B) Why did he not think of that sooner? C) Did you not have a first officer? Seriously they're grown men (presumably) so if they can't take care of themselves at this point what makes you think you're going to help them? You don't even know where they are or if they're alive. **Apple-y Ever afterend** The worst bit is that he's abandoning his daughter who's living with barely competent guardians let's be frank and is still under threat from the witch of a woman you apparently married for Snow's sake?
