

Arson at the Art Gallery (Getaway Bay #1) By Catherine Lee **Mystery Arson at the Art gallery tv show** Can Addison and her new friends uncover the real culprit before Layla is charged with murder? The Getaway Bay cozy mysteries have everything you love - suspense to keep you guessing twists you don't see coming and characters you want to have a cup of tea with - plus an added dose of Aussie flavour. **Arson at the Art gallery** English A rather likable cosy mystery here! It's not my usual genre but I didn't mind reading about Addison and her new friends as they go about town trying to solve an arson/murder case. **Arson at the Art gallery** **fayetteville** The mystery is a little underwhelming as there aren't really any clues to help you solve it yourself but Addison is also busy settling into her new life so hopefully the mysteries of the following books will be a little cleverer as she becomes more established and the scene is more firmly set. **Arson at the Art gallery** **dot** I can see fans of the genre really enjoying this one and I'll probably go ahead and read the next one at some stage because I would like to get to know these characters further. **Book Arson at the Art gallery** **furniture** English A wonderful cosy set in a Queensland coastal town I really enjoyed reading this one! After the death of her husband Addison Lake has moved to a small town with her daughter and bought a big beach house that she hopes to turn into a B&B. **Arson at the Art gallery** **jonesboro** Addison immediately moves into sleuth mode but who'd want to hurt her cousins? And the lead detective seems to suspect Layla herself! I found this book to be a marvellous read she finds herself high on the police's list of suspects but Addison is certain she is innocent and starts looking for other suspects. **Arson at the Art gallery** **fayetteville** The characters were all entertaining the dialogue realistic and most of the situations were believable (not all but this is a cosy we are talking about! They are not supposed to be serious). **Book Arson at the Art gallery** Layla was devastated and so upset when she found out that her art gallery had burned down but when she learns there has been a body found in the rubble Layla is shocked and horrified to say the least. **Arson at the Art Gallery** **pdf editor** After the sudden death of her husband Rob two years prior she and Olivia felt the need to leave Sydney so when the opportunity arose for Addison to purchase the rundown old beach house three months prior she jumped at the chance. **Arson at the Art Gallery** **ebook download** Addison and Layla had enjoyed their childhood holidays at Getaway Bay - it was good they would be living near one another again especially once Olivia went off to University in a couple of weeks. **Arson at the Art Gallery** **book pdf** Arson at the Art Gallery by Aussie author Grace York (aka Catherine Lee) is the first in the Getaway Bay Cozy Mystery Series and I thoroughly enjoyed it! Fun entertaining quirky - I had no idea who the killer was until the reveal! I'm looking forward to reading the 2nd - The Body in the Beach House - soon! Highly recommended.
