How that spirals and affects everyone involved eventually. Coming home. New beginnings. I think this was a really well told story. Enjoyed the small town charm. But she's called home when her adopted mother dies. She was a foster kid adopted by her foster mom.I thought both Kennedy and Xander very well done characters. And she has the resentment of her sisters to deal with. One in particular is very hostile. I am confuse with the theme of this book. The characters are very poorly develop. There is minimum conversation between Xander and Kennedy. There is no layer on the plot. I need more complicated reason more complex plot and twist. But this book has none. 2 stars 222 Is the writing fabulous? Not really. Are the characters very developed? Not really. Was the story predictable? Yes. Do I care? Nope. This story made me smile. It made my heart warm. The story did what I needed it to. I liked all of the characters in the story. 222 R A T I N G: 2. You've done that all your life wherever you landed.
