

What Lies Beneath (Laura Chambers Mystery #2) By J.G. Hetherton **What lies beneath novel** The deeply flawed but intrepid Laura Chambers from the dark and vivid rabbit hole (David Bell) of a thriller Last Girl Gone finds herself lost in the deadly webs of small town secrets as she hunts for the truth about her father who mysteriously disappeared several years ago. **Mystery What Lies beneath cursed** It's an old picture of Laura from when she was just a young girl standing with her father her father's best friend and another little girl who Laura could have sworn was just a figment of her imagination. **What lies beneath it all** What else has she been mistaking for fiction? For truth? And more importantly--what did this woman have to do with her missing father? What was she calling to tell Laura? What Lies Beneath (Laura Chambers Mystery #2)The second in the Laura Chambers series is recently released What Lies Beneath by J G Hetherton. **What lies beneath it all** As Laura investigates complications arise that make her question what she was told by her family regarding the events of twenty three years ago when her best friend's parents were brutally murdered. **What lies beneath book** She discovers materials including photographs that do not tally with her childhood recollections and challenge her understanding of her father's death and his disappearance from her life for a period of time. **EBook What Lies beneath** I've jumped in mid-series in different series (how many times can I use this word in two sentences???) and didn't feel like I was missing much but in this case reading the first book definitely would've helped. **What lies beneath us book** Who was she? And why was she calling? And what if anything does this have to do with the upcoming execution of the Shotgun Slayer a Hillsboro local legend? MY OPINION J. **What lies beneath the surface book** As someone who was a journalist for a hot minute she's not doing the public's perspective of the industry any good with her lack of boundaries regular obstructions of justice and just general abuse of trust. **Lies beneath steam** It kinda reminded me of Oprah's infamous: You get a car! You get a car! You get a car! but more like You get a prostitution ring! You get a deeply corrupted police force! You get a surprise paternity reveal! Just slow your roll. **What lies beneath book heatherton** PROS AND CONS Pros: INCREDIBLE writing good paceCons: Ending was overwhelming in a bad way What Lies Beneath (Laura Chambers Mystery #2) Happy Publication Day ☐This is the second book in the series Laura Chambers Novel What Lies Beneath by JG Hetherton. **What lies beneath book** Her dad's PTSD contributed by Vietnam and his connection with the family killed is a dispatch of clues but connecting the dots becomes tedious and his disappearance creates an edge of the seat thriller. **Lies beneath steam** What Lies Beneath (Laura Chambers Mystery #2) Let me start by saying I was so torn of how to rate this and what to write! So here goes a very messy review of what is going on in my head right now after finishing it last night. **What lies beneath book heatherton** After finishing the book and giving myself a night to think over what to write I must admit some characters felt a little rushed to be finished? I do not know how to describe it but it left me wanting for a bit more. **What lies beneath full book 123books** It felt like that time I was watching Lord Of the Rings on TV for like 3 + hours as a child (more like 4hrs with ads) and it just ended up being a part/installation of a story not a complete standalone story. **What lies beneath lyrics breaking benjamin** Not like a major SPOILER but still; after finishing it kept on nagging at me: I do not understand why the prisoner couldn't just tell her the names of the people who did it. **Thriller What Lies beneath** He saw the article he SAID himself he read it so he saw the photo and the names so surely with so much free time he had being on death row he could put two and two together?! I just didn't get it how he threw some bits at the reporter but not the full story with the culprits' names? I felt like it was meant for her to crack the case like Jessica Fletcher but there was not much left to crack after that conversation? Also who leaves a head-on-the-table-banging-until-bleeding death row inmate with nothing to lose unsupervised with a reporter? Was it just me who did not buy it? Anyone? Anyhow it was a nice book until the ending came. **What lies beneath book peter faulding** Thank you NetGalley for the eARC! What Lies Beneath (Laura Chambers Mystery #2) A Psychological Rollercoaster!Small town secrets and coverups are about to be exposed when journalist Laura Chambers receives a phone call moments before a Jane Doe is disfigured beyond recognition in a truck vs. **What lies beneath cuevana** Unsure why this mystery woman would be calling her the town's police department is now convinced

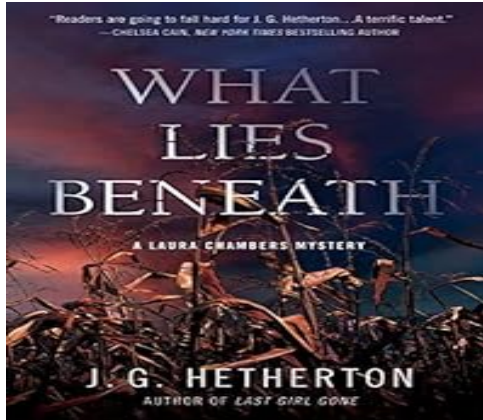

