A disappointing tale with little to recommend it. This one has the Eleventh Doctor with Amy and Rory. This added enjoyment to the stories. This narrator didn't do that and read it straightforward. The only positive aspect of this book is the message. Too bad it wasn't in a likable story. This one was meh ok but not great. It is read by Alexander Armstrong. It's like the perfect match. I hope to read them all one day. Just so many smiles to hang with my old friends. Overall 2018 -- Great read. Mark Morris.
