

Tea Leaf: What Hides Beneath By Mia Mitns **Tea Leaf paranormal lockdown** If you aren't looking for a complex fantasy story then absolutely give this book a shot! Fantasy Paranormal Science Fiction What would you do if you found out that your neighbors could be aliens? But are they really? They look and act human. **Book Tea leafy** I am super surprised in a good way that this is Mia Mitns debut novel! It is very refreshing that Tea Leaf revolves around fantasy and a bit of sci-fi which I don't find very often. **Easy leaf tea book** What does Sciecor do that is so secretive? Will it put Cinnia and her friends in danger? And what about the handsome new neighbor? This is the first book of Mia Mitns that I have read. **Tea leafx gutter** © 2015 Microsoft Terms Privacy & cookies Developers English (United States) Fantasy Paranormal Science Fiction Ok so it took me so long to finally read and finish this book only because I felt like it didn't hold my attention all that much. **EPub Tea leafy** Cinnia and Brann see some green flickering in Kasen's house and it turns out that he and some of Sciecor are experimenting on aliens!! Called Adsai they are an alien life force that look talk and feel like real humans intent on ending a war with the evil Xadsai and their leader Austin. **Best leafy green tea** Read the rest of the review in my book website PoetryBooksYA here Fantasy Paranormal Science Fiction *I received a free digital version from Xpresso Book Tours in exchange for an honest review. **Book Tea leaf filter** It was about aliens (who are captured by scientists to be studied) and science (as they study them and get technical) and how the aliens fight each other (because there's different species and it's good vs evil all over again) and get humans involved (since one falls in love with a human and is her protector as she is the chosen one). **Fantasy Tea leafly** The dialogue was at times choppy and disjointed not at all something I could picture actually happening or being said and the way the story was written made the entire book seem like it was a step by step retelling and not something to be immersed in. **Book Tea leafeon** Kasen claims to be this nice sweet guy who is all good and no evil who loves humans however he plays Cinnia by flirting with one of her best friends and pretending to be his brother only to get angry at her. **Easy leaf tea book** He watches her constantly without her knowledge and even slips into her house at night and touches her (hugs holding sleeping caressing her face) while she's asleep! It's downright stalkerish and creepy yet she never finds out and ends up loving him. **Best tea leaf reading book** Why would he act that way if he's such a nice guy? I get it he's an alien who craves love and he's loved her for a long time but that is no excuse to blatantly disregard her personal space and invade her privacy without her knowledge. **Book Tea leafly** But a lot of things started happening such as Cinnia getting attached by one of the fellow aliens they were studying (he claimed to be forced to do what he did) which really made me question Zarion since he did something similar got her Cinnia the job. **Tea leaf cafe** She was an okay character but as I mentioned I couldn't connect with any of them or immerse myself into their lives and so the characters seem like cold hard facts from a textbook that I need to remember but end up with hardly any information retained. **Best tea leaf reading book** The seriousness of the plot line was constantly offset by the wacky flirtations and joking of Cinnia the main character and her tightly-knit group of best friends who have a penchant for finding alien love interests. **Tea Leaf ebooks online** Does she have what it takes to stop the violence and restore harmony to our planet? Yvonne Fantasy Paranormal Science Fiction Things Are Not What They Seem Cinnia dreamed of working for Sciecor. **Book Tea leaf filter** Mia Mitns penned a novel that originated in a dream and was encouragingly interesting while allowing my imagination to broaden even further and fulfilled my love of reading people and their interactions.

Everyone in this book keeps you on your toes. Cinnia has dreamed of working for Sciecor. It was a great escape from reality though. It's scifi romance and thriller all in one. The fight for good or bad between aliens on earth. I was definitely not disappointed. I look forward to reading more from this author.*This story was interestingly written. It was pretty simple and was an easy read. The author did a good job writing the story. That being said it wasn't a story for me. Overall the author did a great job writing the story. Cianna and her group of friends are hilarious at times. All of the characters add so much to the story. I received a gift copy in exchange for an honest review. Read and reviewed for Kylie's Fiction Addiction. I enjoyed the mix. That includes her best friends. I am looking forward to reading more by her. I loved this book and the characters within. Thank you Mia for a good read. And it was essentially. But not in the way I expected. 2.5/5 stars This book was alright. It was all fairly dramatic but well told. I have many issues with this book however. Also characters confused me at time with their actions. That doesn't make sense to me. That brings me to Zarion. Sorta. His character just didn't make sense to me. Lastly Cinnia. There's not much to be said about her. Fantasy Paranormal

Science Fiction Free book for honest review. [juliebookreviewblogspot](#). This book was both incredibly amusing and creepy. The chapter had me laughing out loud at 2 a.m. waking up everyone else in the house. She finally interviews with them and it looks great. Then she is there at their table. This taxes their friendship and threatens their peace. A new neighbor moves in with a hidden agenda. Friendships change. Magic may not only belong to fairy tales. And we may not be alone. She lives in Texas with her plants. [{site_link}](#).
