(JILHSJMiDttMSBEHSWomHSHYaDSCNR) to come. **Sandman slimz reviews** But when his first stop saddles him with an abusive talking head Stark discovers that the road to absolution and revenge is much longer than you'd expect and both Heaven and Hell have their own ideas for his future. **EBook Sandman slim fit** He meets Kas' manager Allegra; goes on a shopping trip for new leathers and boots; and stops at his old apartment where he finds Vidocq an alchemist a thief and an old friend. **Sandman slim tv tropes** Stark aka lovely Sandman Slim was when I read the great reviews of Sarah the Murderous I was deeply charmed and intrigued well mostly because my latest date with Daniel Faust wasn't very gripping for me and I was looking for another great character (with some similar abilities) in the lead to woot drool and swoon for! And I found him for sure in Sandman Slim Interesting plot with great action blood gore and mindblowing humor (more with dark spices which I totally loved). **Sandman slim book 2** Some scenes may make you flinch if the removal of various body parts lots of blood gore and violence is not your everyday read! I like it in my fantasy reads so "Sandman Slim" reading experience was like watching a great thriller on TV.

**Sandman slim book** While there are hundreds of twisted cruel perfect villains lurking there to entertain you "If Donald Trump and the Wicked Witch of the West had a kid it would be J....."

**Sandman slim tv tropes** If it was my ordinary fantasy read I would have found some common plot with demons and magic (You know it: There lived a nice guy with sh\*tty past and RL he did some magic and saved the world from some demons or/and monsters. **Sandman slim books** It supercharges the host keeping him and the parasite alive..." To sum up "Sandman Slim" is a gripping revenge story that caught me in its witty embrace and didn't let go even after finishing the book. **Sandman slim book 2** A gritty unapologetic demonic Pulp Fiction! What a fun read! Not for the tender hearted nor the young but for all of us who are fans of episodic serial pulp-noir full of raw prose and very little which indicates the book and the author take themselves too seriously this is right up our alley. **Sandman slim book 2** If this sounds like something you might like I will strongly recommend it! This is my first read and I am sure I will be tackling the complete rest of the series!

Let's find out who will rule the world - Heaven Hell or the few adventurous and very corrupt humans and fallen angels. **Sandman slim books** Now I wish you all Happy Reading and many more wonderful books to come!!! Richard Kadrey Richard Kadrey is a writer and freelance photographer living in San Francisco best known for his Sandman Slim novels. **PDF Sandman slimfast** Stark was a magician (a real magician not a sawing-a-woman-in-half kind) who was madly in love with his girlfriend Alice when he was betrayed by another magician named Mason and some others.

**Sandman slim book 3** His stay in hell has made him supernaturally tough with an extremely bad attitude but he soon runs across various angels demons monsters alchemists magicians Nazi skin-heads and porn shop owners that he has to deal with as he learns that there may be something much bigger than his revenge at stake. **Sandman slim book 3** (I've noticed a common factor among supernatural characters like Harry Dresden or Joe Pitt that three-quarters of the books seem to consist of them getting beaten to a pulp by various beasties and this book continues that trend.

**Sandman slim books in order** Why wouldn't he just use the key and take the body to Antarctica or the middle of the Amazon and just dump it? It doesn't help that he uses the key about 5 seconds after dumping the body. **Sandman slimvox** In my defense I have to say that my rampaging decapodic kids are forever and always getting mixed up in subaquatic skirmishes so it's no wonder I end up missing out on some slightly scrumptious books sometimes. **Sandman slim book** I mean how was I supposed to NOT fall for him when he says lovely delicate stuff like: If either of these guys even blinks funny I'm going to be painting the walls with livers and spinal cords. **Sandman slim tv**

