

Dysfunctional (Trilogy of Dr. Matilda Schmidt #1) By Cynthia St. Aubin **5 traits of a dysfunctional team book** Making her a shrink and adding in paranormal characters in need of shrinking just makes the adventures all the more zany! Think Stephanie Plum hijinks and fun but smarter sassier and with her life plotted out in neat boxes.

5 traits of a dysfunctional team book

Matilda is the best type of heroine: quirky witty slightly self-deprecating and doesn't take shit from men. **Adult children of dysfunctional families book** I follow Cynthia on FB and her posts there are just as entertaining. Love it! Now on to buy all the rest on the series. Dysfunctional (Trilogy of Dr. Matilda Schmidt #1)
