{site\_link} This was a good read. Cadence and Fitz are two very different people. Yet they can't stay away from each other. Super well written new adult romance. Just me? Oh. Lol. The main girl Cadence I found to be annoying. Her being naïve is what made me roll my eyes a lot. changed? Yeah okay. There really wasn't much of a story. Cadence and Fritz grabbed my heart. Ready for more Gimme defined. She was the girl he shouldn't want. They only had one summer—and a promise to have no regrets. I wasn't prepared to meet a girl like Cadence. The rest of my life had already been decided for me. A summer fling shouldn't have happened. But it did. The Stone Series is Dakotas first published book series. The Stone Series is Dakota's first published book series. I loved both narrator performances. Fitz comes from a very wealthy family. Cadence never had time for a boyfriend. He is older rich and definitely a bad boy. Willink captures that innocence of first love in Cadence. They dually narrate the story with precision. Second and why I deducted two stars. And I understand it. But there were really no surprises. But there was no suspense and no build-up to it. Overall this first book of this series disappointed me.