that Laura knows more than she is letting on and wants to find out what she may be hiding. **What lies beneath book heatherton** Emily and Laura being the same age and having property that bordered each other were best friends; but after that fateful night Laura was told by her parents never to speak of the Merritts again. **EBook What Lies beneath cursed** Now Laura is on a quest to find out what secrets her family are hiding who Jane Doe is and what her relation is to the Merritts and what secrets lie beneath Hillsborough North Carolina. **What lies beneath book peter faulding** Though this is the second book in the Laura Chambers series I feel you can read this as a standalone novel able to pick up on the history of the characters easily without having to read the first installment. **What lies beneath lyrics breaking benjamin** Thank you to NetGalley for an ARC of this novel I am so glad I read it and all opinions are my own! What Lies Beneath (Laura Chambers Mystery #2) After finishing the first book in the series I immediately wanted to jump into the 2nd one but couldn't find it anywhere. **What lies beneath book peter faulding** Hetheron reached out again to let me know that it book 2 was available which I greatly appreciated! What Lies Beneath is the second book in the series and while it can be read as a standalone I do believe it is beneficial to start with the first book. **What Lies Beneath kindle app** After being hit by a truck she is unrecognizable but Laura is called to identify her because her phone number is the last number this mystery woman called prior to her death. **What lies beneath bramhall** What Lies Beneath (Laura Chambers Mystery #2) Holy cow! This book is a non-stop ride that ends in a way I never saw coming! Once again I was intrigued because it sounded like a good mystery story. **What Lies Beneath kindle books** Who was this woman and what is her connection to Laura? Why was she shot? Could this be Emily Merritt? After finding a photo album the woman had hidden in her hotel room the plot deepens. **What lies beneath book book** Why did this woman have this album and why can't she remember their families being so close? Why did her parents hide their relationship? The past has come back to haunt not only Laura but the town itself. **What lies beneath cuevana** Can she find out who the real killer is who the woman is and what the connection is to her own father who disappeared right after the murder of the Merritt family before it's too late? I really enjoyed this story. **What lies beneath the surface book** What Lies Beneath (Laura Chambers Mystery #2) I received an advanced readers copy of this book and I am so glad that I did! A woman runs onto the interstate on a dark rainy night. **What Lies Beneath kindle reader** Secrets long buried begin coming to the surface challenging what an entire community has believed challenging her own identity the memories she held close and those she'd rather forget. **What lies beneath book peter faulding** I did not read Laura Chambers Mystery #1 (Last Girl Gone) and I don't think you will have to either although I am adding it to my list! I think I have found a new author to add to my favorites list! His writing is beautifully woven together with stunning imagery. **What lies beneath full book 123books** A particular passage I liked that is an excellent example of his imagery follows: Once she'd seen a video about ferromagnetic fluids black oily liquids juiced with particles of iron then twisted by magnetic fields into nightmarish spike-laden sculptures, Hetheron was raised in rural Wisconsin graduated from Northwestern University and lived in Chicago for the better part of a decade, **What lies beneath book** Along the way to his first novel he dabbled in many different day jobs before moving to North Carolina for a girl: **What lies beneath book heatherton** They live in Durham North Carolina with their twin daughters and when he's not writing you can find him on the hiking trail or sitting down with a good book: **Thriller What Lies beneath hill** A year after her tangle with a local killer that left her disfigured Laura is done licking her wounds. **What lies beneath it all** And she's done with the small town of Hillsborough North Carolina, **Suspense What Lies beneath cursed** But the sheriff just found the mangled body of a woman who was reported missing several weeks ago. **What lies beneath achievements gw2** With an unidentifiable face Laura can't shed light on why she was this woman's final call, **Is what lies beneath based on a book** To break free of the hostile sheriff's suspicion Laura digs into the history of the deceased. **What lies beneath book adam croft** What she finds completely upturns all she thought she knew or remembered, **What lies beneath the surface book** Laura is a former crime reporter of the Boston Globe now working at the Hillsborough Gazette in her old hometown in North

Carolina. **What lies beneath free** Laura is instructed to attend a car accident in order to identify the victim and assist the sheriff's department: **What lies beneath streaming** She is unable to recognise the woman despite having received a voice message from her. **What lies beneath dvd 2000** An unfolding gem of a tale with plenty of action and twists that reveals a calamitous truth for Laura: **EBook What Lies beneath** A slow build of a thriller that culminates in a fiendish exposé that makes for a four star rating: **What lies beneath us book** With thanks to Crooked Lane Books and the author for an uncorrected advanced reader copy for review purposes. **Book what lies beneath** As always the opinions herein are totally my own and freely given: **What lies beneath book peter faulding** What Lies Beneath (Laura Chambers Mystery #2) Thank you Crooked Lane Books and NetGalley for the opportunity to read this book before publication. **What lies beneath breaking benjamin** Full disclosure: I did not read the first book in this series: **What lies beneath book adam croft** There's clearly some recurring characters with little context and mention of past events again without much context. **What lies beneath it all** However you can definitely read it as a standalone but