

Mountain Bear (Return to Bear Creek, #2) By Harmony Raines **Mountain bernese dog rescue** I thought Caroline and Carter were great together and I thought it made their connection even better that Caroline hadn't seen any of Carter's movies so she wasn't a fan so she liked Carter for the person he actually is and not just the movie star Carter Eden. **Mountain Bear kindle cloud** I found it funny how Caroline thought that Carter was basically blowing his own horn when he said that as soon as people hear that he's back in civilisation the press will come knocking.
