She took an unplanned hiatus from writing when she went to Vanderbilt Law School and all of her brain power got consumed by cases statutes exams and partying like only grad students in Nashville can. She loves urban fantasy To hear about new releases and get a free short story not available anywhere else sign up for Amie's mailing list here: {site_link} Amie was born and raised in the Salt Lake Valley. She took an unplanned hiatus from writing when she went to Vanderbilt Law School and all of her brain power got consumed by cases statutes exams and partying like only grad students in Nashville can. She spends her days living the law life and her nights writing when she's not hitting downtown Nashville to check out live music or inflict her singing on the crowds at karaoke bars, She started making up stories before she could read and would act them out with her dolls and stuffed animals. She started actually writing them down in college just decided to do it one day and couldn't stop: She graduated and picked her writing back up as soon as her brain limped back in after the bar exam: She started making up stories before she could read and would act them out with her dolls and stuffed animals. She started actually writing them down in college just decided to do it one day and couldn't stop. She graduated and picked her writing back up as soon as her brain limped back in after the bar exam, She loves urban fantasy and is obsessed with the theory of alternate realities: Whether or not she travels to them in the flesh or just in her mind is up for debate: {site_link}

A faked suicide a summoned demon and a seriously sassafras flying carpet. Psychic FBI agent Ariana Ryder gets called out of a date to investigate a hanging but it's a clear case of suicide: When Grant turns out to be right and there's more going on he and Ariana rush to find the culprits: But with the paranormal nothin' is what it seems and a psychic girl's got to watch her back because there's a demon out there looking for a mate, She's spunky smart and way too young for her job not that that stops a girl ready to learn. So grab a cup and cozy up to silly psychic Ariana Ryder: The premise of this book was interesting-FBI has a division to deal with supernatural beings and occurrences, However what followed was a bizarre and disconnected story that aside from lack of direction simply was not interesting nor did it make any real sense. I had to sit there and shake my head afterwards trying to figure it out: Amie Gibbons Spot onMs Gibbons does it again with another one of her short tales. dating sure ain't easy for a young psychic these days. Try tellin' that to her boss Grant though. and Ariana fits his profile. Psychic Seeks (The SDF Paranormal Mysteries #0.5)A disappointing book that held much potential. I couldn't. Its rivitating and well done. A spectacular tale ending with a much needed break. A spectacular job of her. Amie Gibbons.
