Not gonna lie wasn't pleased with the cliffhanger but I did love the men in this book and how fiercely protective they are "sonofab\*\*\*h!" A howl tears from my throat. **Book Shadowlands Sector, onedrive** I've previously read books by Lexi C Foss that are also set in this particular Omegaverse and I must say that this book is an incredible start and a great addition to the verse. **Shadowlands Sector, oneandone** Fantastic start to the series and I can't wait for more! Mind that cliff though! □ Shadowlands Sector One (Shadowlands Sector #1) This was thrilling exciting action packed and sexy Shadowlands Sector One (Shadowlands Sector #1) Wolf shifted fated mates reverse harem. **Book Shadowlands Sector, one quest** In her spare time she loves pretending shes a mighty warrior walks on the beach with her dogs cuddling up with her cats and devouring every fantasy tale she can get her pinkies on. **Shadowlands Sector, onelaunch** In her spare time she loves pretending she's a mighty warrior walks on the beach with her dogs cuddling up with her cats and devouring every fantasy tale she can get her pinkies on. **Shadowlands Sector, onelink** Shadowlands Sector One (Shadowlands Sector #1)My first read by this author and definitely NOT my last - especially as this one ends on a cliffie!I came to this story via Andorra Sector by Lexi C Foss. **Shadowlands Sector, One book 5** The small number of chapters in this did make me wonder how the author was going to convincingly write a reverse harem story in the available time so I'm glad it isn't stand alone. **PDF Shadowlands Sector, one** Another thing I really appreciated was how the author wove a story and set of circumstances that both for Meira as well as the other females made their capture a blessing rather than a curse. **Shadowlands Sector, onelook** Although I do commend the revelation at the end where Meira has leukemia and that's what's causing her incapability to shift (I think?) I still recommend a reedit that makes the narrative flow smoother. **Shadowlands Sector, oneazcu** Shadowlands Sector One (Shadowlands Sector #1) I have been wanting to find out what happened with this missing omega ever since I read Andorra Sector so this couldn't come too soon for me. **Book Shadowlands Sector, onenote** Duscan is the Alpha of the Ash Wolves One (Shadowlands Sector #1) This book is incompleteI hate Hate HATE books that end in the middle of a peak! I thought this was going to be either a 4 or 5 stars but I cannot do it. **Shadowlands Sector, onelook dictionary** The settlement is under attack the Alphas realise something about Meira Meira is deliberating her options the infected are ripping people to pieces then CONTINUE THE STORY IN SHADOWLANDS SECTOR 2. **Shadowlands Sector, oneazcu login** Can you imagine buying a house but the floors are still dirt or a car with no wheels? Why do some authors think its acceptable to give customers an incomplete product when this is not tolerated in any other industry? If a lawyer drops a client in the middle of court trial for no reason I am sure there will be repercussions for such conduct.

## Shadowlands Sector, One book list

Lucian is his third and finally Bardhyl his forth and Meira's wolf feels a connection to all of them: **Book Shadowlands Sector, one piece** This didn't disappoint and managed to keep my attention throughout, **Shadowlands Sector, oneaz** I liked the fact this built the tension rather than jump straight into the matings: **Shadowlands Sector, oneazcu** I am looking forward to the next part of this and seeing where this one goes this really was a great and imaginative start and it left me wanting more. **Shadowlands Sector, oneamerica** Shadowlands Sector One (Shadowlands Sector #1) There's something so refreshing about a badass Omega that doesn't fit the typical "submissive" role: **Shadowlands Sector, One ebook pdf** Add in three hot af alphas and my little reverse harem

