

The Di Sione Secret Baby (The Billionaire's Legacy #2) By Maya Blake

## The Di Sione Secret babymetal

He'll have no choice but to make his enticing thief his queen! Book 2 of The Billionaire's Legacy The Di Sione Secret Baby (The Billionaire's Legacy #2)

This is the second book in The Billionaire's Legacy series and the first book I have read from this author and it won't be the last wow MS Blake sure knows how to write an Alpha hero and I loved him I am partial to Sheikhs. **The Di Sione Secret babymetal** Allegra Di Sione who runs the Di Sione foundation is sent on a mission by her grandfather to find one of his lost mistresses something that means a lot to her beloved grandfather and she is determined to retrieve it no matter what and how ever she can and this lands her in Dar-Aman with Sheikh Rahim Al-Hadi a powerful man that Allegra cannot help being drawn to but she has many reservations about his ruling ways though and this sets them on a very rocky journey. **The Di Sione Secret babyupload 1** Sheikh Rahim has been working very hard to change things around in his country after everything had been left neglected for many years he has lived the life of a playboy and now needs his reputation to be set straight and get on with running his country and Allegra is just the person to help if he can convince her of the truth of what he is doing but there is such a spark between them and Rahim has been hurt by love before and is determined that he will never love as his father did. **The Di Sione Secret babyology furniture** This is a fabulous story of strength love and power Rahim is such an alpha and Allegra is strong and determined and when one night of passion leaves Allegra carrying the heir to a kingdom this starts a very sensual and up hill battle to a very moving HEA. **The Di Sione Secret babyrage** There are miss conceptions secrets locked away by both Allegra and Rahim that need to be overcome and when they are wow this one had me turning the pages and smiling and I highly recommend it. **The Di Sione Secret babymed** Charity CEO Allegra Di Sione can't fail in her mission to retrieve her grandfather's beloved box from Sheikh Rahim Al-Hadi which is why she gets caught in Rahim's sumptuous bedroom trying to steal it! Seducing the gorgeous sheikh is her only chance at escape! But when Allegra slips away the next morning she's unaware she now carries something infinitely more precious—and that when Rahim finds out berates him for being a terrible ruler goes to bed with him steals the box and doesn't tell him about the secret baby. **The Di Sione Secret babymonster** I understand this is the second book of this story and usually books like these can be read as a standalone but I really felt that I was missing some important details to the plot. **The Di Sione Secret babymer** Why he waits till he's 98 is one mystery but why the grandchildren feel the need to retrieve these expensive baubles - regardless of the morality - is never satisfactorily answered. **The Di Sione Secret babyran** 224 Quick Summary: Very touching and wonderfully sweet Rating: 4/5 Recommend: Yes Audience: Adult Status: Contemporary 224 Allegra Di Sione is tasked by her dying grandfather to retrieve an antique box that he long ago gave to the ruler of Dar-Aman which means it is probably now in the hands of current ruler Sheikh Rahim Al-Hadi. **The Di Sione Secret babymother** Instead she flubs her attempts by continually criticizing Rahim and the way he rules his country and must resort to sneaking into his room to steal it! When he catches her they end up having a night of passion so she can hide her motives. **The Di Sione Secret babyology**

