I'm not sure if I liked this book or not. Okay the book yes the ending not so much. So many questions are still not answered. And I require answers. I normally binge-watch a whole season or more. I highly recommend this series. The whole series. This is a hilarious start to a new mystery series. The characters are wonderfully quirky. I look forward to the next book in the series. One thing I didn't love was the love triangle element. I really hated that Hanna and Morrison slept together. St. I am DYING for book 2! Highly recommended to PNR lovers. Contemporary Humor and Comedy Paranormal 3.5 I'm going to start with a complaint. The title has no relevance to the story. Ok moving past my admittedly pedantic complaint. I enjoyed this.