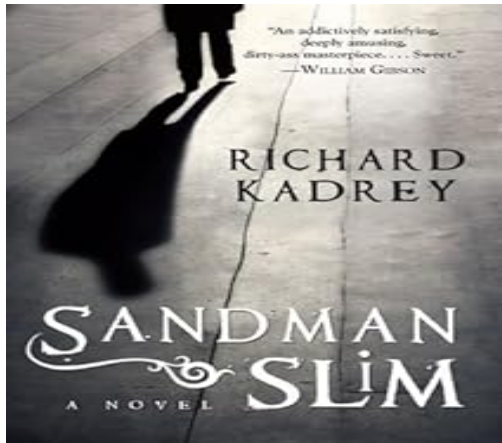

**tropes** Yes it is quite official: I am in LURVE again warning: the following spoiler might hurt the sensitivity of some barnacles □□□□□□□□□□EW EW EW and YUCK YUCK YUCK. **Sandman slimz reviews** » And the moral of this If You Are a Fan of Historical Romances and Cute Love Stories then this is THE Book for You Crappy Non Review (IYAaFoHRaCLSttiTBfYCNr™) is: this is so bloody shrimping good I am going to jump straight into book 2. **Sandman slim book** Yeah yeah yeah shame on me and all that crap but I have Awesome Pippa DaCosta's blessing and stuff non-rabid basis and despite wanting to bitch-slap the main character for his all too often bouts of annoying. **Sandman Slim kindle paperwhite** Here's the skinny: In a world where magic and supernatural creatures are known to exist Stark was a powerful magician in love with the only woman who ever really accepted him for who he was. **Sandman Slim Science Fiction fantasy book** He's not only survived but managed to pick up some new skills (including virtual invulnerability) a few demon-built go go gadgets and increased his overall badassery quotient exponentially. **Sandman slim last book** Stark is back from Hell for revenge on the six who sent him there especially the head of the group named Mason himself has become mega powerful thanks to arranging Stark's little tour of Hell. **Sandman slim novels order** In fact Stark's name and the fact that one of the main bad guys is named Parker are pretty clear homage to noir fiction giant Donald Westlake and his Parker novels (which he wrote under the name Stark). **Sandman slim book** I liked the world-building and Stark's revenge quest has him bumping into all kinds of bump in the night baddies as well as Nazi skin heads with demonic weaponry and a team from Homeland Security sporting soem serious angelic firepower. **Cyberpunk Sandman slim fit** It did take me a while to warm-up to him as he spent way to much time telegraphing his dumb mistakes and vacationing in the land of self-pity that the he seemed to be spiraling down to doucheville. **Sandman slim book 3** There is a nice cast of supporting characters here including a centuries old French alchemist a spider-like person who survives by liquefying humans and drinking them angels anti-angels magicians and at least one video store clerk who aspires to a bit more from life. **Sandman slim tv tropes**

# Sandman slim books

Supernatural fantasy has a new antihero in Sandman Slim star of this gripping gritty new series by Richard Kadrey, **Sandman slim book 7** Or if you're James Stark you spend eleven years in Hell as a hitman before finally escaping only to land back in the hell-on-earth that is Los Angeles, **Sandman slim book 3** Darkly twisted irreverent and completely hilarious Sandman Slim is the breakthrough novel by an acclaimed author. **Sandman Slim Urban fantasy pdf** Richard Kadrey After the second read-through I've come to the conclusion that Sandman Slim is Jason Statham starring in a Simon R: **EBook Sandman slimming** Pulpy urban fantasy on steroids it's perfect for an adrenalin read but I recommend a pass if you are in the mood for deep thinking or don't feel up for violence: **Sandman slim book 3** Jason-cough- I mean Stark--has made it out of Hell and is looking for revenge: **Sandman Slim cyberpunk 2077** Eleven years ago six fellow members of a magic circle sent him to Hell and his mission is to kill them all. **Sandman slim book 8** Landing in a Hollywood cemetery he quickly robs a suit and steals a car, **Urban Fantasy Sandman slime** After stopping at the Bamboo House of Dolls bar for a drink he finds Kasabian circle scapegoat running a porn shop on the Hollywood strip. **Sandman Slim kindle books** Money is an issue if he's going to complete his goals (isn't it always?) so Vidocq hooks him up with a storekeeper that needs an odd job or two done. **Sandman slim reading order** I read voraciously until about a third in when it became more of a struggle: **Sandman slim synopsis** There were several interesting ideas that elevated it above the mundane including Stark's acquired resistance to injury the Jade and the underlying celestial conflict: **New sandman slim book** I found the Jade especially enjoyable her Chuck Taylors and their 'first date' together. **Sandman slim book 1** While the Sub Rosa was a snooze the Inquisitor Medea was nicely described and menacing, **Cyberpunk Sandman slim** Somewhat dreading a stereotypical war of heaven versus hell I enjoyed Kadrey's solution to the traditional plotting dualism: **Sandman slim audiobook** More troublesome was the middle of the road creativity largely of the kitchen sink variety, **Sandman slim book 3** I think my eyes rolled about the time the Nazis showed up to toss the bar: **Sandman slim book 11** I know they did when there was a trip to the magic emporium and by the time the Men in Black appeared I'm sure I looked possessed. **Sandman slim audiobook** Then the dialogue had loads of one liners made for action movies with far too many cultural references, **Sandman slim book 7** Brad Pitt? Scarface? Two Donald Trump references? Suuuure eleven years in Hell, **Sandman slim book 3** A number of inexplicably odd tactical moves and inconsistencies left me wondering if Stark was supposed to be dumb or the plotting was just that underdeveloped: **Sandman slimz** Yes I know I'm talking about logic in a book about a man who escaped Hell. **Sandman slimvox** But the general idea of a fantasy/sci-fi book is that the logic of the world and the characters needs to be consistent. **Science Fiction Fantasy Sandman slime rancher** Since the world basically was I was left with the conclusion that the protag wasn't heavy on the thinking skills. **PDF Sandman slim fit** One minute concerned about exposure the next minute

