But progressive with the heroine's personal life. Jeri h. Could be a friend of mine anytime. Hoping  
Max is her prince. Stories were good. Good author. Will read her books for sure. But LOVED this  
series. From Berkeley to Sonoma & all over the area. Loved the storylines & Jeri's perseverance to  
keep going. Even when she wasn't sure of herself or surroundings. A really enjoyable read. I'm  
looking forward to the next set of books. I couldn't put them down. Books 4 and 5 were my favorites.  
The fifth book is about the homeless and Aids. These are five great mystery books that are just  
reads. This detective is not like the usual private eye stories. I loved the character Jeri Howard. I  
would want her in my corner. Her first Kindred Crimes won the St. The first in that series is Death  
Rides the Zephyr. Her first Kindred Crimes won the St. The first in that series is Death Rides the  
Zephyr. I enjoyed this series. This is one of those series. She's a good person but has bad habits. The  
character development is good - better than good actually. I'm looking forward to more books in the  
series. Background issues eg. homelessness environmental pollution class disparity.