loving heart is in heaven: **Book Shadowlands Sector, onet** Not gonna lie I love that this is a zombie apocalypse trope, **Shadowlands Sector, oneaz credit** It's always fun to see a current or post-apocalyptic story that isn't dystopian in nature. **Shadowlands Sector, One booklet** It was easy to understand what happened the problems that the shifters faced and how a lone omega could have a warped view of shifter society, **Kindle Shadowlands Sector, one book** What originally caught my attention is that it's a reverse harem with wolf shifters and of course fated mates! Really glad I started reading it, **Book Shadowlands Sector, onet** I totally recommend Shadowland Sector if you love strong independent main characters who are somehow special or unique. **Book Shadowlands Sector, one piece** I love how Meira stands out from her kind (for better or for worse) and how distinct her relationship with each of her guys is, **Shadowlands Sector, One kindle reader** And despite the post-apocalyptic setting (not to mention the zombies) Shadowland Sector isn't all that dark (at least once you get past the opening scene), **Book Shadowlands Sector, onenote** It's more of an adventure mixed with steamy reverse harem romance that you can't put down, **Shadowlands Sector, oneaz credit** 25 Stars / 3 Steam Fans This is part of the Zombie Year 2099 collection and also the start of the Shadowlands trilogy leaving on a cliffhanger. **Shadowlands Sector, oneaz** Video review available in Week 31: Jul 26 - Aug 1 weekly book reviews, **EPub Shadowlands Sector, one** For other video book reviews check out my YouTube Channel: Steph's Romance Book Talk: **Shadowlands Sector, One kindle edition** Shadowlands Sector One (Shadowlands Sector #1)

I let them believe I'm broken let them believe the lies, **EPub Shadowlands Sector, one quests** I let them believe anything they want...as long as it isn't the truth: **Book Shadowlands Sector, one questline** There's a monster inside me one made of teeth and claws and terrifying need: **Book Shadowlands Sector, one questline** I swallow it down hiding under the pretense of being normal, **Shadowlands Sector, onelonleyfarmer** Bonding is the only thing that will save us—me and the Ash pack, **Shadowlands Sector, One book 1** Only I need someone strong enough to fight the darkness inside me...and savage enough to stay: **Shadowlands Sector, One epub guide** when they find out the truth of what I am? This is a standalone shifter paranormal romance story for those who love alpha protectors wolf shifters and steamy scenes. **Shadowlands Sector, oneapp** We briefly met Dusan there though Mila Young's clever world building and dissemination of information means you don't

need to read that to understand and enjoy this: **Shadowlands Sector, oneamerica login** So despite being absolutely desperate to know what happens next I'm glad that this is going to be a longer more complex and developed tale, **Shadowlands Sector, One epub free** A strong heroine who might have been inexperienced in terms of contact with others but she sure knew how to look after herself, **Shadowlands Sector, oneal** Dusan needed to earn her affection after all he had 'stolen' her from her life one that she was perfectly content with, **Book Shadowlands Sector, onenote** I liked how the pair did forge that connection and loved that Dusan ultimately gave Meira the ability to choose freely, **Shadowlands Sector, One bookkeeping** It pushed dub-con boundaries but was definitely the lesser of two evils. **Kindle Shadowlands Sector, one** I couldn't read the book quickly enough and was totally captivated by it falling in love with both Meira and Dulsan. **Shadowlands Sector, oneamerica** Personally I needed to see a little more of Lucien with Meira that part of the story line felt just a little bit too rushed for my liking, **Shadowlands Sector, onelook dictionary** However I'm sure there will be plenty of opportunity to get to really know him and Bardhyl who I suspect will prove equally important to the story: **Shadowlands Sector, oneazcu** It was surprisingly slow burn but when the flame did ignite boy was there a heatwave. **Shadowlands Sector, onelook** This author's fantastic writing great characters and brilliant storyline has definitely found her a new fan, **Shadowlands Sector, onel de** Shadowlands Sector One (Shadowlands Sector #1) I had a hard time getting into this one, **Shadowlands Sector, oneandone** It moved very fast and gave little information on the world so parts were confusing: **Shadowlands Sector, onelaunch** The romance aspect also seemed very lacking and I didn't really see a connection between the heroine and anyone else, **Shadowlands Sector, oneal** The cliffhanger did leave a lot of questions but I doubt I'll go back to this series, **Shadowlands Sector, One booker** Shadowlands Sector One (Shadowlands Sector #1) I dove into this book with high hopes because it was recommended to me with glowing praise. **Book Shadowlands Sector, onemain** Unfortunately I'm going to have to disagree with most—if not all—of the reviews. **Shadowlands Sector, onelook** General review: It's a fast-paced book that fails to pull together all the strings it dangles into a neat little bow: **Shadowlands Sector, onelook dictionary** It ends on a sort-of cliffhanger but there is no concise world-building that allows the reader to fully immerse themselves in the world, **Shadowlands Sector, One bookkeeping** The romances are rushed and underdeveloped with no tangible chemistry between the characters, **Shadowlands Sector, onelife fitness** There is some use of fictional elements such as flashbacks that come out of nowhere making the reader question their necessity. **Book Shadowlands Sector, onemain** MEIRA It was pretty obvious from the get-go that Meira was half-human half-shifter ; it's a pretty common affliction for most heroines in a shifter romance. **Shadowlands Sector, One epub reader** I was honestly hoping she was secretly a female alpha . **Shadowlands Sector, onelook** Then she suddenly becomes someone who's easily tossed around and somehow forgets that she is more or less a bird in a gilded cage, **Book Shadowlands Sector, one** And once she allows Dušan to mark her on that first night her personality does a complete one-eighty the next day: **Shadowlands Sector, oneal** She literally went from I want you now to Never to I know you said I'm not ready and I said I'd never fuck you but please I need you now, **Book Shadowlands Sector, onet** His character was two-dimensional and was full of pinings for Meira that had nothing to do whatsoever with her personality. **Book Shadowlands Sector, onemain** The carnal lust he exhibited put me off from his chapters, **Book Shadowlands Sector, one quest** LUCIEN Certainly gentler than Dušan but I can't say much about him because he was barely in the story despite his being a part of the eventual harem. **Kindle Shadowlands Sector, one edition** So yeh this is a different author to that one but set in the same world: **Book Shadowlands Sector, onet** This is a reverse harem read with I think 3 Heros for our Omega. **Shadowlands Sector, oneamerica login** I say think as this is the first book in a duet and the story is yet to complete. **Shadowlands Sector, oneamerica login** I was actually pleased with that fact as it meant this wasn't rushed this took its time to help forge that initial connection. **Book Shadowlands Sector, onemain** So Meira an omega flees after she is captured from the wild by Ash Wolves as part of a current trade shipment between there packs, **Shadowlands Sector, oneandone**