not (inviting the store manager into the fold?): **Sandman slim books in order** One minute making a deal about having a job (albeit owning a porn shop) the next minute not (blood on the floor? Paying the stoner help?): **Sandman slim books in order** Decides he's fine without his friends then drops/risks everything to help them : **Sandman slimz reviews** Then the hero is a bit of a Mary Sue fighter--talented invincible between his physical fighting skills his damage proofing and his magic key. **PDF Sandman slimfast** Not that there are violent scenes--which there are but usually not gore-focused--but our hero also fantasizes about violence. **Sandman slim reading order** But his is the good clean funny variety while the bad guys go for real evil: **Sandman slim kadrey** Doesn't seem to be taking itself too seriously so for the right reading mindset it's a nice bit of fun. **Science Fiction Fantasy Sandman slime rancher** I'll try the next just to see where several interesting shiny bits might lead and maybe to answer the question where the Sandman Slim label comes in, **Sandman slim tv tropes** Richard Kadrey Ohhh Sandman Slim what a date it was! My first encounter with dear Mr, **Sandman slim audiobook** "Sandman Slim" is cleverly entwined packed with fast pace and humor rollercoaster: **Sandman slimvance** The story is spiced with comical scenes sarcastic sneak peeks into pop culture and ordinary life, **Sandman Slim Science Fiction fantasy baseball** All this is flanked with lots of action scenes hitman stuff moral issues and mythological god vs devil fight: **Sandman Slim Science Fiction fantasy art** I fell in love with this book for its smart kick-ass humor it serves well as a counterweight to the darker violent side and makes this a subtle gripping and enjoyable read. **Sandman slim book 2** " Word must have gotten around about my cage match with M.... **New sandman slim book** My fave part! Let the swooning begin ☐☐ There's so much I love in Mr: **Sandman slimz reviews** He knows what real hell is and he feels sorrow and pain like all of us and he fights RL kicking and screaming! His roots his past wow. **Sandman Slim Science Fiction fantasy baseball** He's the same awesome or even more than Dirty Harry! Broadcasting dark humor in Jack Daniels style fighting the world with wonderful magic makes him a perfect anti-hero for me: **Sandman slimz reviews** I don't know if it was the spells the drugs the Aqua Regia or just clean living but I was changing: **Sandman slimz reviews** Every time I should have died but didn't I got stronger: **Sandman Slim kindle** That meant that the next attack had to be harder faster even more ferocious than the one before. **PDF Sandman slim** Each one changed me and that change meant that I was immune from a similar attack next time, **Kindle Sandman slim chickens** I had a little accident coming into town" I say giving her a sheepish grin, **Sandman slim tv tropes** It's a look that girls used to like when I was young and not entirely unhandsome: **Sandman slim book 4** Talking to a cute human girl that I might have flirted with in my former life I forget for a second that I'm no longer young or handsome: **Sandman slimz reviews** At the end of the day you're still Sandman Slim and I'm still a head in a bag that smells like someone used it to store an extra ass: **Sandman slim books** "Who f\*cked up my room?" "It's my room now and you did, **Sandman slim book 3** " Aww sweet K ☐☐Wanna know about the baddies in this book? Damn it but there are lots of them! I can literally count goodies on one hand fingers, **Urban Fantasy Sandman slimming** She looks like a librarian with some money and good taste in clothes but underneath the Versace she's Godzilla with tits..." Magical creatures and magical world in total. **Sandman slim novels order** I enjoyed the sneak peeks into magical world with master magicians and various evil creatures like fallen (or not) angels devils jades: **Sandman slim book 4** The magical weapons and things did get me excited for real (now I know what I want for this Christmas!) He changed right in front of us. **Sandman slimvox** It kind of glowed and it looked like there were things crawling around under his skin. **Sandman Slim cyberpunk wallpaper** The only reason the host doesn't drop dead immediately is that the neiros excrete supernatural energy. **Sandman slimvox** ☐ The characters are fascinating and likable even with their dark screwed-up side, **Sandman slim series in order** ☐The action humor and magic packed story is well-written and gripping, **Sandman Slim Science Fiction fantasy name** This book is awesome and I'll be most happy to continue my playdate with Mr, **Sandman slim book 3** Richard Kadrey I guess I'm just getting old but I'm so tired. **Sandman slim book 2** I started 3 (4 if you count Tooth Fairy which I gave all of 2 stars) Urban Fantasies recently. **Urban Fantasy Sandman slim fit** one I took off my

