Rarely do I read a paranormal romance I don't like but when I'm so hooked I don't even want to stop to eat or interact with the world that's when I know I've found an AMAZING book. **Book Burning captivation definition** "I should be Gwen the good witch by day and Gwen the henchwoman of the vampires by night?" Gwen having recently discovered her heritage as a witch (see Blessedly Bound the first in this series and a very good read) is plunged into the supernatural world by being sent as an emissary to the vampire Lord Dimitry. **Burning Captivation pdf** "The writing is solid and the pace is good - except sometimes sidetracked into conversations which slowed the pace and added nothing to the story or our understanding of the characters involved. **Burning Captivation paranormal tales** The characters themselves begin well defined - I liked Percy in particular - but as more join the cast they tend to blur just a little and become less substantive as individuals. **Book Burning captivation synonym** Much of the sweet charm and uniqueness that made the first novel so good is lost in this one and the leap from Gwen just coming into her powers to suddenly knowing all about the covens and councils and taking on missions for the witches was too big for me. **Book Burning captivation** Burning Captivation (Elemental Witch Trials #2) The overall impression of this book is it lacks sophistication but that is not too much of a problem if you are targeting a YA audience. **EPub Burning captivation synonym** Gwen meets various people at Council but the relationships seem to go nowhere and this begs the question if their name was omitted would it alter the story? Nikolay dies around the middle of the book do we need to know about his intervention with Willow? In chapter 15 we see Willow ask Nikolay 'can you really make her spare him?' suggesting Paulette has some hold over Willow. **EBook Burning captivation want** Perhaps if Paulette appeared as more significant the reader would care what happened to her but even Greta in chapter 2 refers to Paulette's disappearance as just a cover for Gwen. **PDF Burning captivation agency** Previously in chapter 14 Mitchell had told her that they had been meeting in secret and he wished she could remember but he needed to wipe this from her mind for her own safety. **Paranormal Burning captivation photography** Burning Captivation (Elemental Witch Trials #2) "Don't alter human and vampire relations" is good advice but Gwen the witch already has a magical bond with a vampire! Troubles follow fast exciting and captivating as if Lucretia Stanhope has grasped the thread of this series and shaken it. **Book Burning captivation agency** Burning

Captivation (Elemental Witch Trials #2) I read book one in this series and while that one is really a stand alone this book really sets the scene for the rest of the series. **Book Burning captivation definition** I do have to admit during certain scenes seeings what new gifts Gwen was showing why she didn't use them to just remove herself from a situation she hated and I wasn't quite sure why the witch council was on board with the treatment she was getting as their diplomat. **Burning Captivation pdf reader** There was a preview for book 3 and Ill have to get my hands on it if it's out Burning Captivation (Elemental Witch Trials #2) Lucretia Stanhope is a relentlessly optimistic crone who refuses to let her growing collection of rare illnesses steal her sparkle. **Book Burning captivation synonym** Powered by the support of an amazing husband and family when she isn't cuddling with her rescue chi mixes Thor and Moxie she spends her days in creative pursuits that range from drawing and painting to crochet and writing. **Burning Captivation epubor** Please note genres and content advisories as these novels range from YA friendly to adult only romances and graphic horror with a touc Lucretia Stanhope is a relentlessly optimistic crone who refuses to let her growing collection of rare illnesses steal her sparkle. **Kindle Burning captivation software** Powered by the support of an amazing husband and family when she isn't cuddling with her rescue chi mixes Thor and Moxie she spends her days in creative pursuits that range from drawing and painting to crochet and writing.

