

Claiming My Hidden Son (The Notorious Greek Billionaires #1) By Maya Blake **Claiming My Hidden soncraft** A sweet tale with a marriage of convenience- post wedding night disappearance- secret baby trope this time with a strong heroine who is hiding a heartbreaking secret an angry but not mean hero and a cute cherub baby. **Claiming My Hidden sonheim** There was one scene I loved in it not an important one but it was when she breastfed her baby he would wrap his chubby little legs around her forearm to keep it in place. **Claiming My Hidden sonar** But no longer a shy innocent my estranged wife is stronger and even more captivating! This will be the negotiation of a lifetime with the woman who's turning my world upside down . **Claiming My Hidden sona on taxes** When the H leaves her the day after the wedding she gets fed up with being an object to the men in her life and she leaves and disappears for a year before the H tracks her down. **Sonar make this member protected** Maya Blake delivers a winner this time with a storyline built around a bitter family feud painful personal secrets and a scorching romance that develops despite the MC's determination to go their separate ways. **Claiming My Hidden sonly** Calypso on the other hand yearns only for freedom to live on her own practise her art and be safe from her father's devious emotional blackmail: The consequences being my father's ability to manipulate my mother's guilt and ensure maximum suffering. **Claiming My Hidden sona on taxes** The H acts like a douchebitch leveraging his power and basically telling Calypso that she's supposed to live on his private island and only expect him when it's convenient for him to visit. **Claiming My Hidden sonke** She's not doing it because she's a vengeful shrew but because she's hiding a depressing secret: she's got a growing cervical lump and is scared that it's the malignant sort that led to the untimely death of her beloved grandmother. **Claiming My Hidden sonas** Some women when faced with such a scary diagnosis might heed her doctor's advice and opt for a first trimester abortion so that the oncologist can perform an immediate biopsy to determine if the lump is indeed cancerous. **Claiming My Hidden sonly** I felt so sorry for her during this final part when she's falling in love with the H (who's no longer behaving like a dictatorial grouch) but torturing herself with guilty thoughts that she might not live long enough to be the wife that he needs. **Claiming My Hidden sonflower** He wants to spend his life with her is afraid that she'll reject him if he suggests that their marriage become permanent and subsequently is wary of pushing for that final commitment. **Sonar make this member protected** This crisis brings out the best in the H and shows that he's not afraid to admit his powerlessness and vulnerability at having to face the possibility that he might lose his beloved wife and his son could grow up without a mother's love. **Claiming My Hidden sonceto** Since it's HPlandia all's well that ends well in the epilogue and the MC's triumph over this obstacle (the tumour turns out to be benign) and are happily celebrating Calypso's good health while planning to have another child in the near future, In the end I really ended up liking it because the hero was faithful and so was she: **Claiming My Hidden sonly** Maya Blake Nice angsty tale of a forced marriage that lasted for one passion-filled night: **Claiming My Hidden sonbite** Hero parked heroine on a secluded Greek island and heroine was having none of that after putting up with a controlling father: **Convince sona to leave or stay** So she leaves only to find out she's pregnant and she has a lump on her cervix, **Claiming My Hidden sonas** The h spends much of the book worried she has cervical cancer: **Claiming My Hidden sonly** In the last chapter she finally goes to the Dr and the lump is benign: **Claiming My Hidden sonja** Maya Blake I'm not a fan of this author's writing style but this couple was lovely. **Claiming My Hidden sonic book** He was so sexy and ruthless and she was such a sweet heroine and a great mother: **Claiming My Hidden sonchus** This is the second Harlequin of this month that features a hero or heroine with cancer: **Claiming My Hidden sonja** Safe: she is a virgin and they are both celibate while apart. **Claiming My Hidden sonks** I intended to have my lawyers draft divorce papers before I went anywhere near a church: **Claiming My Hidden sonly** A marriage of convenience.

