Troubled and competitive. As always Catherine Lee creates real characters. It's a mystery to me why this is number 4.5 (and not #5). By no means it's only half a book. It's a novel that could easily be a stand-alone. I've grown fond of Cooper and Quinn. Dark Paradise (A Cooper Quinn Mystery #4.5) Australian author of fast paced mostly clean crime fiction. There's a million-dollar prize on offer. From the beginning Cooper and Quinn find the case challenging. No-one seems to have liked the dead contestant very much. Too simple. Great cover though. Kindle Edition Definitely an interesting little murder mystery. Overall a nice little mystery. Was it cast or crew .I received an ebook of this novel directly from the author