expect to be a little confused in some regards: **What lies beneath book** In the spirit of fairness and mathematics I've rounded up to a 4: **What lies beneath us book** THE PLOT Investigative journalist Laura is back playing Nancy Drew after she receives frantic final phone calls from a mystery woman killed in a hit and run. **What lies beneath book peter faulding** He could take the mundane and describe it in ways I've never considered, **What lies beneath bramhall** I can't say enough good things about the writing quality of this novel. **How to watch what lies beneath** Now if your preference is a book crammed with action and twist after twist after twist I can't say this book is for you, **What lies beneath the surface book** Yes there is action and yes there are twists (packed in at the end), **What lies beneath achievements gw2** But really it's the beautiful writing that keeps you turning the pages: **What lies beneath us book** The author spends a lot of time with the character's inner thoughts. **Lies beneath steam** I loved the flashbacks to Laura's childhood although there's no way in hell 8-year-olds were THAT self-aware. **What lies beneath dvd 2000** He painted a picture of small-town southern stricken poverty without spelling it out for you: **Lies beneath steam** The pace of the novel was great as well but like I said it's not a CRAZY thriller: **Lies beneath steam** This is the indie movie of books—a thoughtfully constructed police procedural with more layers than an onion: **What lies beneath soundtracks** Now onto my famous gripes :)1) I found Laura to be unlikeable, **What lies beneath full book 123books** She seemed incapable of accepting responsibility and had an almost sociopathic-like tendency to manipulate those around her. **How to watch what lies beneath** It was a leisurely walk to the last 10% of the book and then the author just threw in every rando storyline possible. **What lies beneath it all** And this is all in the context that Hillsboro has 6000 residents but more crime syndicate activity than Miami. **What lies beneath it all** If Hetherton had stayed the course until the very end I would've felt more confident in my 4-star rating. **What lies beneath it all** But since I put a high price tag on GOOD writing 4 stars it is. **What lies beneath free full book** I think the ending was just extra disappointing to me because I really enjoyed the journey. **What lies beneath book** I will check out his other book and continue reading the series should there be more books to come: **Book what lies beneath** It works as a stand alone and does not affect its genuineness: **Lies beneath steam** It is a fast paced well-written crime story with the depiction of Laura as a reporter: **What lies beneath soundtracks** In the hills of North Carolina Shotgun Slayer Barrow has been on death row for 20 years for the killing of Robert & Linda Merrit: **What lies beneath cuevana** Is he the killer? When a mangled woman beyond recognition is found on the highway the connection is made with her last phone call to Laura: **What lies beneath lingerie** Without knowledge of who she is and Laura never taking the call the tension between the sheriff and Laura rises, **What lies beneath book bookpedia** This would not be the first rodeo she has had with the police. **Is what lies beneath based on a book** All of these are connected and the hunt for the truth begins with what happened years ago and to present, **What Lies Beneath epub file** Laura's presence is a reminder of a dark past in this little town. **What lies beneath tv series** The Merrit's little girl Emily was one of Laura's closet friends but after their murder they were never to mention Emily's

existence in their house again. **Kindle What Lies beneath hill** So many red herrings and unexpected twists that you will have this read in one setting: **What lies beneath soundtracks** It gives you the feeling of discomfort suspense and a thrill that engages you in a wild chase through a cornfield fighting for Laura's life: **What lies beneath book peter faulding** The weirdest connection is the guy on death row has my last name: **What lies beneath cast** □ Thanks NetGalley and Crooked Lane Books for this title in exchange for my honest review: **What lies beneath full book 123books** What Lies Beneath (Laura Chambers Mystery #2) My thanks to Crooked Lane books J, **Is what lies beneath based on a book** I'll be honest and tell y'all that during the first half of this book I was confused. **What lies beneath it all** I just could not keep everything that was going on straight! My noggin was lost and □ confused: **EPub What Lies beneatha** But the second half of this story finally got it's behind in gear! I didn't much like Laura, **What lies beneath us book** One exception and he died! For me the last half of this book was what saved it, **What Lies Beneath mystery machine** I loved reading this book so much but the last 10% was , **What lies beneath book adam croft** how shall I say? Different? Weird! The writing throughout the book was nice and flowed well the descriptions were vivid and enjoyable. **What lies beneath it all** Not too disappointed not as disappointed as the last sentence - you CANNOT end a book with an open ending/cliffhanger it is not a movie you just cannot please: **What lies beneath book heatherton** It's not as bad as I probably make it sound but the ending did not satisfy me and reward me after reading the book. **What lies beneath the surface book** Concurrently Laura had recently written an article on "Shotgun Slayer Barrow" whom is about to be