Convince sona to leave or stay

No OM and no cheating since both MC's are celibate during their one year separation, **Claiming My**

Hidden sonbes Hero was cold at first but redeemed himself and did it well. **Claiming My Hidden sonbes** Heroine runs away and finds out she's pregnant with complications: **Claiming My Hidden sonly** Truth comes out about the heroine and the hero's commitment and love shine through: **Convince sona to leave or stay** I loved the way the characters roll as Father and Mother was portrayed and their love and dedication to their son, **Claiming My Hidden sonfred** Maya Blake.

Halion sonic se content missing

We have two rivals in business Xenakis and Petrakis, **Claiming My Hidden sonho** The Grandfathers were passive aggressive in their dealings despite personal dislike, **Claiming My Hidden sonbite** However Petrakis ensured in the event his business fails a Xenakis will rescue it as a form of payback when Xenakis was in need: **Claiming My Hidden sonly** The rivals' sons were disastrous in business and failed miserably, **Claiming his unknown son** Xenakis recognised his grandson Axios was indeed the genius and groomed him. **Sonar make this member protected** Petrakis died before seeing his son failed but the favour endorsed by Xenakis comes into play, **Claiming My Hidden sonja henie** The Granddaughter will bring forth the money and a Xenakis's Island: **Claiming My Hidden sonly** Axios and Calypso didn't meet until their wedding day this reminds me of a traditional East Indian wedding, **Claiming My Hidden sonly** They were instantly attracted to each other while they resented their circumstances, **Claiming My Hidden sona on taxes** As a result their resistance intensified and the only thing the couple was willing to do was consummate the marriage and then Axios decides to resume his bachelor lifestyle. **Claiming My Hidden soneva** He was indeed fighting his intense emotions hence his abandonment of his new bride, **Claiming My Hidden sonly** With the support of her mother deceased grandmother life-threatening and life changing contributions she evolved to a protective feisty courageous woman, **Sonar make this member protected** Having Andreos made her stronger and career oriented it was risky but she wanted her son, **Claiming My Hidden sonic adventure** Her relationship with her father was estranged and somewhat cold, **Claiming My Hidden sonhood** When Calypso reunited with Axios with the intention of securing her son's future and making a sacrifice for him was gripping and intense: **How to add sonar exclusions** Although in Hplandia a happy ending was expected one couldn't help but feel the pain and yearnings she had: **Claiming My Hidden sonji** My heart went out to her when she tried to bring peace and happiness to her little boy and getting to know the stranger her husband: **Claiming My Hidden sonata** They fell in love but the happiness they wanted seem so bittersweet and possibly insurmountable, **Claiming My Hidden sonata** Calypso hid her secret until she was forced to reveal her life-threatening problem Axios become the ultimate hero and husband desired by women. **Convince sona to leave or stay** He become the partner to shoulder 'for better or for worse: **Claiming My Hidden sona on taxes** Calypso was cured and was able to have her HEA with her husband, **Claiming My Hidden sonbite** Maya Blake **Claiming My Hidden Son** is the story of Calypso and Axios, **Sonar make this member protected** This book had drama angst romance passion and a sweet HEA. **Claiming My Hidden sonly** 5/5 Maya Blake DNFI hated this heroine too much to finish the story: **Claiming My Hidden soncy** Life is too short to read unlikable bitchy heroines no matter what disease they may have that is supposed to make the reader sympathetic to them: **Claiming My Hidden sonata** Maya Blake Another review disappeared I am so tired of writing brilliant reviews on my Kindle and then having them disappear, **Claiming My Hidden sonbite** This book is about a marriage between two families and not either ones choice. **Claiming My Hidden sondra locke** They have a hot wedding night and he disappears and she isn't a doormat so she leaves him for a year, **Convince sona to leave or stay** I half understood why but she waited just a little too long in my opinion. **Convince sona to leave or stay** Plus she has another secret and she is really dumb not telling the hero the truth: **Convince sona to leave or stay** Silly that I remember that but it was a very sweet moment: **Claiming My Hidden sonam** Another thing was this is written in First Person which I personally am not fond of:

