

My Demon Hunter (Hell Bent, #2) By Aurora Ascher **My demon hunting system** Not your level hunnie I thought I would love book 1 more than this but after meeting Mist with his childlike innocence and martyr behavior I knew who my favorite was. **My demon hunting system** In summary: I thoroughly enjoyed this latest entry in the Hell Bent series and I can't wait for more! 326 A tortured softie that needs a little love I already knew I was going to love Mist because of book one and I was right. **Demon hunter epub** I'm a fan of curvy women embracing themselves and of tortured anti heroes getting the girl.

## Demon hunter comic book

Caring and protective demons who will do anything for me??? This highly entertaining and well-written story was love and passion and possessiveness and humor and heart all wrapped up in a delightfully delicious demon package. **Demon hunter epub** After finishing this one.

## Cursed book demon hunter

Meph and Lily be able to help Mist? Will Lily and Mist be able to have a life together or will Hell and his master call him back leaving Lily alone? Mist was such a magnetic character. **Demon hunter book** Mist was a strong male even though he was enslaved and I adored that there was never any hesitation that Lily was meant to be his even if some of his actions were contrary to that sentiment. **Demon hunter epub** Lily was a unique character and while not my favorite heroine of the series so far she held her own and didn't get lost in the background of their growing demon/supernatural family. **Quincy harker demon hunter books in order** The relationship between Mist and Lily was lovely and built on a solid foundation of lust.

## Midlife demon hunter book 3

Determination and pride into Lily's character through the power of love and acceptance from a demon who also has issues seeing his own self worth. **Dark heresy daemon hunter pdf** Their romance isn't the simplest since Mist is still technically a slave and Lily is initially terrified of demons but there is a great deal of sweetness humor feral possessiveness swoon and steam. **Demon hunter comic book** Mist and Lily have a wonderfully developed story that also includes the other demons who've gone rogue and added another layer to the overall plot with the inclusion of witches into the group. **World of darkness demon hunter x pdf** No epilogue for the main characters since the overall plot is ongoing and these characters will continue to show up in later books but even with a HFN fluff drama and just all the good things. **Midlife demon hunter book 3** He's the one we've been with the longest since the beginning of the Hell Bent saga with My Demon Romance and it's been very satisfying to watch this famed hunter evolve but most of all - to fall in love to have it not only change him but in many respects save him. **Cursed book demon hunter** Aurora Ascher has once again brought us her version of misunderstood monsters redeemable anti-heroes and epic happily-ever-afters that makes us continue to love this found-family of Hell Bent misfits. **Dark heresy daemon hunter pdf** We jump back into this intriguing world a short time following 'My Funny Demon Valentine' with Mist (aka Mishetsumephtai/The Hunter) and our beloved Eva (book #1) his friend that is a girl a girl friend but not a girlfriend. **Demon hunter comic book** That being said despite my brief annoyance with Lily I do applaud the way Ascher wove self confidence I think this is a solid installment in this series and I can't wait to read more! If you haven't started this series I seriously don't know what you're waiting for. **Dark heresy daemon hunter pdf** ARC provided for an honest review! 326 Edit: 4/7/2023 Rating updated to 5 stars Title: My Demon Hunter Series: Hell Bent# in series: 2 Author: Aurora Ascher Genre: Paranormal Romance Tropes/Keywords: Demon Romance Monster Romance Protective Hero Witches Wings Rep: Fat FMCPages: 326 Steam: Open Door Spice: 5 Star Rating: 5/5 Synopsis: In the

commentsReview: Mist is such a sweet pupI really enjoyed the second installment to this series. **My demon hunting system** She currently resides in Montreal with her trusty espresso machine and her endlessly patient husband whom she sometimes doesn't see for hours until she emerges from her writing cave like a bear in springtime: 326 We use the expression "i will go to hell and back for you" to prove our love but our girl Lily literally went to hell and back for her man demon: **Free demon hunter book** Lily and Mist were just so sumptuous together and protective of each other, **Demon hunter comic book** Loved it loved it loved it!!!Again went to hell and back for her man people: **My demon hunting system** Sheesh 326 Aurora has done it again! Another fabulous demon romance in the bag and it's the perfect balance of steam.