books completely as a waste of time and I didn't even bother to rate or review it, **Sandman slim kadrey** another I stopped reading and gave 1 star as another in a long line of anti-hero clones etc: **Sandman slimunox** This is another mouthy guy with attitude that I can't find even remotely believable in a world where good is rejected and Satan is seen (again) as a fairly reasonable guy: **Sandman slim book 4** (Heaven and hell are pretty much the same attitude wise apparently, **Sandman slim books in order** I mean he has hell so I guess he had to have a heaven): **Sandman slimz reviews** The protagonist opens the book having sneaked out of hell apparently having learned nothing from the experience. **Sandman slimvox** The first thing the guy informs us is that he hates cops and hero types. **Sandman slim book 1** still I love some Urban Fantasy books some are pretty good some just okay and others I find I wish I hadn't put my time into. **Sandman slim pdf** If you think it's cool to sneer at life embrace nihilism and determine what's right and wrong by your own appetites enjoy: **Sandman slim book 4** I'm frankly tired of idealization of protagonists who are cool because they get away with it or however you want to state it: **Sandman slim series in order** Third loser book in a row and I guess I'm a little tired (have I told you that?): **Sandman slim summary** Hope I can find a brain candy book next that I enjoy reading: **Sandman slim last book** Everything ends up broken ripped apart modified stuck together or shot to shit. **Sandman slimvox** I'd be naked as Adam and cold as a polar bear if it weren't for duct tape: **Sandman slim series books** A young human magician is thrown by some friends into Hell and he returns back to LA 11 years later ready for some payback: **Sandman slim audiobook** It is violent graphic hilarious and full of very quotable sayings but if I try to put more of them here it will take my whole evening, **Sandman slim kadrey** There be monsters there be Angels there be shady and vile humans. **Sandman slim book 1** There is enough blood being spilled to satisfy a starving vampire: **Sandman slimz reviews** Add a very angry lost and if it was his choice constantly heavily inebriated serial killer with no social skills and you get the picture. **PDF Sandman slim** not sure yet:):):) Shell we find out?:) I'm going to kill some people I tell him. **Sandman Slim Urban fantasy 5** His newest novels are {site\_link} The Everything Box released April 19 2016 and {site\_link} The Perdition Score Slim kindle direct** His newest novels are {site\_link} The Everything Box released April 19 2016 and {site\_link} The Perdition Score (Sandman Slim #8) released on June 28 2016. **Cyberpunk Sandman slim chickens** {site\_link} Ever read a book and find yourself thinking This is pretty good but it could have been face-melting awesome: **Sandman slim books** I really liked it but found myself picking some serious nits while reading it. **Sandman slim book 8** Mason managed to send Stark to hell but as a living person not a dead soul: **Sandman Slim Science Fiction fantasy name** 11 years later Stark learns that Alice has been murdered on Earth by Mason and his pals. **Sandman slim book 1** Determined to get revenge Stark breaks out of hell with a magical key that allows him to access almost any point in any dimension. **Sandman slimvox** This had a great concept with a lot of original ideas and some terrific action. **Sandman slim books in order** Mixing magic with various weapons including shotguns makes for some awesome carnage when things really get rolling. **New sandman slim book** However for the first 250 pages or so Stark just comes across as an unlikeable asshole who blunders about warning his enemies he's back and generally getting his ass kicked, **Kindle Sandman slim fit** ) The first half of this book consists mainly of Stark complaining about all the clothes he's ruined by getting repeatedly abused, **Sandman Slim cyberpunk red** The author has a bad habit of having Stark do stupid things that he acknowledges as stupid just to advance the plot and it's just chalked up to him being 'impulsive'. **New sandman slim book** Stark can access any point in any dimension with his supernatural key. **Sandman Slim kindle paperwhite** And when he needs to dispose of a body he steals yet another car and thinks about how many chances he's taking as he drops the body in the La Brea tar pits: **Sandman slim last book** When the action finally starts it gets massive in scale and imaginative in how weapons and magic could be blended: **Sandman slim last book** Stark become a bad-ass anti-hero instead of a whining jerk and the ending sets up a lot of possibilities: **Sandman slim series reading order** I hope future ones are more like the second half of the book