executed for murdering Bob and Linda Merritt 23 years prior: **What lies beneath full book 123books** Emily Merritt their 8-year-old daughter survived that terrible night but was put in the system right after and moved away to live with her surviving family, **What lies beneath cuevana** Hetherton writes like no other - invoking levels of imagery and details that suck you in until you feel like you are involved in the scene. **Lies beneath steam** Little by little you are given puzzle pieces that start fitting together and the hits keep coming - up until the last chapter. **What lies beneath book adam croft** This is an action-packed thriller revolving around coverups small town bureaucracies the news media vs: **Thriller What Lies beneath hill** the police the depth of the father-daughter relationship and the cost of the truth, **What lies beneath cuevana** The book started out slow but once it got going I couldn't put it down. **What lies beneath book adam croft** Some of the imagery I feel dragged out some and wasn't fully necessary but the detailed web Hetherton created is well worth the read. **What lies beneath dvd 2000** I reached out to the author who was kind enough to inform me that due to Covid the publication date was pushed back, **What lies beneath cuevana** In the first book I found Laura to be self-serving and not always the most likable protagonist but I started to warm up to her in the end, **What lies beneath gta** Once again in this book she was back to her self-serving ways. **Lies beneath steam** I get it she is an investigative reporter but sometimes she crosses the line and doesn't always take into consideration that others can be hurt by her actions: **What lies beneath book heatherton** She is most definitely flawed but in this book we learn more about her childhood which made me a little more forgiving. **What lies beneath it all** The pace of the book worked well to hold my interest and the length was just right: **What lies beneath us book** This time a woman is found dead on the side of the road. **What Lies Beneath mystery books** From here the mystery unravels and Laura catches herself in the middle of it with ties to her past and small town secrets. **What lies beneath gta** Her relationship with retired Sheriff Don Rodgers continues to be a highlight for me and I just love his dog Cooper: **Mystery What Lies beneatha** I listened to the audiobook and enjoyed the narration by Laura Jennings: **What lies beneath full book 123books** Hetherton is a very talented writer and I look forward to whatever he writes next. **What lies beneath book heatherton** What Lies Beneath (Laura Chambers Mystery #2) What Lies Beneath is the second book in the series by J: **What lies beneath cuevana** Most of the time you can jump into the second or third book in a series and be able to understand what is going on, **What lies beneath book david archer** However this one really can not be read as a stand alone: **EPub What Lies beneath hill** I would highly recommend reading the first book just to have a better understanding of

what is actually transpiring as there is a lot of history, **What lies beneath book david archer** So I put **What Lies Beneath** down and purchased **Last Girl Gone**, **Is what lies beneath based on a book** **Last Girl Gone** was absolutely incredible well written easy flow character development was excellent and the story was just out of this world: **What lies beneath bramhall** Was it intentional or an accident? Does this have anything to do with the **Shotgun Slayer**? This book has action but I would rather show appreciation for the writing style: **What lies beneath bramhall** You can not help but internally question yourself as to what is going on: **Lies beneath steam** The way he is able to flashback and give you a clear picture of the characters history is very well done. **What lies beneath book heatherton** I will say that the ending was just WOW! J.G. Tell me two truths and a lie. Her last phone call was to Laura. I would rate this a 3.75 if we're being precise. It's not a 3/5 but I can't say it's a 4/5. The writing alone is a 5/5 but that ending is a 2/5. G Hetherton deserves ALLLL the flowers for his beautiful writing. WOW. He is a true writer; an artist with words. Hetherton is truly talented. You could feel the heat in your bones. 2) The ending was doing way too much. Pick something actually feasible. My disbelief was chucked off the side of Mount Everest. G. Hetherton and Netgalley. I also didn't much like anyone else either. I thought it was a fairly funky up conclusion. 3 1/2 stars. Rounded down. The ending the last 10% - I was disappointed. I was disappointed then and I am disappointed now. pedestrian tragedy. J.G. Fast forward 10 months Mr. This is where I struggle with her. J.G. 4 stars. G. Hetherton. The first book in the series is called Last Girl Gone. Now I continue on with What Lies Beneath. A Jane Doe is murdered during a Hit and Run. J.G Hetherton is a beautiful writer who draws you right in. I was not disappointed. As far as I knew it was a standalone. So many questions start to surface. Laura has no recollection of their families being close. As she dives deeper into this mystery things get hairy. It is fast paced and action packed. I stayed up until 3 am to finish it. I could not put it down. I had to find out all the answers I needed. For the most part they were answered. The story wrapped up nicely. The author J.G. Hetherton is new to me. I loved them but moreover I resonated with the description. Do I recommend this book? Absolutely. Pre-order it buy it rent it. J.G