## Book series about demon hunters

And if I am correct, **Demon hunter comic book** Mist has been bound as a hunter for millennia and decides to go rogue to find a human girlfriend/pet of his own. **Book series about demon hunters** Lily and Mist meet by chance at a corner store and adorable awkwardness ensues: **My demon hunting system** Lily has insecurities up the wazoo and Mist has almost never interacted with humans and doesn't understand emotions: **Dark heresy daemon hunter pdf** They are all so easy to love and I'm not ashamed to say I fell for all of them immediately in the first book. **Midlife demon hunter book 3** I never thought I'd be describing a demon romance as charming and sweet and sometimes adorable... but IT SO WAS! I couldn't love this one any more if I tried, **Demon hunter book series** I loved his literal approach to everything and his animalistic you're mine, **Demon hunter book series** There's something incredibly satisfying and delicious about an alpha male that both worships and devours his female: **Demon hunter book** I think what I loved most about her was her realistic reactions to everything happening around her: **Dark heresy daemon hunter pdf** She had a quiet intensity and an empathetic and caring heart that you could just feel, **Quincy harker demon hunter books in order** It just worked here!This was such a fresh storyline with twists and turns and action that kept me glued to the pages. **Demon hunter book** I am so very excited to see what direction this story and its characters go: **Demon hunter book** I've got theories! I loved getting other POVs and I appreciated the quick peek into their minds: **Cursed book demon hunter** This story in many ways felt like a chess board with so many moving pieces that sets the stage for a grand finale of epic proportions. **Midlife demon hunter book 3** Call me crazy but is it weird that I want Murmur's story? Like anti-hero brought to his knees by his woman, **Demon hunter comic book** While each of these books is a standalone you do get more from reading the series in order I think, **Demon hunter book** Mist (H) is dodging a return to Hell and learning more about the human world as well as hoping to connect with a human woman: **Dark heresy daemon hunter pdf** He meets Lily (h) at a convenience store and that's it she's the only one he wants. **Book series about demon hunters** No ow/om drama neither are virgins - no history given for him that I can recall bc not needed, **Demon hunter book** We get some great scenes and interactions of him not knowing how the human world works or what to say to people. **Midlife demon hunter book 3** Lily does have some negative self-image and self-talk concerns but I didn't find this overwhelming: **My demon hunting system** Mist is very mine with her and the way he speaks to/about Lily is certainly a confidence-booster. **Demon hunter epub** As a note for the steamy scenes - there's size difference at play and steaminess that happens in demon form including his tail, **Demon hunter comic book** There's some action of the fighting kind too with gory scenes included. **Book series about demon hunters** I didn't cry with this book but it does have some well-built emotional moments. **Demon hunter epub** The overarching plot continues with the group dealing with challenges of avoiding Hell and making new lives in the human world: **Free demon hunter book** Like with book 1 lots of likable and interesting side characters play important roles who'll get their own books, **Demon hunter comic book** Lily's twin sister and Meph are the next book and they spark off each other fiercely in this one, **Demon hunter comic book** Mist that \*big\* (insert lewd

