

From the Shadows (Buckhorn, Montana, #2) By B.J. Daniels **From the shadows forge** He didn't but she was attracted to him anyway! It was fun reading the group reunion and all their secrets but at the same time confusing as so many POV's and all their secrets and young love from the past. **From the shadows meaning** But though the quest draws Finn and Casey together digging into the past is dangerous especially when there are others determined to keep the truth hidden—by any means necessary... From the Shadows (Buckhorn Montana #2) Beware The Crenshaw Hotel! They say it is haunted. **Book shadows binder** Finn James is in hiding after recently making a killing when he sold his business so why was he in Buckhorn? Then the others that worked there when the murder occurred start showing up for a reunion. **From the shadows calling card mw2** Who killed their young co-worker years ago and was it one of them? I wasn't all that fond of Casey at the beginning of the story but she quickly grew on me and I was rooting for her to stay safe find the killer and maybe change her mind about the hotel and stay in Buckhorn. **What is a book of shadows** A few parts a bit predictable or not quite believable but this mystery lover did not guess who done it and that's always fun! From the Shadows (Buckhorn Montana #2) Rating 3. **From the shadowshopper** The killer may well be amongst them but who is it and how can they keep themselves safe? This is a story of investigating the past endeavouring to bring a killer to justice but putting many others at risk whilst doing so. **From the shadowsklub** From the Shadows (Buckhorn Montana #2)

Dark secrets always come to light... Some people might dream of inheriting a hotel somewhere as picturesque as Buckhorn Montana. **Cast from the long shadow** But though the quest draws Finn and Casey together digging into the past is dangerous especially when there are others determined to keep the truth hidden—by any means necessary... Don't miss Before Buckhorn the next title in B:

So she had a headstart. I found that the author B. Thought she is quite cute. The setting is gorgeous in Buckhorn Montana. Can a serial murderer be stopped? Hard to put down. Highly recommend this book. Fun book to read and ponder. Ms Daniels doesn't disappoint. Dark Secrets always come to light. To Buckhorn Montana. She worked as a staff member there in her teens. She has no ties to Buckhorn or the hotel anymore. Finn was a great partner to Casey. Can't wait to read the next book in the series. I loved the first meeting between Finn and Casey. I enjoyed seeing them grow closer as they worked together. I loved the ending and the epilogue. As the weekend progresses revelations about Megan come out.