She's a lone Wolf who still hasn't shifted living wild since her mother was killed by shadow monsters (Zombies): **Shadowlands Sector, oneazcu** I was enjoying this story until it just ended at 88% in the KU edition. **Book Shadowlands Sector, one questline** That means I still thought I had two or more chapters to go through, **Shadowlands Sector, oneal** Did Ms Young run out of paper or ink? This is not a cliffhanger its an incomplete book, **Shadowlands Sector, oneal** I saw from other reviews that the series is concluded but its still irritating as hell, **Book Shadowlands Sector, one guide** This is the reason its difficult to support new series releases because some authors like this one cannot be bothered to give customers a complete product: **Shadowlands Sector, oneazcu login** Who holds authors accountable for ripping readers off? I am not a writer but I know an incomplete book when I see one, **Shadowlands Sector, onelife fitness** I don't think planned series means just drop the story where ever: **Shadowlands Sector, onelink** I am sure certain standards should still be maintained even with a continuing book series: **PDF Shadowlands Sector, one** This book ended on climax there was no falling action no resolution. **Shadowlands Sector, oneapp** Normally I would deduct 1 point for a stupid cliffhanger because I really hate cliffhangers. **Book Shadowlands Sector, one quest** But like I said this one is not a cliffhanger its simply incomplete: **Shadowlands Sector, One pdfescape** So Ms Young for making me feel like a sucker for wanting to continue the series I am taking away more points in my rating, **Book Shadowlands Sector, one wow** Also if you haven't read the other books in this Zombie Year 2099 world it might be difficult to fully follow the story. **Shadowlands Sector, One epubor** It sort of assumes that the reader is familiar with this world. There was plenty of action. likeable characters and a lot going on. I voluntarily reviewed a copy of Shadowlands Sector. Reviewed By Beckie Bookworm <https://www.facebook.com/beckiebookworm/www.beckiebookworm>. "Lucien let's kill every motherfucking infected. Then we're claiming our mate." Will the three ruthless alphas help me. I LOVED Meira. SCORCHING. Characters' personalities are vague and frustratingly inconsistent. Meira's personality is admirable. until she meets Dušan. and that just frustrated me to no end. DUŠAN Your typical everyday male alphahole. Which sucks because it is not badly written just incomplete. Shadowlands Sector One (Shadowlands Sector #1).
