

What the Greek Can't Resist (The Untamable Greeks, #2) By Maya Blake I didn't know the hero was going to be a widower who adored his now dead wife who was pregnant and daily lived with the guilt of her and the child's death when there was really nothing he could have done. But two days later he sees her at the funeral of one of his deceased employees and when he learns she was this dead man's wife he is furious and calls her every name in the book. and place blame? They don't see each other for three months until she is left with no other choice but to go talk to HR at her deceased husband's employer because she and his parents had yet to receive their portion of his insurance policy. This is not a story-line I enjoy reading about and I hurt for the heroine who felt she would always be the runner up.

Presto-chango he then automatically knows he has loved her since the first night he met her. A neat storyline with a little twist: Young beautiful innocent virgin meets sexy handsome Alpha Greek and decides to have a one night fling only to discover that he is someone she can't forget. Can Perla consider a future with him knowing he might never be emotionally available? Can their marriage work despite all their baggage? This was an angsty and satisfying read and an emotional roller coaster! English A story filled with passion and sensuality. When the heroine can't access her late husband's pension.

One night to change everything... CEO Arion Pantelides is always in control—but for one night he gave in to oblivion with a stunning stranger. But when Arion offers Perla a chance to prove herself she'll show him she has nothing to hide! Until she discovers she's pregnant with his child... What the Greek Can't Resist (The Untamable Greeks something that she has never done before second place the boobie prize for this man. My gripe is I never knew the ages of the H/h Perla (I just luv her name) to her lipstick to the pomegranate martini she orders at the bar And not forgetting the RED COUCH where Perla and Arion first make love..... Perla and Arion meet one night in a bar where both are trying to fill a void in their lives and within a short time give in to the attraction that they feel for each other. A mourning h meets a heartbroken H and they have a super carnal bang bang night only for the H to realize next day that she is the widow to his recently deceased sleazy employee. Our heroine was blackmailed into a horrible marriage in which the groom informed her of some devastating news on their honeymoon, It was his own fault that he had passed away at such a young age and to top it off he left not a penny for his wife: His mother was permanently disabled in a wheel chair and his father gave up his job to care for her: The four of them lived together but now without a penny they were going to lose their home, It was a few days before the heroine's husband's funeral that she stops for a drink at a nice bar.

And there is a gorgeous man who catches her eye: She ended up spending the night with said man (the hero) and could see the pain in his eyes, Her main concern was not for herself but his parents and the bank was ready to foreclose. When the hero finally understands that the woman he took to his bed that one unforgettable night was a virgin he is shocked stupid and doesn't know how it can be. Actually if I had know the H was widowed and had a great wife I would never have read it, He comes storming back into her life over finding out she is a widow of one of his employees, and a scandal is brewing or is it? A well-written read and an interesting plot from this author kept it from following that same old standard HP book. English Virgin widow but hero didn't realize it while they had one night stand: He hated her when they met again at her thief husband funeral because he thought she had cheated her husband. Then pregnancy.

The hero had grey hair at the sides and how long ago did his wife die as the hero was celibate since wife #1 died, Both H/h are widowed but hero carries a lot of guilt and mourns the loss of both his wife and his unborn child, One night of passion has unexpected consequences so hero proposes marriage but Perla is reluctant, She feels they need to get past the bitterness and deal with the pain before they can move on: a color that is so fitting in this really fabulous romantic tale, From the red-haired heroine.

