

Guardian Demon (Hell Bent, #4) By Aurora Ascher **Guardian demons** "I want to own you.

Guardian demons

You can ruin me ANY day! The romance was fiery and emotional but the story going on behind them was pushed forward a lot and we got to learn a lot more about what is to come. **Guardian demon asmodeus** If you haven't started this series and love paranormal romance with found family.

Guardian demon breun street

Aurora Ascher has shown me that I clearly need to go to hell and find me a demon!*****Rating: 5 stars Steam: 3 flamesGenre: Paranormal Angels and Demons Second Chance Romance Grumpy / Sunshine*****Raum Raum Raum bless his poor demon heart. **Guardian demon in love with me** Once again excellent storytelling great characters and a world that I never want to leave had me turning pages as fast as I could gobble them up! I am thoroughly impressed with this entire series and have fallen in love with each and every character. **Guardian demonkey** A must-read/one-click series that gets all my recommendations! Guardian Demon (Hell Bent #4) When I tell you this book had me blushing! ☐ Top tier spice with all your favorites sprinkled in. **Guardian demon asmodeus** Overall I really enjoyed this book! I read it on kindle but also ended up purchasing a paperback for my bookshelf because I feel like I'll def re-read these! Guardian Demon (Hell Bent #4) After the last book I thought it was going to be next to impossible for Aurora Ascher to top it - and then Raum said Challenge Accepted. **Guardian demonblade** This book is by far the best in the series thus far and while I have high hopes for the next book being another favorite given the Beauty and the Beast vibes I think this one may remain my favorite forever. **Guardian demonhub ga** Lately Raum has been feeling adrift from his brothers now that most have found happiness with their partners and while Belial is still single his raging moods push Raum away rather than provide camaraderie in their loneliness. **Guardian demon bookpedia** Sunshine was such a confused soul and I felt my heart breaking for her every time she wanted to go to Raum but was held back by what Heaven had told her was right and wrong. **Guardian demonhub** Surely someone who made her feel special and safe would be worthy of mercy and once she realized Raum was in danger she immediately did what she could to ensure that he couldn't be hurt again. **Guardian demons** Raum was equally as protective of Sunshine and once their chemistry sparked heat between them leading to some steamy nights I knew for sure that he was never going to let her go. **Guardian demon bookpedia** 6 Stars! Title: Guardian DemonSeries: Hell Bent# in series: 4Author: Aurora AscherGenre: Paranormal RomanceTropes: Enemies to Lovers Grumpy/Sunshine Secret History TravellingSteam: Open DoorSpice: ☐☐☐☐☐/5Star Rating: ☐☐☐☐☐/5Review: I have been so excited for this release. **Guardian demonkin flag** I highly recommend this series and starting from book 1 My Funny Demon Valentine BUT if you cannot help yourself and want to dive into the middle I feel like you could read Meph's story Demon with Benefits or this one but there will be part of the story that might be confusing. **Guardian demonkite** Each character is distinct each couple unique in their dynamic and the