one day be used as a weapon. **Book Burning captivation** As we watch Gwen take on the quest to find a missing witch Pauline we see the actual strain she is being put under from her new life, **Burning Captivation booker** Being separated from a true love (Sebastian) would drive anyone insane but Gwen ensures that she remains calm and composed to best protect her new vampire master: **Paranormal Burning captivation synonym** However we do see Gwen's true hopelessness and misery at times when it seems like she and her love Sebastian might never get to be together. **Burning Captivation booker** It is at these times that she appears to crave the familiar comforting presence of a loved one that we all crave when at our wit's end: **Book Burning captivation** This was a beautifully crafted tale of duty and sacrifice that wrapped up nicely toward the end, **Book Burning captivation** Other than Gwen and Dmitry only having known each-other for seven days there was nothing I could find that I disliked about the book, **Book Burning captivation** I would happily rate Burning Captivation as 5 stars and would recommend it to lovers of fantasy vampires and witchcraft. **Book Burning captivation definition** From page one I was drawn in deep into the world the author created unable to tear my eyes away, **Paranormal Burning captivation synonym** It's so well-written so engrossing so interesting that I didn't want to put my kindle down, **Paranormal Burning captivation agency** This is my second read from this series and I have to say I LOVE the author's take on vampires: **Burning Captivation ebook reader** They're ruthless bloodthirsty savage creatures who react impulsively demand respect and feed on humans without care. **Burning Captivation fantasy baseball** They are properly dark and drink blood with a hierarchy and chain of command that proves how complicated the relationships between witches familiars watchers vamps etc, **Book Burning captivation** Fascinating take on paranormal creatures and society that builds from the first book and leaves you wanting more. **Paranormal Burning captivation definition** She's feisty and temperamental sweet and at times vulnerable strong and independent and she tries to always do the right thing. **Burning Captivation fantasy map** Her struggles to find her way in the world and resolve to remain true to herself as well as help the human race are admirable. **Book Burning captivation definition** She's constantly tested in every way and it only makes her a stronger heroine, **Burning Captivation paranormal tales** Suffice it to say this is a MUST READ for fans of supernatural paranormal vampires magic and witches and romance: **Paranormal Burning captivation photography** 5 outstanding stars!!!Characters: 5/5Plot: 5/5Word Building: 5/5Story Flow: 5/5Picky Bitches OVERALL SCORE: 5/5 Burning Captivation (Elemental Witch Trials #2) More Supernatural Shenanigans. **Paranormal Burning captivation definition** In fact she is not there in that role alone her purpose is to uncover the mysterious disappearance of her predecessor Paulette, **Kindle Burning captivation synonym** but she must first submit herself to the might of the vampire lords and avoid becoming a victim of them herself: **Book Burning captivation** This book introduces us to the complex supernatural societies in this world something barely touched on in the previous book. **Paranormal Burning captivation definition** It opens onto an oppressive and sexually charged world with dangerous diplomatic games being played, **Book Burning captivation photography** Inevitably dominance and power are the ends sought by most of those involved in them. **Burning Captivation kindle** So what prevented me totally enjoying this book? I have to admit that whilst I really enjoyed Blessedly Bound I struggled a bit with this book. **Burning Captivation book** It didn't feel like a sequel in fact it sometimes felt almost like about a different character. **Paranormal Burning captivation definition** I didn't like all the 'subjugation' stuff with Gwen being treated pretty much like some kind of sexual submissive, **Burning Captivation kindle app** It felt to me that there needed to be a book in the middle exploring that transition and introducing all these different groups and factions. **Book Burning captivation software** If you are a fan of the supernatural romance genre in the school of Twilight and Vampire Diaries this is going to be a book to check out. **Book Burning captivation want** But do read Blessedly Bound first if you can or one or two key events and relationships in this book won't make full sense to you: **Paranormal Burning captivation photography** The bones of the story are there and I understand what the writer is trying to do but I feel it falls short, **Burning Captivation epub** The story is told in the 3rd person mainly from

