**B. Out of the storm by jody hedlund** While on their drive up from Houston to Canada they have car trouble and also get caught in a major winter snowstorm and have to stay a few days in a small off-the-beaten-path Montana town. **Book out stealing horses** What secrets is Jon hiding? And why is Collin so insistent that Jon is not Danny and that he and Kate must leave and cross the Canadian border? Jon might not remember all of his past but he knows that he must do whatever it takes to protect this lovely woman from danger even if it means revealing who he is. **Out of the storm by jody hedlund** Dealing with her conflicting emotions about living in the past or looking toward the future as well as finding out the true motivations of someone close to her proves difficult and dangerous. **Out of the stormxy** Several locals prove loyal and indispensable to Jon's cause and I'm eager to see some of these hard-working and helpful people of Buckhorn Montana in future books in the series. **Out of the storm book** When a storm in Montana causes them to hunker down for awhile due to car damage and needing new parts Kate stumbles upon Jon Harper a carpenter who she is sure is her husband Daniel. **Out of the storm by jody hedlund** Throw in someone with amnesia syndicate members putting a bounty on someone's head kidnapping drugs crossing international boundaries threatening family and some people with some very interesting government connections and you know that you will be taken on a ride,