natural chemistry and camaraderie between all of these characters when they get together and interact fills me with a kind of joy I can scarcely describe. **Guardian demons** The writing and storytelling in this installment was fantastic as well - it's been so fun to watch Aurora grow as a writer as she hones her craft with each new book (and I already loved her earlier stuff to begin with). **Guardian demon bookpedia** While Guardian Demon is certainly thicc (the thickest of the series so far) the pacing is excellent the stakes engaging and all of these new plot threads and seeds and easter eggs and mysteries kept me absolutely glued to the book from start to finish. **Guardian demonfall** (and their bedroom activities are excellent yes please and thank you; Sunshine is a girl after my own heart IYKYK ☺☺)The ultimate twist in this book however isn't the obvious one surrounding our main couple's relationship (although the actual details of that entire ordeal were shocking in their own right and the fallout surprisingly poignant) - but there are larger players in this game and more subterfuge afoot than I had anticipated and I can't wait to see where all of this goes. **Guardian demonhub** AURORA! I NEED ANSWERS! ☺Oh - and one other point to note: a certain someone gets their long overdue comeuppance and not only is it extremely satisfying from where I'm sitting but its delivery? Surprising in the best sense. **Guardian demonheart** 75 stars!!A sexy as sin demon with a forgotten past and a tenacious angel looking for a brighter future cross paths only to discover their paths are more entwined than they think. **Guardian demonhawk** This is the fourth book in the Hell Bent series and really shouldn't be read as a standalone because there is an overarching plot you won't want to miss!Our hero Raum feels hollow and finds little joy in things outside of his found demon brothers simple theft (ya know crow and all) and working with animals. **Guardian demonblade tryndamere** Will Raum and Sunshine find that which has been lost?What I loved most about what was weaved into this story is that no matter your lot in life what or who you are Sunshine. **Guardian demon in love with me** "With that kind of talk Raum hot and passionate steam and suspense and angst to keep you engaged then definitely give this series a try! ARC provided in exchange for an honest review. **Guardian demon vs guardian angel** Guardian Demon (Hell Bent #4) we finally learned why Raum lost his memories and it was so heartbreaking ☺so we have an angel named Sunshine ☺ and the demon Raum ☺ she kidnapped him to make a bargain with him☺ they went hell to get a book from another demon so she can become a higher angel ☺ they didn't success but along the way they fell in love ☺☺ but waitttttt there's some plot twist here ☺ an angel named Raphael is actually evil ☺ some fighting chopping killing scenes here ☺☺ after this everything solved conveniently and the demons finally get free ☺☺☺♀no ow/om no third act☺ Guardian Demon (Hell Bent #4) A demon with a forgotten past... Raum is the quiet one who rarely smiles. **Guardian demonhide** That is until he crosses paths with a beautiful angel who traps him with the worst kind of blackmail... An angel searching for redemption... A loyal servant of Heaven Sunshine is fighting to regain her rank and redeem her shameful past. **Guardian demonblade** But when hints of Raum's past finally come to light a web of deception and betrayal is revealed that changes everything... Guardian Demon is an enemies-to-forbidden-lovers grumpy/sunshine paranormal romance featuring a lovable anti-hero who shifts into a crow and likes shiny things and a curvy kick-ass heroine with a big heart. **Guardian demonfall script** She currently resides in Montreal with her trusty espresso machine and her endlessly patient husband whom she sometimes doesn't see for hours until she emerges from her writing cave like a bear in springtime. Each book has been so enjoyable and this one took it even further with a more plot driven story: **Guardian demonhub ga** This fourth installment in the Hell Bent Series broadens the story so much and the world the characters live in, **Guardian demons** I can't freaking wait to see where the next book takes us! Raum and Sunshine's story starts off with them both feeling profoundly lost, **Guardian demonka** Raum having lost 300 years of memory as a demon and Sunshine having been punished for something and demoted in the angelic ranks, **Guardian demonbuddy** Raum starts to find purpose working at an animal shelter while Sunshine is tasked with retrieving with an important book for her mentor. **Guardian demonhub ga** A book that just so happens to be in Hell.

Guardian demonka

Or where you came from...it does not define your soul: **Guardian demons** One can be an angel and be the most vindictive and hateful being to ever exist: **Guardian demonblade tryndamere** One can be a demon and be the most caring and thoughtful being to walk the plane: **Guardian demonblade tryndamere** One can be a little bit naughty and a little bit angel: **Guardian demonhawk** Identity is not black or white and the nature of your soul is what YOU make it. **Guardian demonbreun street** Raum and Sunshine were perfect examples of characters that did not let those around them define and dictate their choices and actions, **Guardian demonfall trello** Their choices were their own and I loved the development of their personalities individually and as a couple, **Guardian demonfall trello** Raum was not quite as alpha or animated as I was expecting him to be but he more than made up for it in the bedroom and it was spicy.

