But definitely will look into others. Hardcover 4.8 rating . review to follow in a day or two. Must get more sleep . overall.UPDATE:.my review.if needed. Not to worry. both brother and sister have their own journey we follow. Nadia (not one of our prime narrative voices.but we will remember her). i'll just say she's the youngest of the group. Bud. THIS IS THE STORY I FOUND MOST GUT-WRENCHING.(due to my own semi-estrangement from our oldest daughter). before reading on.I rather not share much about Bud.but he's the character I will think about most.I'll only share a tidbit:THIS IS YOUNG Bud. They come about in a myriad of ways. Some right on point. Some shockingly unexpected. And some painfully sharp and piercing. No one can adequately measure the aftermath and its impact. They usually play their cards close to the chest. There in the background was another family.a Thai wife and two other children living in Queens. Now that will knock the legs out from under you. Ethan is a complicated character within himself. But he realizes a certain commitment that flows through him. It never seems to be a one-time one-and-done prospect. The writing is fantastic.but "Secrets of Happiness" is my favorite .Ethan begins and ends these interwoven tales. Ethan: (the story 'begins'). 'You should go with him next time Ethan'. Ethan wasn't out until his first year of college. He met his first serious boyfriend Robert while at Yale. Ethan's parents were accepting of Ethan's sexuality . and liked Robert. And.there will be much more to learn about Ethan.as all the other characters. Ethan's mother a teacher was a great support of Ethan. But/and. something changes for Ethan's mother.And Ethan has his own life to journey.Joe's High School girlfriend Veronica wanted him to marry her. Instead — she marries Schuyler.(for five

years). Maribel. She did minor tasks. Maribel knew that he was going back to New York. Maribel says. "Everybody loved me". The filming was going to take four weeks. Schuyler had gotten married right out of college. Rachel (Sister Susie) < an inside joke . had some balls. She was a kick ass character if she was pissed. Her brother Saul and they gave up on me. This family story .I'm still learning from it. Tara. Then there's another guy. and Tara is born from 'one of these guys'. Spent the first nine years living in Kathmandu Nepal. A happy childhood. He believed in freedom my father". and it's quite an adjustment for everyone. Tara and Apsara missed the free-style living in Nepal. Berkeley values education. not just climbing trees. and playing hopscotch. and smoking pot. while doing some traveling. Thailand New York Cambodia Great Britain. etc. The library can be a dangerous place. I thought about the title frequently while reading. But that is the point. Silber writes about them with wisdom and generosity. (Thank you to Counterpoint Press for sending me an ARC. Keep up with Joan at joansilber.net. Joan Silber is the author of nine books of fiction.
