Heart of Stone (The Stone #1) OMG! What a book!!!! My review will not do this book justice and I apologize in advance!! I FLOVED this book!! I have read 50 shades and loved it and this book was as sexual as that but to me this was 50 shades on steroids! The best part is this is book 1!!!!Alexander Stone is a sexy God like alpha male who is a billionaire real estate tycoon!! Sign me up please!! And to boot he has a masters degree in psychology!! So not only is he amazing in bed he's bossy and he can figure out what makes you tick!!!!This cat and mouse story is fast paced and so sexually charged!! He likes to be in control of every aspect of his life and believes he is until a chance meeting with one Krystina Cole and it knocks him for a loop because he can't figure her out so therefore he's not in control. **Heart of stone trailer** I loved everything about this book!! The characters were amazing! Alexander is such

an ass but oh my gosh he is a God!! Krys puts him in his place more than once and it drives him nuts and it's part of what makes this book so electrically charged!! Heart of stone book series paperback where to buy

This book is it. I like the smooth pace. The writer maintained an easy storyline of unrequited love. Romance. Hot and steamy sex scenes. Intense conversations and heart wrenching decisions. The writer didn't put mundane dialogue or drama. She kept the storyline focused around Alexander and Krystina. Having did the research.

I was very surprised to how engulfed I was to this. Dakota Willink- you are a goddess of BDSM. Been there done that. He wasn't supposed to be there when I fell. I had my surprises and shocks along with laughs. Dakota Willink I feel has a promising career in writing. Congrats Dakota Willink. Awesome read!!! Can't wait for the next book. I really enjoyed this story. I did struggle some with the trust issue. Otherwise I actually loved this couple. They were like my jam. I found both of these with Krystina and Alexander. That right there...more jam. Shh. Don't tell anyone. Alexander however I did not care for. Heart of Stone (The Stone #1) Soooo. Reading this book was rather difficult for me. I'm sure for someone not biased this was a great book. Alex was all alpha and hot and what not. Krystina was okay. Annoying at times but otherwise okay. I personally did not enjoy it. Everything was moving so fast. I didn't understand why Krystina told Alex what she did. I didn't understand Alex's sudden change of heart. There was no logic behind it and no emotional connection. Heart of Stone (The Stone #1).