Guardian demonheart

Spicy: **Guardian demonblade** He was more of a quiet strength that packed a punch and I was here for it, **Guardian demon copperhead** Sunshine was a sassy angel that had a backbone of steel but I loved the way she melted for Raum. **Guardian demon names** The vulnerability in their relationship was so romantic and passionate: **Guardian demonfx** Raum had this way of grounding Sunshine because she was balls to the wall all the time lol. **Guardian demon bookpedia** Sunshine had a special way of bringing light into Raum's life when he had felt it missing for so long: **Guardian demonblade tryndamere** It's hard to write two characters from different worlds but Aurora did a fantastic job at melding the paths they came from to make a new special one just for them. **Guardian demonkin** Raum and Sunshine may not be my favorite couple of the series (I have a soft spot for Meph and Iris so far) but they had a unique coupling that I seriously loved: **Guardian demonfall trello** I also want to thank Aurora for giving us Murmur's story next...been waiting for that storm cloud! And of course Bel. **Guardian demonbreun** There were so many twists and turns in here and the angst and steam was perfectly balanced as usual. **Guardian demonkin flag** I love the world Aurora has built and the intricacies she has painstakingly worked out to make everything make sense without plot holes, **Guardian demons** Raum has lost all his memories a punishment for a transgression that he can't remember, **Guardian demonbuster** Raum feels empty...Sunshine an angel that was demoted and has been working hard to get back into the good graces of the angels: **Guardian demons** She has been given the task of finding a grimoire and little does she know her world is about to get very difficult. **Guardian demon copperhead** These two couldn't be more opposite and their paths are about to cross and both of their lives will be irrevocably changed. **Guardian demonbreun** I am already a devoted fan of this author and I highly recommend this book and series: **Guardian demonhub ga** It's also so full of heart and raw emotion! Obsessed doesn't even begin to describe my feelings about this series, **Guardian demonkin flag** This series and the found family trope it does so beautifully where angels can't safely travel. **Guardian demonbreun street** Sunshine sets her sights on one particular demon to help her with the task. **Guardian demonfall script** And together they take us on a journey of what unconditional love means and how important healing is: **Guardian demonblade tryndamere** I knew...I JUST KNEW Raum was going to be deliciously naughty, **Guardian demonka** *heart eyes* Getting into his head was much-needed (by me) and it was a wonderful and beautiful thing. **Guardian demonhead** After reading the first three books plus the prequel you'd think I wouldn't be surprised by how much I love this authors writing and these sexy AF demons she's given us: **Guardian demons in my orbit lyrics** But I keep getting blown away with each book I read from her: **Guardian demonheart** Phenomenal storytelling talent and an outstanding paranormal world kept me hooked fascinated me and kept my heart full of delicious demon love, **Guardian demonkite** The absolute perfection of Raum had me out of my mind with pure lust and happiness and swoony demon goodness: **Guardian demonfall codes** He was quiet sometimes grumpy yet so observant of everything and everyone, **Guardian**

demon bookpedia And his love for animals and his connection to them is the sweetest made me adore him all the more, **Guardian demonheart** The way they were drawn to each other made me smile swoon and tingle all at the same time, **Guardian demonkind** There is a reason Raum and Sunshine can't stay away from each other: **Guardian demons** It's a very good reason a powerful reason and I love that nothing was going to keep them apart. **Guardian demonbreun** The beauty and strength of their love made me ridiculously happy and dizzy with pleasure and contentment, **Guardian demon in love with me** It has humor heart and spicy demon goodness all wrapped up in a pretty black bow, **Guardian demons** Guardian Demon (Hell Bent #4) I'll never look at a crow the same! What an absolute blast this book was: **Guardian demon bookpedia** Sunshine was strong lovable with a commendable capacity for loyalty. **Guardian demons** I loved how she lets out her naughty slightly crazy side the more she was with him, **Guardian demonbuster** Aaaaand the gang is back guys! How I loved all of them together, **Guardian demon bookpedia** For such a dangerous gang of fugitive demons Raum Meph Bel Mist and Ash were hilarious together. **Guardian demonkey** I can't wait Murmur to join them! (I sincerely hope he does, **Guardian demonfall script** Another thing I love about this author is how effortlessly she blend humour in to each page and pull it off: **Guardian demonhawk** I also enjoyed the unique characteristics she gave to each demons, **Guardian demons** Not standalone but this series is worth it! Included in KU, **Guardian demon names** I voluntarily reviewed ARC of this book for an exchange of honest review: **Guardian demonfall codes** Guardian Demon (Hell Bent #4) Grumpy Demon + Sunshine AngelBack for the 4th book in the Hell Bent Series which follows Raum and Sunshine's story: **Guardian demonfall book** If you've read the other books which I'm assuming you have then we know Sunshine is Dan's friend from heaven: **Guardian demonfall trello** When she gets an important task from heaven in order to regain her rank she ends up needing the help of a demon. **Guardian demons** What better way to ensure she gets it than kidnapping one and forcing it into a contract. **Guardian demonfall** Quiet brooding Raum who loves animals and hates angels since one ruthlessly wiped 300 years from his memory: **Guardian demonhawk** This one made me laugh cry and strangely enough feel a lil bad for creepy ol Murmur, **Guardian demonkin** Guardian Demon had me on the edge of my seat and staying up past midnight to finish it. **Guardian demonfall** I couldn't put it down I almost forgot to eat dinner and I'm pretty sure an earthquake happened that I completely ignored, **Guardian demonbuster** I love a good enemies to lovers and this was exactly that in the most literal sense. **Guardian demonfall codes** Angels and demons quite literally converge and forbidden love is shown at its finest, **Guardian demon copperhead** You also have some other tropes thrown in but believe me you'll want to discover those for yourself, **Guardian demonfall codes** So if you know me you may be able to guess what they are. **Guardian demons** The only thing keeping him stable is the occasional petty theft and his newly acquired job at an animal shelter: **Guardian demonblade** Until he meets Sunshine a seemingly harmless yet beautiful human, **Guardian demons** who turns out to be an angel set on blackmail and repairing her own tarnished past, **Guardian demonka** Sunshine knows her attraction to Raum is inexcusable and resistance to it is her only option, **Guardian demonhead** But with each moment she is forced to keep his company she finds herself drawn to him more and more. **Guardian demonkin** And then there are the dreams that are plaguing both of them dreams that seem more like memories and leave them reeling with feelings that feel both foreign and familiar. **Guardian demons** With Sunshine's reputation in Heaven on the line she can't afford to act on her feelings. **Guardian demonfall** Even if tearing herself from Raum will be the most difficult thing she has ever done. **Guardian demonfall** I have always loved Raum but this book really solidified how much of a sweetheart he truly is. **Guardian demons in my orbit lyrics** His actions towards animals his generosity towards Sunshine when he had no reason to be kind to her and his tendency to put others ahead of himself all endeared him to me: **Guardian demon asmodeus** But she could never understand why being with a demon like Raum felt so right: **Guardian demonblade tryndamere** I was also a big fan of his demon form as was Sunshine and I thought it was so heartwarming to see how Sunshine reacted and made sure Raum knew she was not afraid. **Guardian demonfall script** Raum needed that acceptance of his whole self and