Claiming My Hidden sonholes This story isn't quite as angsty as that one because the H/h haven't known each other as long and the heroine stayed away during her pregnancy instead of after the birth: **Claiming My Hidden sonkids** I also found the first person narration distracted from the angst, **Claiming My Hidden sonata** The point of view alternates between H/h but neither has a distinctive voice so its impact is lessened, **Claiming My Hidden sonly** Ivy has all the details in her thorough thoughtful (as always) review, **Claiming My Hidden sonly** Maya Blake

Maya Blake

Claiming My Hidden Son

His contract bride's secret is about to change everything in this passion-fueled novel from the author of Bound by My Scandalous Pregnancy , **Sonar make this member protected** My marriage to Calypso was simply business—satisfying the terms of a family arrangement: **Claiming My Hidden sonata** Until our unexpectedly passionate wedding night shook us both! Falling for my convenient bride was a risk I couldn't entertain. **Claiming My Hidden sonly** Now after discovering the baby in Calypso's arms is mine I will claim my son. **Claiming My Hidden sonly** From Harlequin Presents: Escape to exotic locations where passion knows no bounds. **Claiming My Hidden sonbes** Claiming My Hidden Son (The Notorious Greek Billionaires #1)It made me cry so 4 stars! Maya Blake This was a great marriage of convenience story. **Claiming his unknown son** The H was gruff and sexy and his self protectiveness almost lost him the woman he grew to love. **Claiming My Hidden songsterr** The H/h are strangers to each other but have crazy chemistry: **Claiming My Hidden sonar** During that year she had a baby and also got a possible cervical cancer diagnosis: **Claiming My Hidden sonke** They couldn't test due to her pregnancy so she still doesn't know. **Claiming My Hidden sonhar perdendo** I got a little bored with all of the back and forth about will they stay married can Calypso be honest about her situation. **Convince sona to leave or stay** She had a bit of a martyr complex that grated on my nerves: **Claiming My Hidden soneva** He feels guilt over his past behavior and strives to make things right: **Claiming My Hidden sonly** Despite the small quibbles I had with some plot points the love they shared felt real and I truly believed in the HEA. **Claiming My Hidden sondra locke** This book left me feeling happy I'd taken the time to read it, **Claiming My Hidden song on spotify** SafetyVirgin h forged out of sheer necessity fuelled by hostility and acrimony on the part of both MC's, **Claiming My Hidden sones** Axios and Calypso are pawns in a long-standing conflict between their families: **Claiming My Hidden sonly** Due to forces outside their control they're maneuvered into an unwanted marriage by the Machiavellian contrivances of their respective grandfathers, **Sonar make this member protected** This is the H Axios:Each MC has a lot to lose if he/she forfeits the marriage deal - a contract that had been brokered years ago without their knowledge or consent, **Claiming My Hidden sonic adventure** For the H defying it'll mean a 25% share loss in his family's multi billion dollar aeronautical firm: **Convince sona to leave or stay** And for Calypso it's her greedy father's threat of retribution aimed at her disabled mother if she refuses to tow the line. **Convince sona to leave or stay** This is the heroine Calypso:Axios loathes the mere idea of marriage - especially to a despised Petras female: A cold shudder tiptoed down my spine, **Claiming My Hidden sonde** To a bride I didn't want and with a connection to a family that had brought mine nothing but misery pain and near destitution: **Claiming My Hidden sonja** These MC's are convinced that hate will be the sole emotion they'll

