And Give Me a Reason by Liz Durano. I voluntarily reviewed a copy of this anthology. Each story is short and easy to read. Give Me A Reason is my favorite. It's the sweet second chance story of Devyn and Todd. They just need to take the leap and follow their hearts. We witness how cruelty can lead to desperation. The Blue family got what they deserved. I won't spare a tear for them. She initiates the quickie with Aidan not Officer Porter. And she's may me a devious mastermind. Not until he walked into my life. Trent Callahan. The man with my heart in his hands. But I fear that's not possible. Because he loves his job more than anything. Even me. Reese Triggs works two jobs to make ends meet. He isn't rich by any means but is comfortable in life. Thankfully it sends on a happy note. Want more Reese? Find him in the Insomniac Duet. The two have been through a lot and need a break. Their bite size story is sweet and full of steam. This was such a quick read. Can't wait for the full book to come out. She o KU has one friend Carter. So Carter asks her to go with him. This is her chance to finally show him how she feels. Ugh. But what comes next is a shock to both of them. It was short steamy and right to the point. I loved that about this. Though they are taking 2 of their friends as well. And boy was it pleasure and hot. I plan on buying the book once it is released. It is a frenemies to lovers story. My only complaint is I want more.