So that they can have their HEA, in this trilogy of the 3 Pantelides brothers and I loved meeting up with Brianna and Sakis again - fabulous epilogue. English One night stand between a virgin widow and a grieving Greek Tycoon leads to bad feelings when the hero realizes the heroine's identity, Seems her hubby was embezzling from the hero's company to fund his drug-fueled debauched lifestyle while away on business: Hero is also guilty about his wife's death while pregnant with her first child. Yet his passion is quickly matched by fury when Arion—prizing honesty above all else—discovers the woman who came undone in his arms has only recently been widowed...: Perla Lowell's marriage was a painful sham so now—penniless and alone—she refuses to let this dark-hearted Greek intimidate her, As soon as he realizes he loves her which was almost at the very end little more angst and HEA. English Well I think maybe my reading tastes have changed as I just don't enjoy HPs like I used to like them: Maybe I just need to read some more to get back that old enjoyment, The book wasn't bad was a good book but nothing really stood out for me, I'll keep reading more HPs hoping I can find that old pizzazz! English What does the color red signify to you? For me it evokes the image of danger, caution and excitement, I love a good red lipstick, my favorite lip color as a matter of fact: it says kiss me to my husband so I wear it all the time! Well the color red has meaning to the hero and heroine in this book: For Ari the color red is the heroine's hair color and combined with the red of the heroine's lipstick it was an attraction that was off the chart hot: The red lipstick was in my view of the heroine needing to put on a brave front to the outside world it gave a measure of confidence that she desperately needed: Ari and Perla meet on a night when they each needed oblivion: He from the memories and anniversary of his wife and unborn child's death and she from a sham marriage to a recently dead husband, They knew nothing of each others past when they gave in to a sizzling sexual attraction: Red again plays a part in their chemistry for they had sex for the first time on a red couch, Little did they know that 3 days later they would meet up again at the funeral of her husband, Ari could not believe his eye the woman he was searching for is the wife of a past employee who is now dead, Stunned he lashes out and leaves thinking to not see her again, They meet when she goes to his place of business to enquire about a life insurance policy, She needs the money for her in law otherwise the bank will foreclose on their home, As far as attraction goes it is still there and hotter than ever: They make love and Ari attempts to give her money she lashes out at him how dare he offer her money: When the hero asks the heroine what her fav sexual position was and she said doggy style I was like whatttt! in a harley that term is used, (btw the heroine was a virgin that was the only position she could have thought about) there was also the term junk used by the heroine to describe the hero's penis. Never heard that term in a harley before too! All aside I enjoyed this book it had the angsty elements that I love, The hero was alpha which again I love he was also a tortured hero: He had daddy issues and he never came to grips with his deceased wife's death, Normally that particular issue would have been a major deal breaker with me. But the hero showed me by his actions and words that the heroine is his soul. He told the heroine that if people told her his first marriage was the love story of the century then his love story with her would be the love story of the millennium, a virgin who wants "doggy" style the first time that she "does it"!!!!!! And yes this is a Mills & Boon novel!!!!!! Pretty racy I say!! I liked them both..., And I so wanted Perla to stand up to him a bit more. But in the end both will have to overcome their issues which they do the hero offers her a job as an events planner with his company: The rest of the story concerns the H/h's backstories, cameos by the hero's brothers, fancy hotel related stuff and heroine's resistance to the hero's marriage proposal after falling pregnant: It's all standard HP fare with many dollops of sex scenes: Your panties are shredded at my feet and in the next sixty seconds I intend to be deep inside you, 'What the Greek Can't Resist is the story of Perla and Arion. But does this mean that he can forget her luscious red hair or ignore her? Nope, They engage in a sensual forbidden dance which inevitably repeatedly leads to more coitus until a bun in the oven is discovered[1]

#2) Recommended. English This story was just average for me. The hero is drawn to her immediately. It was the anniversary of his wife's and baby's death, yes even the really bad ones. Why

are these alpha-heroes always so quick to judge. It is then he changes his tune about her. WOW.he sure didn't treat her that way.This was fair but it isn't one that I would read again. English A passionate read. A very enjoyable book. Then he gave her a job and made her his mistress.The heroine broke his spell.I give this a very strong 4.5 stars and would rec to my hp loving friends. English Great love story. Also Aris is very tortured. Great dialogue.I really liked this follow-up to the 1st book <https://www.goodreads.com/review/show>.Can't wait for Theo's book. It takes a long time for things to turn around.and here is what gets me. Or it could be the books. I'm not sure. I've only read two recently. I liked this book but I wasn't wowed by it.Who does not love the color red.These two burned up the couch and the floor.This was a ONS that they thought never to be repeated. Ari informs her the policy is null.He offers her a job with his company insteadshe accepts.Wowthis book had me hooked right from the beginning.Their chemistry was sizzling . That's where the red couch comes into the story....they make love on it.....and wow....it is hot and sexy.....and very very adventurous....although I thought Arion was a bit of a sh.....in the beginning. Really offering Perla money after sex.....so not cool. English 'But there is. Perla I'm not a gentleman.Likable traumatized leads SUPER hot sex angst and a nice HEA.Enjoyed it!Safe3.5/5 English