feel. **Claiming My Hidden sonburst** The H expects a mousy dowdy and golddigging little plain Jane because Calypso has lived outside of his socialite circles: **How to add sonar exclusions** Instead he's stunned to see a gorgeous pissed off bride when he lifts her veil at the altar: **Sonii cheating or just hiding tech** The heroine has read all about the powerful egotistical playboy who's feted by society's elite and chased continually by a parade of famous women, **Claiming My Hidden sonly** She thinks he's nothing but another obnoxious male like her father who's willing to manipulate helpless females in order to achieve more power: **Convince sona to leave or stay** Everything changes for both after they share their kiss at the altar: His kiss arrived subtle as a butterfly's wing and powerful as a sledgehammer. **Convince sona to leave or stay** This sets them on a new path - one that has nothing to do with their previous plans for an unconsummated marriage, **Claiming My Hidden sonhar** Mutual sexual desperation get in the way of rational thinking and they share an explosive erotic wedding night. **Sonar make this member protected** Regret and confusion about the next day when both MC's realize that the marriage is in danger of becoming too intimate and real for their emotional comfort. **Claiming My Hidden sonbes** She decides to run away when he condescendingly suggests that she leaves if she's able to devise a workable alternative. **Claiming My Hidden sonfarrel** Axios hadn't expected her to take him up on that offer because he assumed that the sheltered heroine wouldn't be able to go anywhere he wouldn't be able to find her: **Convince sona to leave or stay** Using a secret financial inheritance from her late grandmother Calypso travels to Switzerland where she's provided with the means to live incognito for as long as she wishes. **Claiming My Hidden sonly** The second half of the novel is a mixed bag of angsty bittersweet goodness because the heroine is the one fighting her feelings for the H: **Convince sona to leave or stay** This part of the storyline is similar to another HP that's been released this month - Christmas Baby for the Greek. **Claiming My Hidden sonburst** In both novels a MC is faced with the horrifying possibility of a terminal illness: **Claiming My Hidden sonata** The story borders on trainwrecky when the H learns that he's the father of her 4 month old son Andreos, **Claiming My Hidden sonly** Then he falls in love with his toddler after DNA tests confirm his paternity, **Sonar make this member protected** Amidst all this drama he's still unaware of the huge personal sacrifice she made to bring the child into the world. **Convince sona to leave or stay** The brave heroine couldn't handle aborting her child and gambled her personal health because of her great love for him. **Convince sona to leave or stay** This is a somewhat confusing time for the H because his feelings have overwhelmed him: **Convince sona to leave or stay** Their sex life is amazing their child rearing plans are in sync yet he senses that she's hiding something from him. **Claiming My Hidden sonbunnie** Like the H in Jennie Lucas' Christmas Baby for the Greek Calypso pushes her lover away in an effort to protect him: **Claiming My Hidden sonbite** It's only when she sees how much he's hurt by her callous rejection that she finally breaks down and confesses the truth about her tumour, **Convince sona to leave or stay** In the fashion of all ideal romantic H's Axios refuses to abandon her just when she needs him the most: He slid his thumb across my lips silencing my doubts. **Convince sona to leave or stay** I will never leave your side and I will never fail you again[1]

Better left unread. But this one worked for me. It was both his and her thoughts and It was good. Except her decision to not tell him the truth. That just annoyed me. They took their vows seriously and stuck to them. I want to read the brothers story next.Oh.

Convince sona to leave or stay

Former manwhore H. Both celibate during the one year separation. No OW/OM drama. Loved them together. Loved the epilogue. Heartbreaking stories. Maya Blake My lips twisted.
<https://bookshout.com/store/books/221>. Maya Blake Strong heroine. Her love for her baby was heartwarming and heartbreaking. Sacrifice.Good pacing and good storyline.Hero and heroine are

forced to marry. A year later hero finds heroine and wants his son. They agree to live together for a time. They work towards a truce. They soften towards each other and feelings/love develops. Beautiful. Calypso was an innocent meeky subservient bride. Wonderful story! I recommend. Enjoyed it! Safe3. So frustrating. She has a baby and keeps him secret. I took one star away for her ridiculous reasoning. It's like reading a teenage girl's diary to me dear. Shades of Abby Green's *The Spaniard's Marriage Bargain*. Plus the lump was benign. Heroine in SMB actually had cancer and grueling treatments. So I left. . . The h is smart strong and kind. The book begins with the arrangements and the wedding. But the H! Oh this book is all about him. He gives her a fair chance to explain herself. He doesn't jump to conclusions. Marriage. <https://bookshout.com/store/books/221>. <https://bookshout.com/store/books/221>. <https://bookshout.com/store/books/221>. At first he's jealous and accuses her of infidelity. 'Whatever happens we face it together. For better or worse you have me for life.' <https://bookshout.com/store/books/221>. Safety: No OW.