Gwen's perspective: **Book Burning captivation** Dmitry is sinister demanding and controlling and as a villain he has a significant presence: **Burning Captivation paranormal tales** He does not like to be challenged or contradicted and in this area Gwen tests his patience: **Book Burning captivation dance** The nature and threat of Dmitry's enemy is more obscure it is hinted at but only really given a name towards the end of the book: **Burning Captivation book** In chapter 18 Mikhail smells another royal vampire on Gwen and this reinforces the idea that she is also at risk, **Burning Captivation paranormal tales** Dmitry appears to have a challenger and Gwen is his weapon of defence. **Paranormal Burning captivation definition** The twin driver of the story is Paulette's disappearance yet we seem to be given very few clues or suspects, **Burning Captivation bookworm** This gives a motive for the killing and demonstrates Gwen's ability to see but still does not reinforce any of the characters significance in the story: **Paranormal Burning captivation photography** Mikhail and Mitchell seem interchangeable despite one being a vampire and the other a witch: **Paranormal Burning captivation synonym** Both exude a fondness for Gwen but Mitchell's appears more ambivalent and less consistent: **Paranormal Burning captivation synonym** There is a change in narrator in chapter 17 where Mitchell wonders 'if she somehow remembered something from yesterday or if the trusting feeling he implanted hadn't worked: **Burning Captivation kindle cloud** ' This is a strong basis from which to suggest all is not what it seems. **Burning Captivation book** We do not see any romantic connection or affection between them and the reader is told it has previously existed: **Paranormal Burning captivation synonym** The feelings therefore do not ring true and as a character this makes him difficult to define. **Book Burning captivation** If we had proof of Mitchell's feelings and he then betrays Gwen it would be more dramatic, **Book Burning captivation want** The feelings do not need to be true they just need to deceive the reader long enough to draw them in. **Book Burning captivation want** As a vampire he finds human emotions strange and you can see this in the way he questions Gwen. **Book Burning captivation software** There is almost an affection banter in the way he calls her boss a recognition of her status if not her superiority. **Book Burning captivation** The final battle shows Gwen's power and ends the threat to Dmitry's authority and is a fitting conclusion to the book having already established Paulette's demise: **Burning Captivation booking** This is an easy straightforward read but would make more of an impression on the reader with less narration and more revelation. **Book Burning captivation** We get deeper into witchcraft and the supernatural creatures like Sebastian, **Fantasy Burning captivation photography** We learn more about Gwen's gifts and she becomes coveted by some pretty dark creatures: **EPub Burning captivation agency** The murder mystery aspect of the first book is still there in this one but you also have vampire and witch politics. **Book Burning captivation photography** Sometimes I was sitting there shaking my head just wanting to scream BURN BABY BURN: **Book Burning captivation agency** Alas that would have ruined the plot for later books and obviously Dmitri has other plans for Gwen: **Book Burning captivation synonym** I hope in later books he does eventually get his at her hands and she stands up to him: **Paranormal Burning captivation synonym** She prefers to think of herself as medically fascinating as opposed to disabled. **PDF Burning captivation dance** Seriously half of these diseases sound less realistic than her most fanciful novels. **Book Burning captivation software** This is the landing page for all the pen names that include solo and collaborative novels, **Book Burning captivation synonym** She prefers to think of herself as medically fascinating as opposed to disabled, **Burning Captivation fantasy football** Seriously half of these diseases sound less realistic than her most fanciful novels. **Paranormal Burning captivation photography** This is the landing page for all the pen names that include solo and collaborative novels: **Burning Captivation pdfiller** Please note genres and content advisories as these novels range from YA friendly to adult only romances and graphic horror with a touch of everything in between. Captivation is a grim and diabolical ride. Her spirit rising after each indignity and atrocity. So I admit I am conflicted on where I stand. In the end I have to throw in with 3.5 stars and round up to 4. The grim-dark atmosphere may be just what you are after. Witches can be evil too. Gwen seemed a lot more strongly written in this second book. She doesn't cower or give up. Percy is

particularly interesting. truly are. I have to say I just adore Gwen. So many surprises in this book but I won't spoil them. "I am with those monsters at your behest. I just want to go home and knit with normal people. 3.5 stars rounded up. More concerning is the lack of depth and development. We discover she is a witch with valuable magical powers. One is there to train and the other protect. Mikhail in this sense is a better character. Yet out of loyalty to Dimitry he must protect her. Book one was interesting; this one is a five-star winner. {site_link}.