and less like the first half: **Sandman Slim Urban fantasy football** Oh and for you Donald Westlake fans the main character's name is Stark and one of the bad guys is named Parker: **Sandman slimz reviews** Get it? Richard Kadrey How could I have gone years without hearing about this book? Simply said I enjoyed it to a ridiculous degree. **New sandman slim book** I picked it up mostly because of the blurbs on the back authors I trust not to lie to me said glowing things, **Urban Fantasy Sandman slim jim** I was only 30 pages in when I called the local bookstore to order the other books in the series: **Sandman slim epub** It doesn't feel like he's trying to mimic the big powers in Urban Fantasy Butcher Harris Briggs whoever the current flavor is, **Sandman slim book 4** Kadrey is playing his own game here and there's a sort of fuck you attitude to the whole book that I really enjoyed. **Sandman slimvox** Kadrey has a way of phrasing things that left me smiling and chuckling to myself in public. **Kindle Sandman slim fit** " □ And the moral of this reread is: My #1 boyfriend, **Sandman slim last book** How anyone can resist his undying charm is one of the greatest mysteries of the universe if you ask me. **New sandman slim book** [August 2017]Cunningly/shrewdly/mercilessly/whatever ruling over millions of mostly brain-dead murderous crustaceans doesn't mean one cannot be a complete utter idiot sometimes. **Sandman slim book 1** I mean look at this delicious little piece of uproariously gruesome beauty here: **Sandman slim book** It's been sitting unread on my to-be-ruthlessly-crushed-to-be-read shelf for TWO bloody shrimping years. **Sandman slim books in order** You really have to be some special kind of nitwit a little distracted to let such a disgraceful revolting thing happen: **Sandman slim book 7** Why should I have read this decades if not centuries ago you ask? Because: □ This world: **Sandman slimz reviews** And bloody shrimping Lucifer (aka my hero and role-model extraordinaire) himself, **Sandman Slim cyberpunk wallpaper** You just cannot go wrong with such a beautiful collection of cunning devious ruthless perverse murderous bastards. **Sandman slim book** His slightly violent tendencies really are a thing of beauty. **Sandman slimz** I like to think of him as my boyfriend Daniel Faust's somewhat demented/manic/homicidal/vindictive cousin from L. **New sandman slim book** Such a beautiful collection of benevolent sane gentle decent sophisticated personas here, **Sandman slim last book** And it's not only the the villainous villains well-meaning Mother Theresa wannabes I am talking about here, **EBook Sandman slim** I mean they are quite adoption-worthy in a pleasingly repulsive way but it's my Stark's sidekicks I have a perverted weakness for: Vidocq because you know Vidocq and stuff, **Sandman slim book 1** Kasabian because who would not fall for a sleazy obnoxious undead head? And I am SO Kidnapping You Candy the Jade (IaSKYctJ™) because: Candy isn't using the guns anymore. **Sandman slim reading order** She's back to teeth and claws a meat grinder in tight jeans and Chuck Taylors, **Sandman slim book 7** Cute caring affectionate teddy bears really are pretty disgusting if you ask me, **Sandman slim audiobook** I really liked The Devil You Know and plan on reading more of that series and I am absolutely Cocoa Puff Coo Coo for the Monster Hunter International series, **Sandman slim tv tropes** To that rather scrawny list I now add the Sandman Slim series which I plan to continue reading as I think it has serious upside potential, **Sandman slim book 3** until Stark was betrayed by a group of his magician "friends" who had him literally sent to Hell in exchange for power wealth and other assorted knick knacks: **Sandman slimz reviews** Oh and the magic-wielding chunk-o-turds also decided to go ahead and kill the love of his life: **Sandman slim book 2** Can anyone else see the rage clouds of the revenge storm beginning to form? Flashforward 11 years later...: **Sandman slimz reviews** Stark is back from Hell and the experience seems to have been pretty handy. **Sandman slim book 2** To make matters worse for the assbaskets that betrayed him his pissed off meter has also undergone a round of steroid therapy and is glued on red, **Sandman slim book 7** Stark is a paranormalfied version of your typical noirtastic main character: **Sandman slim tv tropes** There are no real good guys in the cosmic battle ground and ever the angels are played with huge streaks of gray in them, **Sandman slim last book** Stark has nothing but contempt for both sides and treats them all with a hearty "fuck yourself" as he sees them as two sides of the same crooked coin. **Science Fiction Fantasy Sandman slim chickens** I liked Stark's you can kill me but you can't control me and I promise you'll limp when its over mindset: **Sandman Slim cyberpunk red** This is especially true when dealing with the good angels

