I'm feeling generous w 2.5 stars. Pretty slow. The last quarter picked up quite a bit. Very entertaining. Unfortunately she finds Jill dead. I quite enjoyed it. I didn't pick the ending so that's always a good sign. That would be my only criticism. Cooper must act fast before more lives are lost. Highly recommended. I recommend this book. 3.I love Coop & Quin and have since book 1. Character building seemed to have dissapeared. Also the first half was very slow