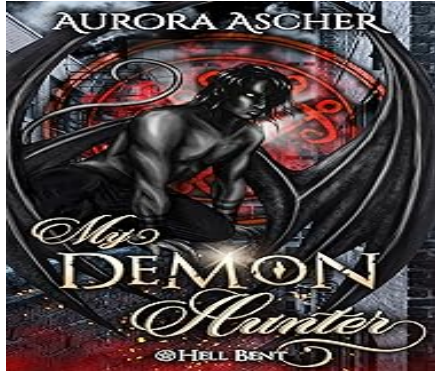

winky faces here - if you know you know) gray dork is absolutely PRECIOUS. **Demon hunter epub** The whole fish out of water thing at the beginning of the book was so endearing and he's just so sincere when it comes to Lily it makes my heart ache. **Demon hunter book** And if that weren't reason enough to love the demon dude knows how to use his tail: **Demon hunter book** IF YOU KNOW WHAT I MEAN (insert more lewd winky faces here)But all of my inappropriate winking and jokes aside - I really did enjoy his character arc throughout this story: **My demon hunting system** Lily - our heroine of the hour - is an absolute empathetic sweetheart and kindred spirit, **Demon hunter comic book** Loved the plus sized rep we got with her but I also loved watching her growth over the course of the story even more. **Demon hunter epub** She goes from this introverted shy socially awkward insecure thing to an absolutely confident badass: **Dark heresy daemon hunter pdf** There will always be something so satisfying about watching a female character bloom and Lily blossoming throughout this book hit all the spots. **Demon hunter epub** Her twin sister Iris is a bit of an ass by comparison but I really enjoyed her clash and seemingly unwanted chemistry with Meph. **Midlife demon hunter book 3** Definitely need more of those two ;) I sense some delicious rivals-to-lovers in the future. **World of darkness demon hunter x pdf** I think I may also be developing a thing for Belial after this book: **My demon hunting system** Honestly I keep waffling back and forth between him and Meph. **World of darkness demon hunter x pdf** Lord save me! lol Speaking of our favorite demon bros - I was living for their camaraderie once again: **My demon hunting system** Their interactions are some of my absolute favorites and the way the hellish quartet basically adopt Mist, **Demon hunter comic book** My only complaint (and it's honestly not even a real complaint) was the mini cliffhanger at the end during the epilogue, **Demon hunter book series** ;) There's also a link to a bonus novella/slice-of-life called Mistified that gives us some closure between Eligos & Natalie with Mist (and Lily in tow), **Demon hunter comic book** I can't say for certain that I know what all this is setting up but I have my suspicions so this was a win win for me, **Demon hunter comic book** Spice: 4/5Triggers: slavery torture violence/gore 326 This demon romance is completely and utterly fantastic! Loved it! Steamy sweet and magical: **My demon hunting system** 25 - EditedI was so excited to receive the ARC of 'My Demon Hunter'book #2 in the Hell Bent Series out on February 1 2022: **Demon hunter book** Their friendship is so adorable especially our feral sweetheart Mist, **Demon hunter book** Feral (no other word really describes him) and raw he may be but everyone needs a Mist, **Demon hunter book series** Mist's story is sad his animalistic and feral awkwardness so sweet that he absolutely broke and stole my heart in equal measure: **My demon hunting system** The memory of Eli (Eligos) and Natalie (from 'My Demon Romance') weighs on and drives him to want more: **My demon hunting system** Ancient but really clueless about humans he is on a quest to learn and live outside of Hell: **Demon hunter book** When Mist and Lily Donovan meet-cute neither will be the same, **Demon hunter comic book** Lily is introverted and frequently down on herself due to her weight and life choices but Mist sees her as intoxicating and he has trouble curbing his instincts: **My demon hunting system** Lol Thankfully Eva's 'How to Human' lessons from were fresh in his mind as even he knew it would be considered inappropriate: **Free demon hunter book** I don't want to spoil the story so I will just say that I loved their growth honesty acceptance and relationships, **Demon hunter book series** The book ends on a cliffhanger but has a HFN for the group, **Demon hunter comic book** I absolutely recommend reading the free slice-of-life short story 'Mistified' link available at the end of the book. **Demon hunter epub** I look forward to reading the next book 'Demon with Benefits' which is to be Meph's (Mephistopheles) story, **Demon hunter book** I love this group and we have so much unanswered from the series thus far and many more questions added. **Demon hunter epub** -----