who he holds in special contempt: **Sandman slim book 7** His anger laced expletive topped tirades at what they and their Boss have allowed to happen on Earth are some of the best moments in the book, **Sandman slim last book** In the end I liked Stark and the fact that he never really mellowed during the book: **Sandman slim book** You are in his head throughout the book and so you know he is not really "evil" and so it is easy to like the guy, **Sandman slimz reviews** He has a moral code (if seriously jaded and rough around the edges) and he looks out for his friends, **Sandman slim book 7** However he recovered nicely and when it finally came down to knocking heads around he was a one man force of nature that was pure fun to watch, **Sandman slim books** By the end of the book I was sold on Stark's potential as a really good character: **Sandman slim book** His inner monologues and outer tirades were often spiced with heavy doses of funny and I liked the overall tone of the story: **Sandman slim book 7** The writing was good and certainly didn't detract from the storytelling: **Sandman slim book** Richard Kadrey Having recently exited Hell Stark is rather peeved at those who had sent him there for eleven years and is eager for revenge, **Sandman slim books** Los Angeles comes in for some laugh-out-loud funny noir treatment: **Sandman slim book 3** Richard Kadrey - from his site Richard Kadrey has created a world not unlike Kim Harrison's Inderland a blended world in which the magical and non-magical co-exist. **Sandman slimvox** I love Kadrey's dark sense of humor which reminds me very much of the Hell Boy series and Christopher Moore's vampire books. **Sandman slim audiobook** I suppose it might be argued that Sandman Slim is derivative but the weaving of magical and the real has become a staple and what counts more is how the tale is told. **New sandman slim book** Kadrey maintains our interest by adding bigger-picture detail to Stark's personal mission, **Science Fiction Fantasy Sandman slim fit** If you thought that having one's head cut off would be a conversation killer think again: **Sandman slim book 4** Kadrey has filled his stage with impressive props magical weapons potions tools and pathways: **Sandman slim book 4** Thankfully Kadrey has kept at it and there are several more volumes if this one doesn't leave you steaming in a very warm place. It's scrumptiously in-your-face and charmingly aggressive. It's non-stop bloodbath action. And it's one hell pun somewhat intended. Which is kind of scrumptious and stuff. He is delectably raw. He is exquisitely offensive foul-mouthed irreverent rude. And wickedly snarky.

