Fury epub.pub The chemistry between Amelia and fellow Special Agent Zane with their silly & sarcastic banter is entertaining: **Book Storms fury's** It's a great relief when dealing with such a serious subject: **Book Storms fury's** but this is how a Mary Stone book rolls some fun snark or banter to give comic relief from the dark & dastardly: **Storms Fury kindle store** It will be interesting to see how their relationship plays out since both have secrets they don't want anyone at the FBI office to know about. **Kindle Storms fury survivor** Amelia makes some serious enemies in the criminal world including the latest villain Mr: **Storm's fury book** Yet again the villain creeps me out and gives me the icky shivers. **Book Storms fury warrior** K brings to mind Epstein but is still alive by the end. **Storms Fury ebook reader** Unfortunately I feel like he will be around for a while, **Suspense Storms fury's** PLOT: The storyline spotlights one of the world's oldest and in my opinion DESCAPICABLE trades: human trafficking. **Storms Fury thriller album** The authors only lead you down the path so far then let your imagination finish what happens. **Storms Fury fbisd** There is physical violence but thankfully no rape scenes as I was concerned about that with the subject matter. **EPub Storms fury warrior** The end is not a throw-your-book/ereader ending but sets up for the next book in the series, **Storms Fury suspense date** 5 stars! nothing to lose. Storms Fury (Amelia Storm #1) This was an ok read for me. Not as good as the reviews indicated. This seemed unusual and out of place. Amelia Storm joined the military and became a sniper. She has a few ghosts in her closet. First of a series from a prolific writing duo. I read Storm's Fury with interest. Didn't fit with his character. I was expecting more drama and something to go wrong. Also disappointed he's able to keep out of jail. I hope he's brought to justice soon. K. The mysterious Mr. Or not. but everything else was great. As soon as she could she fled that life. After active duty in the military she joined the FBI. I look forward to seeing how new series grows. If you enjoy thriller/mysteries I highly recommend this book. How it develops left me feeling Meh. The dialogue is well Meh not bad but not great. Speaking of which I can't connect to any of them. Even the victim felt kinda Meh in connecting with her. Usually a book like this is right up my alley. But this one is Meh
