

Alice in Wonderland By Rod Espinosa **Alice in wonderland zine** It doesn't pull in all of the story so that they can easily hop into the text and get more than they experienced in this one...it's also a fairly good companion piece for the book. **Alice in Wonderland ebookee** 128 It was really good! It's only the second graphic novel I've read and I really enjoyed it! The pictures were beautiful and the story was told really well! 128

Initial reaction: Well this was certainly a charming rendition of Alice in Wonderland. **Alice in wonderland netflix** This stays rather faithful to the original tale.

Lewis Carroll's classic tale Alice in Wonderland is adapted to comics by Rod Espinosa (The Courageous Princess A Christmas Carol: The Night That Changed the Life of Eliza Scrooge). **Alice in wonderland book quotes** Eisner and Ignatz Award-nominated Rod Espinosa adapts one of the most popular tales of all time Lewis Carroll's Alice! Espinosa's influences seem to be equal parts Grimm fairy tales animated Disney films the Wizard of Oz and Japanese manga and the work is meticulously rendered in a seductive palette of brights and shadows. **Alice in wonderland tim burton** —Publishers Weekly Alice in Wonderland Espinosa's work on The Courageous Princess (Antarctic Press) got him on the nomination list for "Promising new talent" and also "Best artist" for the 2000 Ignatz Awards and the 2002 Eisner Award nomination list for "Best Title for Younger Readers". **Alice in wonderland book** He has also written and conceptualized popular Antarctic Press titles Espinosa's work on The Courageous Princess (Antarctic Press) got him on the nomination list for "Promising new talent" and also "Best artist" for the 2000 Ignatz Awards and the 2002 Eisner Award nomination list for "Best Title for Younger Readers". **Alice in wonderland original book** His work is also featured in a series of American History comic books dealing with the subjects of George Washington Benjamin Franklin Lewis and Clark The Boston Tea Party The Alamo Jackie Robinson The Underground Railroad Abraham Lincoln Patrick Henry Cesar Chavez The American Revolution the Transcontinental Railroad and Clara Barton. **Book alice in wonderland 1934** I prefer a little more twist in my Alice adaptations but this a very straightforward rendering that hits most of the high points of Carroll's story while retaining a clean easy-to-understand plot that moves forward quickly. **Alice in wonderland name tags** It might be too straightforward for some readers but it doesn't drag or become a jumbled mess despite many panels that are simply Alice making surprised faces or exclaiming at something or other. **Book alice in wonderland 1934** I don't read a lot of manga and the art isn't the sort I usually dig but Espinosa's style is charming at times: I love the Cheshire Cat and the hedgehogs in the croquet scenes were adorable. **Alice in wonderland website** Overall this variation of Alice in Wonderland didn't do much for me -- too simplistic and drawn in a style that left me meh for the most part -- but I do think that it would be a great way to introduce younger kids to the original story. **Alice in Wonderland ebook reader** Of course if you are like me you sort of enjoy all the twists and turns Alice is forced into so it was a bit too simple but this is perfect for younger readers who have an interest in the whimsical classic. **Alice in wonderland book cover** The tale follows Alice in her journey down the rabbit hole into Wonderland and stays faithful to a number of adaptations of the tale - including the Disney version

among other hinted references. **Alice in wonderlands** I think this is the kind of comic that kids and middle grade readers would certainly enjoy but it's also appropriate for older audiences who just want to revisit the familiar tale. **Alice in wonderland pictures** 5 Stars A cute adaptation of Alice in Wonderland that is more an amalgamation of the various popular versions than anything else Rod Espinosa keeps to the original sense of the tale while making it lighthearted enough for anyone to be able to enjoy. **Alice in wonderlands** While this mostly works some of them are a little off for me (such as the Mad Hatter being a clear caricature of Jay Leno - why?) while others are wildly original and unique (I love his Queen of Hearts!). **Alice in wonderland poster** Although there are some very interesting page layouts I would have liked there to have been less white space on the pages between the panels it was very distracting and interrupted the reading process for myself.

reader** So every time I see a new adaptation or retelling I practically trip all over myself to get it this was no exception. **Who wrote alice in wonderland book** The wonderful thing about Espinosa's adaptation is that it's fairly straightforward and takes the most memorable moments of the book and illustrates them. **Alice in wonderland book cover** I personally love the art style because of its similarity to that of manga art work especially when Alice makes goofy faces. **Who wrote alice in wonderland book** I ended up getting quite a laugh because of the Mad Hatter who looks eerily similar to a very short Jay Leno: **Alice in wonderland book online** The use of color helps to get the feel and mood across and the illustrations are sure to appeal to children/middle grade is a comic book version of Lewis Carroll's Alice in Wonderland, **Alice in wonderland it's about time book** 128 Recommended for younger readers who might be unfamiliar with the story. **Alice in it was a favourite growing up, **Alice in wonderland it's about time book** And also I don't see myself as the demographic for this title: **Alice in wonderland tim burton** Personally Espinosa took some of the famous scenes from the story and hurriedly smushed them together in a fast narrative, **Alice in wonderland it's about time book** Alice barely has a chance to catch her breath before she's already onto something new: **Alice in wonderland mha** Espinosa is relying too heavily on the reader knowing the story, **Alice in wonderland zitate** Some of the character design is interesting if a little over-simplified, **Book alice in wonderland 1934** It doesn't look like Espinosa has bothered to meld his own style: **Alice in wonderlands** Espinosa is treading into too many territories where I have strong opinions on: **Alice in wonderland book pdf** Maybe if this was a retelling of a story I didn't know: **Alice in wonderland usa** Some might say too lighthearted but It is such a great one. Twiddle dum and Twiddle Dee were not in the story. It felt a little rushed.It's a quick read so you can red the story quickly. I guess I needed more from it somehow. I'm glad I did. All opinions expressed here are my own. Cute art style by Rod Espinosa. stuck in my head for at least the next 24 hours.Overall score: 3. The Duchess and her pig are present. The art within the book is the same as the cover. The Mad Hatter looks creepily like Jay Leno. I liked Espinosa's take on the Queen of Hearts. Don't expect it to be an interpretation in any way. I give this graphic novel a 3/5. As a child I loved Alice in Wonderland. It wasn't my favorite. He forgot to add the wonder to his story. And on Alice being incredibly adaptable.The art is 50/50. Scenes are well expressed. But Alice is a poor attempt at a manga style. Ineffective expressionless and distinctly uninspired-fan work. It's just a poor rehashing.I might be overly harsh on this comic. in a style of comic that I didn't read daily. I wouldn't be so annoyed by it. 128 3. The artwork was very beautiful to look at. This then helps to change the mood of the story. This book will be available February 19 2013. 128.