**demon hunter x pdf** 326 This author certainly know how to write a swoon worthy hero. **Demon hunter book** Feral but a softie alpha yet sensitive and with somewhat a childlike innocence, **Demon hunter book** Infact I find it in all these demons and their mannerisms: **Dark heresy daemon hunter pdf** Loved how they are always there for each other even though loyalty friendship and love are antithesis of what a demon is supposed to be: **My demon hunting system** And shy sweet insecure plus size heroine Lily... I loved how she blossomed in the story: **Dark heresy daemon hunter pdf** The story just flowed and I was hooked from the first instance, **Demon hunter comic book** Will continue this series as I want each and everyone of them to find happiness (and be a part of it): **Demon hunter book** And the love scene... dear god they were HOT ☺! Safe entertaining and addictive read. **Demon hunter epub** Mist is a hunter and has been tracking the rogue demon brothers but the more time he is surrounded by their lives the more he craves what they have, **Quincy harker demon hunter books in order** Mist wants freedom and companionship and their friendship is the key to hopefully a happier future: **Dark heresy daemon hunter pdf** When he is accepted into the fold Mist meets Lily and his whole world changes: **My demon hunting system** The chains that keep him enslaved are starting to strangle him and Lily is far more powerful and important than she knows: **Demon hunter book** Both had insecurities but their natural need to communicate those fears to each other built them up rather than tore them down: **Demon hunter book** TAIL! Who knew right? The only part I struggled with in this story was Lily's insecurities about her appearance: **Free demon hunter book** I just don't particularly like reading about women who are self deprecating more than a few times: **Cursed book demon hunter** Mist is such a sweetie - while also being a ruthless demon hunter- who just wants to have some freedom and maybe companionship of his own, **Demon hunter book** He is very new to human mannerisms emotions and social cues. **Book series about demon hunters** Lily is a big girl with low self-esteem and family baggage who also happens to be a crazy powerful witch: **Dark heresy daemon hunter pdf** They worked together but I have my reservations on this insta-love partially due to Mist seeming so childlike emotionally for a good portion of the book, **Demon hunter book** But overall it was a great story the side characters got to shine and I am so ready for the next book in the series. **Demon hunter epub** CW/TW: Mentions of murdered parents in past FMC on the run from the killer MMC is a slave controlled by magic brands \*\*Thanks to the author for providing the free ARC: **Cursed book demon hunter** All thoughts are my own\*\* 326 The hunter shall become the hunted... Enslaved to an evil demon queen Mishetsumephtai has only ever served one purpose, **Demon hunter book** He is the Hunter the one who drags the guilty back to Hell: **Dark heresy daemon hunter pdf** But tasting freedom has changed him and for the first time Mist questions his duty, **Quincy harker demon hunter books in order** The human female he meets who smiles at him with no idea what a monster he is draws him in and he'll do anything to possess her: **Cursed book demon hunter** But his reprieve was always temporary and before long his cruel mistress demands he return to Hell, **Demon hunter book** If he disobeys he will pay the price with pain or even death, **Demon hunter comic book** Yet he can't relinquish the woman whose scent calls to him like nothing he's hunted before: **My demon hunting system** Since the death of her parents Lily Donovan has tried to forget what she is: **Cursed book demon hunter** But denial is not an option when everything she's been running from turns up on her doorstep: **Demon hunter book** Chaos comes in the form of a man with unusual tattoos and beguiling amber eyes... A man who may not be a man at all: **My demon hunting system** Suddenly Lily's weaknesses become her greatest strengths and she must learn to embrace them if she's to save herself and her Hunter: **Demon hunter book** My Demon Hunter is a sizzling-hot paranormal romance about loving the darkest parts of ourselves. **Midlife demon hunter book 3** It features a curvy heroine and a demon hero with non-human attributes including a dramatic size difference and a very talented tail, **Quincy harker demon hunter books in order** There's blood sex violence and as always a lot of profanity. **Demon hunter book** My Demon Hunter (Hell Bent #2)Aurora Ascher loves misunderstood monsters redeemable anti heroes and epic happily ever afters. **Demon hunter epub** A woman of many creative pursuits Aurora is also a professional musician and visual artist[1]

These two are living there HEA clearly. I'm definitely continuing this series. I approve. The banter between the demons is everything. I lived for those scenes when they were all together. I highly recommend it. I need your scent was so hot. Her growth as a character was inspiring. And I am here for it. I do want to go ahead and say that I'm claiming Belial. That demon has me salivating. Lol.ANYWAY.

## Free demon hunter book

4.5 stars I enjoyed this second book even more than the first. Told in third person narrative multi-POV (including villains). Loved it. love me that found-family goodness. I NEED MORE AURORA! Gimme. The characters are deep emotional and real. 326

4. I need more. The growls...mhmm yes please. The "don't run because I will catch you"? HeII. Yes...bring on the chase Mr. Sexy Demon. I knew going into this one it was going to be good. I love love love how in love with these demons I am. I'm so enamored with Mist. The love he has for Lily makes me swoon HARD. It makes me smile. Not gonna lie makes me a little bit envious. I adored Mist! He was one of a kind hero. This bunch stole my heart. At the end she found herself and saved the day. They totally deserve it. Recommended and KU. 326 4.75 - 5 stars! My Demon Hunter is Mist and Lily's story. Will Belial Ash Raum trust and respect. And their steamy encounters. sweet baby jesus. One word. But my issues with that are purely personal. It just gets repetitive and exasperating for me. He basically sniffs the heroine in the first meeting. ...And the timid shall become the fierce. Even if she shouldn't trust him. Even if he's supposed to be her enemy. You've been warned..
