. The suspense is killing me. Too much!!! In such a good way. I hope book 4 comes out soon. A great series and I look forward to reading about Dane. Avery Phillips Love or hate. The story continues. Who will the heroine choose. Ends with a cliff hanger. Hope the next book comes out soon. Dane just grates on my nerves. I think he is using Lynn to make Simon mad. He's devastated at what she did with Dane. Simon's mom interferes and some secrets are told. The ending is upsetting and I hope it ends okay. It started out to be a good read
