victor at the ball? Who lives? Who dies? Game of Vampires: Winterball has all the emotional feelings you could ask for: terror horror pain grief and heartache. **Game of Vampires books** When Cassidy Wright envisioned how her life would change as a newly divorced single mom of 40 learning to navigate a treacherous world filled with monsters and magic wasn't what she had in mind. **Game of Vampires books** Winterball is the beginning of a heart-pounding journey into a new imaginative world of ancient magic and wicked games where suspense and romance intertwine to keep you on the edge of your seat and leave you breathless begging for more. **Book Game of vampires: los** Breene Shannon Mayer and Ilona Andrews won't be able to put this book down! Game of Vampires: Winterball (Wicked Fae Games #1)

Cassidy learns that her mom is not her bio mom and her true bio mom has died up near her cabin in Colorado. **EBook Game of vampires online** I have read many books about fantasy characters (at least I hope they are fantasy) but this one takes a different approach looking forward to the next one to see what happens with Roman and Serenity. **EBook Game of vampires book** Game of Vampires: Winterball (Wicked Fae Games #1) Some of the heroine's inner dialogue was a bit descriptively lengthy and annoying but I can't fault the author for that when I typically complain that I don't know what the heck is going on. **Book Game of vampires free online** And what the heck happened to Owen?! I'll definitely read the next book but hoping the author can pull the story in a bit tighter as she goes along :-). Game of Vampires: Winterball (Wicked Fae Games #1) A thoroughly enjoyable book from Berdel. **Game of vampiresco** Game of Vampires: Winterball (Wicked Fae Games #1) After living all over the world Donna Berdel settled in Myrtle Beach North Carolina where she spends her days writing and her nights reading or binge watching the latest must watch series. **Book Game of vampires free online** As an adult she channels that overactive imagination into stories set in the real world and filled with paranormal entities like werewolves After living all over the world Donna Berdel settled in Myrtle Beach North Carolina where she spends her days writing

and her nights reading or binge watching the latest must watch series.

think this is the first 3 star review I've given here, **Book Game of vampires free** sorta? It just felt a bit fragmented to me not as 'full' as I like my stories to be. **Book Game of vampires vs** The writing was good enough maybe I'd like the other books in the series but to be honest? I'm not gonna buy them or read them. **Book Game of vampires** Things like the main character constantly calling her car 'old reliable' for several of the beginning chapters drove me nuts! Things like that. **Paranormal Game of vampires 1998** Game of Vampires: Winterball (Wicked Fae Games #1) Loved this book this was the first book I have read of Donnas wasn't sure what to expect but it was a nice surprise. **Game of Vampires Urban fantasy free** Don't want to say much more so I don't put in spoilers for future readers: **Paranormal Game of vampires 1998** More descriptions would be nice like I know what Bobbi Lacy and Cleo wore to the ball but not what Cassidy wore: **Game of Vampires epub file** I love the snarky inner voice that gives Cassidy so much attitude. **EPub Game of vampires** The humor makes it all the more enjoyable and it definitely isn't like any other vampire book I have ever read, **Book Game of vampires free** I am thankful to be on the ARC team because I need more of this series: **Game of Vampires epub file** She hates the feeling of wet sand between her toes which is ironic since she loves walking with her husband and dog along the beach: **Paranormal Game of vampires 1998** Her two cats were not amused by her attempts at leash training so now she sleeps with one eye open. **Book Game of vampires online** She once went almost an entire year in elementary school sleeping with a clove of garlic under her pillow just in case vampires were real: **Urban Fantasy Game of vampires vs** She hates the feeling of wet sand between her toes which is ironic since she loves walking with her husband and dog along the beach, **EBook Game of vampires free** Her two cats were not amused by her attempts at leash training so now she sleeps with one eye open: **Book Game of vampires: los** She once went almost an entire year in elementary school sleeping with a clove of garlic under her pillow just in case vampires were real. **EBook Game of vampires** As an adult she channels that overactive imagination into stories set in the real world and filled with paranormal entities like werewolves and the fae: **Book Game of vampires online** She writes sassy heroines who rise to the challenge whether it involves midlife or magic fantastical creatures of all types and slow burn romances that often feature redemption arcs: **Game of Vampires books** Donna will be forever grateful to Mary Stone Publishing for taking her in as a fledgling writer. **Book Game of vampires book** Since that day she's co authored over fifteen crime fiction books with Mary: **Book Game of vampires 1998** Donna is ready to branch out and explore her lifelong love of fantasy and paranormal worlds: **Book Game of vampires 1998** It's just that now some of them will have fangs and wings.
