Intrigue a journey of self-discovery shipwrecks pirates coastal history a love triangle; my first read by Erika Marks was a delicious treat! I was immediately drawn into the book because of the coastal North Carolina settings and my own fascination with pirates and shipwrecks as a child growing up on the Crystal Coast of NC. **Lost treasure list** I highly recommend this book and cannot wait to read all of Erika's backlist! Thanks to the author I won a copy of this book and this was my unsolicited and honest review. **Lost treasure hunt krch 2014** Liv dreams of being a diver excavating sunken treasures but her asthma and mentally ill father handicap her dreams and leave her unsure about who she is or what she was meant to do. **The last treasure lotro location** com Date Read: 09/02/16 Pub Date: 08/02/16 5 STARS As students with a shared passion for shipwrecks Liv Sam and Whit formed a close bond searching for the mysterious Patriot a schooner that disappeared off the Carolina Coast in 1812 with Aaron Burr's daughter Theodosia aboard. **The last treasurek key** But when a diary of Theodosia's is discovered in a collector's estate she is pulled back to the world of the Patriot this time with startling new clues to what might have really happened. **What is the latest treasure found** But when she and Whit reunite with Sam for one last salvage in North Carolina's Outer Banks buried romantic tensions begin to resurface and once again Liv must choose between two men with very different hearts. **The lost legacy treasures** Who doesn't love a story involving the ocean and treasure hunters? I was lucky enough to win this off a fabulous author's Facebook giveaway (thanks Kerry!) and knew between the cover and the blurb that I'd found a fantastic summer read. **The last treasurej james** I had just finished a heavy dark story at the beach and was craving something to cleanse the palate and make me want to get out of bed again; this was perfect! The romance thing is growing on me (although you'll never see me pick up one of those books with a cowboy and pregnant bride on the cover) and I thoroughly enjoyed this little love triangle (another thing I typically despise). **PDF The Last treasure island** The book

almost has a feel of being split into two plots; on one hand we have Liv and her modern day life and on the other we have the mystery surrounding the disappearance of Theodosia Burr (pet name Theo) and the trio's obsession to find out the truth regarding such. **The last treasurej john** We would flip back and forth between present day and past trying to piece together why Liv and Sam broke up and what drew her and Whit together and along the way had pieces of Theo's story thrown in as well. **Treasure that is still lost** I'm one of the millions of people obsessed with all things Hamilton at the moment and this book includes a fictionalized account of Aaron Burr's duel with Alexander Hamilton and what happened to his family following such trauma. **The lost treasure golf** I grew attached to these characters and was sad to see them go once the story was over; I still am thinking of them from time to time 4 days after finishing the novel. **Last treasure truck** The whole book just flowed exceptionally well and drew me in so much so that I immediately checked my library upon finishing for more of her books! Highly recommended to lovers of southern fiction/women's fiction/historical fiction mixed with romance (not the graphic or cheesy kind)! Truly adored this book and can't wait to read more from Ms. **PDF The Last treasurer** Nice Cover!Erika Marks returns following *It Comes in Waves* (2014) and *The Guest House* (2013) with *THE LAST TREASURE* from the legends of shipwrecks of North Carolina a novel of three lives entangled in the secrets of the sea and the enduring bonds of love. **The last treasure hunt** Based on the real-life story of the mysterious Patriot — a schooner that disappeared off the Carolina coast in 1813 with Aaron Burr's daughter Theodosia aboard — *The Last Treasure* brings together three students with a passion for shipwrecks who embark on one last salvage mission. **The lost treasure borderlands 2** But when a diary of Theodosia's is discovered in the attic of a North Carolina beach house Liv is pulled back into the world of the Patriot and the love triangle that will cause her to choose once and for all between two men with very different hearts. **Lost treasure books** The Last Treasure The last time I read one of Erika Marks's books I had just driven by many of the locales in her book (*It Comes in Waves*) and was in North and South Carolina while I read – which heightened my reading experience. **The last treasure hunt** " Indeed for this reader she can certainly claim success! I'm ready to get out on a boat and search for treasure... except bodies of water and boats are few and far between in my patch of dusty earth.

Recommended to fans of the author and contemporary fiction. It was a perfect weekend read. The characters were amazingly realistic. Liv decides to leave with Sam to go read the diary. Liv dated Sam first but Whit was always around. Some chapters could also get a little boring. Both Sam and Whit though are very stereotypical. An enjoyable summer read. After sleeping on it I am adding a star. But in reality it was Liv that kept them bonded. Deep and thought provoking.com/last-treasure. From romance mystery history and intrigue. Full review to come later. And the trio of Liv Sam and Whit . Fabulous. The Last Treasure.