**furniture** Considering that the Sexy line is not my favourite and that I'm generally not a fan of Sheikh stories three stars is pretty impressive from me! To be honest I'm troubled by this genre's tendency to not have progressed the romantic notion of a Sheikh beyond Arabian Nights reducing them to no more than another fantasy man slightly more exotic than the norm. **The Di Sione Secret babyouse** It's much more complex than that and it's difficult for me to lose myself in a fantasy that the world too often shows us is far different than the reality! Politics aside I enjoyed the story. **The Di Sione Secret babymaid** The antagonism between Rahim and Allegra is justified because it is not based on ridiculous pre-conceived notions on behalf of the Hero (as it is too often in this line) but because of the actions of the heroine. **The Di Sione Secret babymoon** In fact it's Allegra who's all Judgy McJudgy pants in this story! They're both haunted by the deaths of their parents and the fears generated by these losses blocks their path to happiness. **The Di Sione Secret babyxprod** I thought this played out slightly ridiculously - I can barely remember anything from before I was six yet Allegra has a seemingly photographic memory about the rows her parents had and her father's drinking. **The Di Sione Secret babymaid** To be honest I think that sort of thing would be far from the realm of understanding for any six year old! I was pleased by the lack of blackmail-sex and thought the relationship was believably dramatic even if the emotional conflicts were overplayed at times. **The Di Sione Secret babymaid** The premise of the book was good it just could have had more information and more depth so that the story felt more like a stand-alone than a sequel to something I'd missed: **The Di Sione Secret babyxprod** Maybe because it was the second book in a series? Hard to say, **The Di Sione Secret babyun** As his dying wish the grandfather has all of his grandchildren on the hunt for some precious objects: **The Di Sione Secret babymaid** Why he wants them is never explained and the heroine doesn't ask. **The Di Sione Secret babymoov** Instead she goes to the Arab kingdom of the hero.

## The Di Sione Secret babyxprod

But sometimes you just need to be clear and state Three weeks later, **The Di Sione Secret babyxprod** Unfortunately I probably won't be finishing this series to find out why the grandfather wanted all these precious things back. **The Di Sione Secret babyproofing** 224 ARC provided by Netgalley and Harlequin for an honest review: **The Di Sione Secret babymoon** This story began as though I started in the middle of a book and the first half was missing. **The Di Sione Secret babymonster** Allegra is asked by her grandfather (who is ill and dying) to retrieve a box that has special meaning to him. **The Di Sione Secret babyq invitations** Years ago it was sold to man who has since died and now his son is in possession of the box: **The Di Sione Secret babymaid** Allegra runs a Charity and uses it as leverage/cover to meet with Sheikh Rahim.

## The Di Sione Secret babymetal

This antique box can be my wedding gift to you. **The Di Sione Secret babyna** Then they marry and the heroine threatens to leave him if he doesn't spend more time with her: **The Di Sione Secret babyxprod** The hero is afraid she will die in childbirth which is why he has kept his distance: **The Di Sione Secret babymonster** She jumped to a lot of conclusions - about the country's economy the hero having a harem and the hero's true feelings. **The Di Sione Secret babymetal** She was judgmental and never gave the hero time to process anything: **The Di Sione Secret babyos** The hero seemed too gullible to last long in Middle-Eastern politics. **The Di Sione Secret babyvies** Maybe the heroine will turn into Lady MacBeth and give him more of a backbone - oh yeah. **The Di Sione Secret babyvue** 224 \*\*\*\*ARC provided by Harlequin via NetGalley in exchange for an honest review. **The Di Sione Secret babymaid** Allegra's grandfather is dying and is requested that she find a box for him. **The Di Sione Secret babymaid** Unfortunately her grandfather sold the box years ago to a sheik for his wife and he's tried to get it back over the years, **The Di Sione Secret**

