How about this I ABSOLUTELY LOVED THIS BOOK! I love Mike's character he is witty funny grumpy (at times) and his internal monologue had me laughing out loud at times. **Book Rather Be fishing pole** Many of the creatures we know and love are given a unique twist in this and with this it gave added excitement as we no longer knew what rule applied to our favourite monsters. **EPub Rather Be fishing** Characters: 5/5Plot: 5/5World Building: 4/5Story Flow: 5/5OVERALL SCORE: 5/5 Rather Be Fishing: Tales of a Reluctant Monster Hunter I received a copy of Fishing in exchange for an honest review. **Book Rather Be fishing** Also accompanying (and ribbing) him through many crazy scary adventures is Star the alternative living-dayglow headed-vegan raw food eating-spiritualistic good vibey witch who is very much a no nonsense kind of gal when battling the 'evil nasty's'. **Rather Be Fishing ebookers** For as highly skilled and knowledgeable as he is sometimes even HE can't believe his eyes; cloudy vampire/mummy hybrids a beautiful wolf used as a pawn for dark magic lake monsters that change composition overgrown trolls that don't squat under bridges ghosts that tug at your heartstrings zombies with a bedtime snowmen with attitude flying-grey-alien-dinosaur chupa-whata's a mossy swamp creature who brings offerings to a little old lady. **Rather Be Fishing booking** So damn refreshing!!Her very veery detailed descriptions of a troll had me rolling!! LOLAll too often though Mike's clients are the worst of the bunch manipulating dark forces they don't understand for their own vicious agendas then calling him when they get in over their heads. **Rather be fishing svg** :D Rather Be Fishing: Tales of a Reluctant Monster Hunter This was such a fun read! I really enjoyed it and read it in one day! I liked how the book was separated into different "parts" rather than chapters and each part was dedicated to a new challenge that Mike Sims the monster hunter has to face. **Rather Be Fishing kindle unlimited** It starts with vampires and werewolves and goes through every monstrous creature imaginable and the best part about all this is Mike's invariably sarcastic attitude that lightened up the mood even in the scariest situations. **Rather Be Fishing booker** Books you can immerse yourself into are good but the problem with them is you get immersed in them then have to pull yourself out of them to see about life's little obligations and that gets frustrating. **Rather Be fishingkaki forum** You can read one or two of them pretty quickly go to bed get up and go to work take care of other obligations then come back and read a couple of more all without missing a beat. **Rather Be Fishing booking** It was sort of like being able to watch my favorites episodes on Netflix - I can binge watch when I have the time or I can catch an episode whenever I have the chance. **Rather Be Fishing booking** The first person narrative - calling to mind detective stories - was a little "clunky" because the narrator Mike contradicts himself a lot; while these might be normal thoughts having them all put on paper is a bit too much and could be edited down to have a more forceful impact on the reader. **EBook Rather Be fishing charters** A professional editor could vastly improve the narrative flow Rather Be Fishing: Tales of a Reluctant Monster Hunter I LOVE Creature Features and Rather Be Fishing is a group of interconnected short stories where the main character Mike is hired to kill a monster in each of the nine parts. **Rather Be Fishing booklet** As the stories are all from Mike's point of view the writing style is straight forward and causal but I imagined the words as a voice over sort of like a old detective story.

What you get is comedic tale with very little horror, **Rather Be Fishing epub** Instead of being just a straight novel we get short stories which are cases Mike has taken on, **Book Rather Be fishing license** This makes the book unique and interesting because each case is different and shows us just how out of shape our hunter really is, **Rather Be Fishing ebook** You get Mike's story

