## **Book The Boss's Nine-Month negotiation**

This book had a little of everything: Cold uncaring parents A brother in a coma A shady deal which requires marriage to resolve A strong but tender h whose heart is sure to be demolished An macho-as-hell alpha male H who doesn't understand the word "tender" Amnesia - the h of course Marriage during amnesia - shady as "f"! Recovered memory that leads to hell on earth for the HOops I almost forgot pregnancy I enjoyed the hell out of this book. **The Boss's Nine-Month Negotiation booking** In saying that this book was almost impossible to put down I only bought it a few hours ago and I've already devoured it! About the book - SOME SPOILERS AHEAD - Sienna and Emiliano have been lovers for around a year. **The Boss's Nine-Month Negotiation booking** They have a huge argument Sienna runs off and slides on the icy road ending up in a coma and when she eventually wakes up pero da un giro cuando apenas después de haberse separado de un héroe de mierda (frío e insensible que se hace el importante) pierde la memoria. **Thriller The Boss's Nine-Month negotiation meaning** She has an accident later on has partial amnesia (this one was believable only couple of weeks blocking out troubled part) hero finds out she's pregnant (actually hero finally finds heroine who has made sure she stays away from the scumbag gets married and works toward their HEA. **The Boss's Nine-Month Negotiation contemporary dance** What we had was string of misunderstandings which could have been avoided hero wanted to avoid it but the parents insisted on continuing because him being happy is pure selfish whereas them being happy and living a luxurious life is their right. **The Boss's Nine-Month Negotiation booklet** Even when the hero fixed everything his mum's reaction was - but you wouldn't HAVE to FIX it THIS way if you just married the OW instead of the love of your life and be happy and WE could have been happy instead of you. **PDF The Boss's Nine-Month negotiation** Hero's father goes further fully knowing about the head trauma and asks her if she trapped him and made him marry her by getting pregnant and was that why he went back on his word meaning not marrying the OW which in real life was NEVER the case. **Book The Boss's Nine-Month negotiation** English 4 Stars! I love a good romance with the amnesia trope thrown in The Boss's Nine-Month Negotiation also had the added treat of an unexpected pregnancy as well so this was a story I did not struggle to read. **Book The Boss's Nine-Month negotiation** When your memories return I hope you will give me a chance to offer up my better qualities and plead my case on any faults you find... I really enjoyed Maya's writing although initially you would assume that Sienna is the vulnerable of the two what with being pregnant and to a man she doesn't fully remember it is actually Emiliano who is the one that you end up seeing more vulnerability from as their story progresses. **The Boss's Nine-Month Negotiation books** I liked them both as characters and I loved the way the amnesia gave the reader a chance to see the other side of Emiliano because for all his alpha-demandingness there was also a sweet and considerate guy to be seen as well especially in the latter stages of the story. **The Boss's Nine-Month Negotiation epub's air** English The passion she could never forget... When fiercely independent Sienna Newman's memory is lost she's transported back to those blissful nights with her ex-boss

powerful Argentinean Emiliano Castillo! And with the news of her pregnancy sending shock waves through them both she tentatively accepts Emiliano's invitation to his luxurious private island... When Emiliano realizes Sienna has no idea how they were torn apart he knows it's a race against time to secure his claim on his child—and Sienna!—before her memories return: The plot then centers around an increasingly desperate & besotted Emiliano trying to shelter Sienna from the truth, **The Boss's Nine-Month Negotiation** **booking** I adored the epilogue with Emiliano's brother Matias (who had woken up from his coma and recovered). **The Boss's Nine-Month Negotiation** **booklet** I'm very hopeful we'll eventually see Matias' story - maybe this year? English Why didn't the H just communicate with her for crying out loud. **Book The Boss's Nine-Month negotiation** **strategies** All he had to say was my parents are trying to force this OW down my throat but I don't want to and I am trying to find a way out of it, **Book The Boss's Nine-Month negotiation** **techniques** But no he doesn't call her and then he is so cryptic I wanted to throw something at him, **The Boss's Nine-Month Negotiation contemporary** I did love the story but I just hated the whole premise of it, **The Boss's Nine-Month Negotiation kindle paperwhite** There was another book this month with amnesia and pregnancy too which I liked but enough already. **Book The Boss's Nine-Month negotiation meaning** She also had morals and wouldn't be his piece on the side, **The Boss's Nine-Month Negotiation ebook** There has to be one right? ### **Book The Boss Nine-Month negotiation definition**

Así que cero seriedad. Detesto.The big problems-the storytelling. It felt forced. Very much like reading a newspaper. I never felt a connection to the romance as a result.the heroine. She was annoying. A cold feminist. So focused on career. Why? She wasn't mentioning marriage. The feminist who really wasn't. Not a fan. I like more traditional heroines. That told me she was really slutty prior. A big NO for me. So I stopped reading. Heroine finds out about his engagement and leaves him. After an accident she loses her memory.I loved both Sienna and Emiliano. It kept me enthralled. Emiliano knows what this means. She falls and hits her head. Emiliano regretted how things ended and wants her back. He sees this as a chance to right some wrongs. English I really enjoyed this story. The two had been in a relationship for a year. She could feel him pulling away from her. He then took a trip to see his parents. I really didn't care for his parents at all. After that everything went bad. Sienna found out Emiliano is engaged to marry someone else. You could tell he really did love her. It turned out to be a really sweet love story. English 4. Lucky me. But overall good book. This one is a safe read.Hero was actually really ok.Hero kept on saying in no uncertain terms i. am. not. marrying. the. OW. He really wanted her back. Hell the brother and the OW deserved THEIR HEAs.The parents should really have died in a yacht accident.I'm all yours...Si... you are