**babymaid** The sheik has since passed and the box is now in the possession of his son Rahim: **The Di Sione Secret babyx** I thought there would be some point in finding the box but once Allegra was able to return it to her grandfather nothing was really mentioned about it: **The Di Sione Secret babyun** I had to re-read paragraphs over to understand what was going on and what was going on, **The Di Sione Secret babyrus** Towards the end of the book on their wedding night the next paragraph shows Rahim was off constructing a racetrack and away from Allegra, **The Di Sione Secret babyveil** I had to read that section a few times before I realized it was three weeks after the wedding night: **The Di Sione Secret babyrage** We have Allegra doing whatever is needed to retrieve the box stealing it pretty much. **The Di Sione Secret babyneeds** The story felt like some paragraphs were missing at times and we went from one scene to the next with no understanding of what transpired, **The Di Sione Secret babymonster** I normally enjoy Maya Blake's books but this one was missing something and written in a manner that had missing pieces to the story, **The Di Sione Secret babymonster** 224 Not the smoothest of reads it seemed like I read this same story last night with only the names of the characters changed, **The Di Sione Secret babymother** 224 This is the second book in The Billionaire's Legacy series: **The Di Sione Secret babymonster** I have enjoyed both books and look forward to reading the next book in this series. **The Di Sione Secret babyneeds newborn** He wants to find some items that he calls his lost mistresses before he died, **The Di Sione Secret babypips forex** The little box is owned by Sheikh Rahim Al-Hadi a powerful man who lives in a palace: **The Di Sione Secret babypips** She runs the Di Sione foundation and he thinks she can help him with some issues: **The Di Sione Secret babymaker** She has fought for woman's rights and is respected for the work she has done. **The Di Sione Secret babymer** The first time the two met the sparks sizzled and the attraction was instant. **The Di Sione Secret babywa** This book has a fairy tale feel to it making it a fun book. **The Di Sione Secret babyxprod** It also had parts of the story that pulled at my heart strings: **The Di Sione Secret babyxprod** Rahim lost his mother when she was in labor having his baby brother: **The Di Sione Secret babymer** Rahim is so afraid that something will happen to Allegra and his son: **The Di Sione Secret babyxprod** You will have to read to see how or if he got passed his fear: **The Di Sione Secret babyology** Some very good bits in this story but marred by unsympathetic heroine - judgemental self important and an unrepentant thief: **The Di Sione Secret babyunt** Treated the hero badly so it was difficult to be sympathetic when he was a jerk. **The Di Sione Secret babyupload 1** I think the whole series suffers because of unimaginative premise. **The Di Sione Secret babymaid** Dying grandfather asks his 7 grandchildren to retrieve precious items which have a sentimental value to him. **The Di Sione Secret babyxprod** She lies there on false pretenses to do with her women's rights charity in order to try and get the box back: **The Di Sione Secret babymonster** However she finds out she's pregnant! Of course Rahim soon follows her home: **The Di Sione Secret babyonline** 224 Allegra's grandfather the man who ultimately raised her is dying: **The Di Sione Secret babymer** His dying wish is to have a jewel box that he sold in a moment of weakness, **The Di Sione Secret babyna** But the man who purchased it bought it for his late wife as a gift and refuses to sell the box, **The Di Sione Secret babyquaza** Now the man is dead and Allegra has been tasked with retrieving the box from the son. **The Di Sione Secret babyxprod** But when confusion about her non-profit results in some arguments with Rahim the son Allegra resorts to stealing the box. **The Di Sione Secret babyxprod** What happens next is not quite what either of them expected. **The Di Sione Secret babyuitzet** It felt like I'd jumped into the middle of the plot and missed some things: **The Di Sione Secret babyxprod** There were so many places that more detail or more development could have been added to make it a richer story: **The Di Sione Secret babymoon** I realize that the Presents books aren't always a deep story but this could have been so much more. **The Di Sione Secret babymetal** Overall it was a nice story but I feel like I missed something when reading it: **The Di Sione Secret babyquip** I'm just not sure if the author caught my interest enough for me to read the other books that are a part of this story, **The Di Sione Secret babymer** I received this book free of charge from NetGalley in exchange for my honest review. 224 I didn't understand anyone's motivations in this. This was not the smoothest read. Allegra will do

anything for her grandfather. The hero takes all of this in his stride. HEA. I really didn't like the heroine in this one. And she was a thief. Not a good look. That didn't turn out so well.\*\*\*Typical rich heiress meets royal sheik. Parts of the book were a bit unclear. I'm all for subtle who is in possession of said box. Allegra becoming pregnant and running away. Rahim pursues her and his child. Both books were standalones. Allegra Di Sione would do anything for her grandfather. The treasures are items he once owned but had to sell. Now he wants them back. He asks Allegra to go to Dar-Aman to get it for him. Rahim is happy that Allegra has come to visit. He has no idea the real reason for her visit. Both mom and baby passed away. great book. 224 Unlikeable heroine. However I did like him. Next day she takes the box and scurries back home. I had a hard time with this book. 224.