and how he became a monster hunter but it's told slowly and evolves organically. **Kindle Rather Be fishing tackle** He's sarcastic sometimes rude and can never find enough time to fish with his dad: **Book Rather Be fishing tackle** He's not the kind of guy you would expect to be chasing monsters yet there he is, **Book Rather Be fishing** As a writer Stanhope has a great skill to make us feel as if the narrator is sometimes unreliable but that's the beauty of Fishing: **Kindle Rather Be fishing pole** It's that novice almost I need to write this book because no one will believe I do this type of vibe, **Paranormal Rather Be fishing rod** Mike admits he's not a writer but he manages to pull us in and make us feel as if we're right there with him: **Rather be fishing wow** The best story here is the one in which he squares off against the zombie, **Rather Be fishingkaki selling** This is where he really shines as a narrator and you can see his humor come to forefront. **Rather Be fishingkaki** He actually calls a guy time and temperature guy and then in his battle with the ghosts you see his frustration and rage at the conclusion of the case. **PDF Rather Be fishing license** Rather Be Fishing was a well written novel and one that would make a great movie or even a television show. **Book Rather Be fishing rod** Well written and a lot of fun to read because it's so well written: **Rather Be fishingkaki forum** It would be easy for a book like this to quickly become boring but it doesn't: **Rather Be Fishing fantasy 5** Mike is a character you like and often forget that he isn't real, **Book Rather Be fishing** When a writer can do that that's pure talent and I hope we get see more of Mike's adventures soon, **Book Rather Be fishing charters** If you're a fan of great well written novels you should pick this one up. **Rather be fishing socks** Rather Be Fishing: Tales of a Reluctant Monster Hunter Love love LOVED this, **Rather Be fishingking** WOW! pole There's a nice little ghost story snow monsters that were not at all what I was expecting and a swamp monster. **Rather Be fishingdreamworld** Books you can put down and come back to with no trouble counterbalance that. **Rather Be Fishing bookworm** The stories are not long or involved but I found the content and pace quite satisfying although one thing I'd really love to know is what the swamp monster's motives were: **Book Rather Be fishing tackle** Another little detail I would've liked was the exact guns Mike and James used but I'm a gun guy and I like to know things like that. **PDF Rather Be fishing tackle** Rather be Fishing is a nice easy going read and I loved it: **Book Rather Be fishing tackle** Rather Be Fishing: Tales of a Reluctant Monster Hunter I wanted to like this book: **Book Rather Be fishing rod** Rather Be Fishing is the story of a monster hunter battling a variety of monsters with an interesting cast of characters. **Rather Be fishingclub pellenberg** The idea of this book is great I think it shows amazing imagination but the writing style didn't work for me, **Rather Be Fishing booklet** I think the humor gets lost in his "oversharing" narrative but I can definitely see what the author was going for: **Rather Be fishingkaki** I really wanted to like Mike as well but ended up thinking he was a judgmental asshole not the "smartass" he describes himself as, **Rather Be Fishing paranormal books** Again I think that comes with having too many of his thoughts for me to read: **Rather Be fishingking** I liked the ideas and the story but the writing just didn't appeal to me, **Rather Be fishingking** Rather Be Fishing: Tales of a Reluctant Monster Hunter I didn't know what to expect judging by the title but it turned out to be a light and easy read funny at times, **Rather Be fishingkaki selling** The author succeeded in creating a unique rather quirky but likeable character Mike the monster exterminator. **PDF Rather Be fishing charters** The whole book consists of nine tales each one is about Mike's different assignment: **Rather be fishing llc** The overall pace is pretty slow there is too much dialogue and the plot is rather straightforward with hardly any twists or turns. **Book Rather Be fishing license** That's why none of the stories held my attention till the end, **Kindle Rather Be fishing rod** Based on the description I expected more action and some startling developments but that's not what I found there: **Rather Be Fishing fantasy baseball** One of my favorite things in these voice overs is how the Stanhope went into some of the mythos about each monster in each story: **Book Rather Be fishing charters** My only negative is the main character had one quality that I found hard to get past which was an arrogant know-it-allness: **Rather Be fishingkaki forum** Other than that Mike has a rather likable salt of the earth vibe, **Rather Be Fishing booking** He is a good person kind to old ladies even when he'd rather be doing something else: **Book Rather Be fishing** Rather Be Fishing: Tales of a Reluctant Monster Hunter

. He was quite believable. His narrative was written in the perfect tone. I hope there are more of Mikes tales to come. Ms Stanhope you have a new fan. That's what this book has. So a little light for me. Stanhope's novel seems pretty straight forward. Monster hunter battles a variety of monsters. What makes this work is of course the title character. again just wow. He loves to go fishing with his dad when conceivable. Most of the time it's inconceivable. He hates tea and definitely wants THAT documented. He still hangs about and offers up assistance advice. a bit of fun natured ribbing. It's

MY kind of humor sarcastic and unfiltered.yeeea.get's him into trouble sometimes. The best thing about how Mrs. Plus he's got a lot of heart. Awwww such boyfriend material.so he can't compromise that dynamic. Maybe one day he hopes. What a BLAST to read so clever so original. Unfortunately he's not able to vanquish humans though.it's all in an exciting aaand exhausting days work. And pay pay is good too. YES both of them they switched off they are capable.as am I. ;)I hope Mike plans on writing more of his memoirs. He's got me hook line and sinker. And Mike's new pet wolf Thor simply won my heart over. Each chapter is it's own story. I really like the author's approach to monsters. Stanhope I cannot thank you enough). I liked her approach to werewolves. The stories here weren't too long. Either way I'm entertained and I don't miss anything. General readers probably don't care. I was given a copy in exchange for a review. Very little unexpected happens so there is no suspense. The text needs editing
