Can we take a moment to admire the fact the Tessa Bailey will forever have my heart hooked with her writing no matter what. **Book follow my leader** I actually really enjoyed the pace of their relationship and it was very well written so I never questioned the fact that they were falling for each other in such a short time frame. **Book follow the money** Will and Teresa were adorable together for the most part but when things started to heat up it took this book to a whole other level and made for an even more interesting story. **Book following job in the bible** This the filthiest book I've ever read by Tessa Bailey and that is saying something! Follow has just become my top favorite novel by this amazing author (and it's very hard to say this when I absolutely love everything she writes. **Follow button tiktok** I did feel like the amount of sex had this bordering on being classified (at least by me) as erotica -- but some people love that! I think even with as hot as it was (and I'm talking HOT!) I wanted a little bit more depth with the characters. **Followed by kerosene uk** Safety: This one should be Safe for most safety gang readers- Does Not have cheating- Does Not have a descriptive sex scene with OW/OM- Does have both the h and H pushing away- Does have a very short (part of a day?) separation between the h and H- Does Not have abuse by mcs- Does Not have OTT sad parts- Does have a HEA ending 9

New York Times Bestselling author Tessa Bailey can solve all problems except for her own.
