

Thorn in Her Side (The Princess School, #7) By Jane B. Mason Jane has lived in the midwest and on both coasts but appears to have settled in Oakland California and writes almost every day at either a friends dining room table or a little studio in her back yard where she has a purple loveseat a whole lotta books and an odd selection of trinkets she has unwittingly been collecting since she was a child. Jane has lived in the midwest and on both coasts but appears to have settled in Oakland California and writes almost every day at either a friend's dining room table or a little studio in her back yard where she has a purple loveseat a whole lotta books and an odd selection of trinkets she has unwittingly been collecting since she was a child. The main plot is Briar Rose thinks this fairy called Nettle is an awesome actor: See where I'm going with this? So it comes as no surprise that he's the bad fairy at Rose's birth and that he's come to cast a curse on her, The only twist is that he wouldn't be such a bad guy if her parents hadn't been overprotective even then and didn't want him and his stinging Nettle self around their baby, Meanwhile Rapunzel is getting sick.

This was another book that my (now 6 year old) daughter and I read together as a bedtime book: We both decided it was not what we were expecting but we both enjoyed it: I think it is probably targeted at children who are closer to the 8 year old range, Mason I remember these!!! I read them in like 3rd grade!!!! They were actually very good then: An acting troupe comes to town and the school puts on a play: All the parts with the exception of one are played by the princesses. But it's rather heavy-handed girl power but only while she's on stage, Even when Rapunzel herself catches on she doesn't seek help or advice: And the two princes have all but disappeared in this book and the last. The book advertises another book in the series Slippery Steps and it would've been about time for them to get back to Cinderella. But apparently Scholastic canceled its publication at the last minute: Which really blows my mind because I read one of those Rainbow Fairy books (Trixie the Halloween Fairy) and those are crap: So a disappointing end to a series that somewhat managed to hold my attention. Mason This is a (very slow) classical story about fathers and daughters. In this story Snow White tries to cure her returned father of the amnesietic curse Maladora cast on him. Can she keep from getting stung? Nobody is surprised when Rose lands the part of Princess Perfecta in the school play: At first Rose bristles at once again being cast as perfect but soon she throws herself into her role--especially her scenes opposite Nettle who plays the Scary Fairy. Everyone else is wary of sour little Nettle but Rose is impressed. Nettle is a brilliant actor who always stays in character--even offstage he gives Rose withering looks and acts like he'd really like to curse her: It's almost as if Nettle actually is an evil fairy with a special grudge against Rose. She has written books for kids of all ages under many names and on many subjects among them ghosts Jedi detective duos princesses twins mean girls and slam books, She has written books for kids of all ages under many names and on many subjects among them ghosts Jedi detective duos princesses twins mean girls and slam books[1]

It seems like to me. But that's not the reason the book is just sort of blah. He's playing the role of the Scary Fairy in the play. And is perfect for the part. And seems to always be in character. Jane B. Jane B. Mason Sad to say I think these books went downhill. There was something lacking in this one. Now it's a very feminist play for a world of fairy tales. The prince ends up getting rescued by his princess. Jee I wonder why that could be. I mean seriously. And nobody in the acting troupe catches on. Another princess ends up taking her place. Brava. Way to overcome obstacles. All in all the most blah of all the books. Though I still hold #3 as the worst. And yet there's billions of them. Same publisher. At least now I can move on to other books. Jane B. Jane B. Mason Briar Rose is in a prickly predicament. Thorn in Her Side (The Princess School #7)

Jane B. Mason grew up in a large family in northern Minnesota. Jane B. Mason grew up in a large family in northern Minnesota. {site\_link}.
