Kindle Edition In Gwen's latest adventure it seems that things are looking up when she meets a handsome young witch on her vacation one who is seemingly enamored with her. **PDF Fateful attractions lyon** When she figures out that the connections between the murders involve her Gwen is faced once again with Fannie in a new battle that not only endangers her but the lives of everyone she loves. **Fateful attractions crossword** When the bodies of all the men she formerly loved start to show up minus their hearts at gruesome crime scenes he becomes a real ally in helping her solve the mystery of who is behind the carnage. **Fateful attractions share** Though I had a history of the past books I was confused for some of it as there are a lot of characters to manage and three of the frequently present ones have names starting with S. **Fateful attractions pdf download** There is mystery intrigue magic murders and so much more! A well earned 5/5 stars! Kindle Edition I am really enjoying this series where Gwen continues to fight outside forces who are trying to determine her fate. **Fateful attractions book review** Kindle Edition Don't start the series with this book...start at Book 1 An unaware trinket store owner is threatened by an ominous vampire to not only woo a witch but impregnate her. **EBook Fateful attractions new** On to chapter two...Much like the shopkeeper as a reader I was ambushed and actually found myself rooting for the would-be dead-beat-dad not to mention being thoroughly disgusted by the match making vampire. **Fateful attractions class** She's going to see through this right? No one is THAT stupid right? Well...As such I identified with the confused entrepreneur as the story unfolded because Gwen was just too daft. **Fateful Attractions ebookers** Other characters dropped in and out of the story so casually I questioned who was what and why the heck is everyone in the story so in love with this cake-eating witch? Does she glamour everyone with her sugar coated pouty lips? And while we're on the subject of Gwen why is she so upset when her boyfriend the Sheriff is seen eating with another woman at a café? She's been hanging on and smooching the store owner in front of the boyfriend only hours after cuddling with him on the lawn! (See hypothesis about casting a love spell above. **Fateful attractions crossword** Ergh enough with her...When the corpses of people Gwen had previous relationships with start showing up around town despite being a 'witch of great power' she turns to Sebastian (another romantic interest) and with doughy eyes pouts "What do we do now?" or something similarly cliché. **Ebook fateful attractions pdf** This Gwen character obviously watches too many Lifetime television movies and has trouble thinking for herself—perhaps this is why the

vampire is pulling the strings? What did I do? I took a much needed break from this book and researched it online. **Fateful attractions book review** After reading the reviews for the first two books in the series I think I might have had a different perspective than most on this one but since this was where I started it'll probably be where I end,

.I'm never disappointed with this series or this author. HIGHLY RECOMMENDED. This one is almost

nonstop action love and betrayal. Kindle Edition I love Gwen's journey. In fact which made them more lifelike and relatable. The plot was great and had a good mystery going. Beneath the surface however things are not as they seem. Gruesome murders to solve. A love triangle. Supernatural forces. A dark family history. I should have loved it. Characters redeem themselves. Heroic acts are committed. -Lewis and Yardley are very intriguing characters. Yardley being my favorite. -A necessary character death-Gwen's dark family history. -Ambition on the part of the author. I saw nine books in the series. There may be more. (What are you Yardley?!? I demand to know.) What I didn't like: -Much ado about Gwen. Her interests were coffee cake knitting and worrying. -Dmitry. I don't understand him or his motives. Maybe I would if I read more books in the series. -The first 70% of the book felt slow to me. I have questions and I need answers. Ms. So many intriguing concepts! Good twists and surprises too. Very well done. onto part four. Highly recommended. Ok. You have my attention. That fanged fanatic cannot be serious. High five vampire. I know what you're wondering. The writing is great for the most part. After that I stopped trying so hard. Yep. My husband now thinks I'm crazy. I'm not sure Gwen is a girl I can root for. Not now