## Sandman slimvox

So there. Slightly unhinged. Slightly screwed up. Slightly reckless. Slightly violent. Slightly enraged. Slightly hilarious in a beautifully offensive way. Out for delicious revenge. BOOM. Kidnapped. I mean this guy is full of ARRRRRRRRRGGGGHHHH!. and it works. mostly. Life sucks and then you die. Now Stark's back and ready for revenge. And absolution and maybe even love. Resurrection sucks. Saving the world is worse. Sandman Slim (Sandman Slim #1) It's not just good . it's [author=Charlie Huston] good. Green Nightside story. Somehow that seems backwards. The ending had a great plot twist that surprised me. Sure the devil steals cable. But oh-so-dumb. Not my favorite kind of hero. There is a lot of violent imagery here. Overall--enjoyable definitely a fast read. . "Suit yourself. But with magic I don't ever run out of ammo." "No just brains. and the K...F\*ck me. I'm a rock star. And all I really wanted was a burrito. Memorable characters I can fangirl for. Stark! He's is a hard-core self-concious witty anti-hero. But that doesn't make him a grumpy misery person. But I didn't die. After a while I actually looked forward to the beat-downs. By the end I was a flesh-and-bone armor-plated Dirty Harry. "What the hell is wrong with your clothes?" "Yeah. I shift to what I hope was a more neutral expression. "I might need to pick up some new things. What do you think?" "Don't bother. I hear that arson is the new black." "Aw. Dying didn't work out for you? Boo hoo. Shove your James Dean wet dreams up your ass." "I miss Alice." "I miss my balls." K..... looks around. When you blew yourself up." "Oh right. That sucked. I enjoyed the magical system and creatures in this book. Voila!) but thanks god (or devil? ☐) it wasn't. His skin his bones his whole body turned weird." "Sounds like they gave him an assload of nebiros." "What's a nebiro?" "A parasite. They live off the energy of whatever they infest. They shit magic. Stark ☐☐☐ P.S. There is gonna be Sandman

Slim on the screen!!!!!!<http://www.slashfilm.com/sandman-slim.now> this one and it's the same. I don't mind antiheroes if their good antiheroes. I mean hell seems to be pretty much pointless.but sometimes he has to intervene and do the right thing. He's explaining why he intervened in a brutal carjacking.shameful for any tough mouthy antihero. I just couldn't get involved with this guy or his story.Maybe I'm too old and have read too much of this crap.but enjoy it if you like. I find it just what I called it above.There are very very good urban fantasies out there. It's just too bad they seem to be hard to find. Or maybe I'm just too critical or particular. Not for me. Richard Kadrey \*\*\* 4.25 \*\*\*I'm hard on things. I am rooting for . I pour the Jack into the coffee. Probably a lot of people.The bartender picks up a rag and starts wiping glasses. Guess someone's got to.Thanks for understanding.? This is one of those books for me. Plus there are some serious logic gaps. Yet he seems to prefer stealing cars.However the ending redeemed this book a lot. I like Kadrey's writing. It doesn't feel like he's trying desperately to impress me. Also the language is gorgeous. Not lyrical and arty. That's a rarity for me these days. Richard Kadrey "Fuck me. I'm a rock star. And all I really wanted was a burrito. Worse than the bogeyman and tooth decay. Not a fan of mythological soap operas (a shame that). The Joseph Stalin of laundry. Loves painting walls with livers and spinal cords. Gives fellow monsters girls booty calls to massacres. Always in for a cigarette a drink and a lobotomy. Ergo I forgive myself. Such a splendidly generous soul I am .So. This story. It's original. It's creative. It's dark and noir and stuff. It's gritty. It's messy. It's blackly hilarious. It's twisted. It's brutal. It's quite devastatingly beautiful really. Also it features asshole angels and yummy demons. □ This writing. It's first person too. Also he shoots/cuts/chops first and asks questions later.A. So much bloody shrimping hotness. No wonder it was lust love at first sight between us. And just like that forever doomed I was. □ This yummy cast of luscious supporting characters. So beautiful. Sigh. When I should be somewhat devouring Edge of Forever. Life was sitting pretty. This is the UF genre's take on hardcore noir fiction. Dark yes blasphemous oh yeah.but seriously compelling reading. 3.5 stars for this one and high hopes for future installments. He has a fondness for stealing cars and making mayhem. In Sandman Slim it is told very well. This is a fast-paced fun read from start to finish
