

Beauty and the Pea (Tadpoles: Fairytale Jumbles) By Hilary Robinson **Beauty and the peaj junior**
The Pea If you're anything like me the first thing you'll probably wonder is how exactly does the story of The Princess and the Pea play a role in Beauty and the Beast? Well basically to break his curse the Beast must be kissed by a Princess not just any kind and loving girl.

. And I enjoyed it immensely. I mean this story was adorable and silly and just funny. Illustrations I did really like the look of this book. The setting is gorgeous the colors pop out. Beast was perhaps my absolute favorite. He was just somehow cuter. The brightness of the story alone is truly breathtaking. All in all not a bad story. But not amazing either.