Sunshine made sure he didn't feel less than. **Guardian demonblade tryndamere** Although this enemies to lover tale was full of bumps and twists ultimately there was so much redemption and healing that made it all worthwhile, **Guardian demons** Raum and Sunshine had been through so much they deserved the happiest of happy endings: **Guardian demonbuster** I need this anti-hero to get his own book and the fact that it's going to be themed with Beauty and the Beast vibes? I am already sold and ready to read: **Guardian demonfall book** **I received a free copy from the author and this is my honest review, **Guardian demonhub** ** Guardian Demon (Hell Bent #4) Edit 1/31/23: Updated content warnings added Instagram and YouTube reviews: **Guardian demonhub ga** The last book was Meph's and I knew that Raum would be feeling lonely now that his BFF was spending all of his time with his new girlfriend. **Guardian demonka** Raum has always been the calm quiet one so getting into his head to see what is going on in there was a ride: **Guardian demonbuddy** He has an affinity with animals that has helped him in the years since his memory was wiped and now he is even volunteering at a rescue shelter: **Guardian demonblade tryndamere** For a demon he was sweet and squishy under his grumpy exterior which are some of my favorite characters: **Guardian demons** Then enter Sunshine who is the literal sunshine to his gump and he is obsessed, **Guardian demons** When she ends up blackmailing him into helping her by threatening his brothers and their partners he was so disappointed and frustrated: **Guardian demonfall codes** Sunshine couldn't help her fascination with Raum and when she is tasked by the higher powers to retrieve a book from Hell he is the only one she wants to turn to. **Guardian demonbreun** They can't help being pulled to each other even though they are enemies. **Guardian demonheart** When Sunshine has to make the hard decision between her mission and the demon she is starting to care for she doesn't hesitate to do what she thinks is right: **Guardian demonfall book** Their relationship was fire from their first interaction and once we got to the intimacy and feelings they became an inferno, **Guardian demonkin flag** I have tabbed quite a few scenes to come back to when I need them *Wink*, **Guardian demons** Quotes: - He liked the simplicity of animals and he liked the sense of purpose he got from helping them, **Guardian demonkin flag** Of all the sh*t he'd stolen all the treasure he'd ever collected he coveted her the most: **Guardian demonheart** Who said s*x had to be the main event anyway? Given the chance he would happily eat p*ssy until his face fell off. **Guardian demons** I want to make you so f*cking dirty they'll turn you away at the gates of Heaven, **Guardian demonfall script** "CW/TW: Blackmail Blood Gore Body Horror Decapitation Dismemberment Death Murder Swords Violence Past trauma and PTSD Pleasure house Forced memory loss Manipulation Instagram: <https://www.be/s1vWssNQzaU> Guardian Demon (Hell Bent #4) It should come as a surprise to literally no one that I am enemies-to-lovers trash: **Guardian demonblade** it slaps every time and the romance between Raum and Sunshine in Guardian Demon is no exception: **Guardian demons** This found family goodness delivers on all the laughs all the feels and all the heat you could want from a paranormal romance. **Guardian demonfall codes** The intrigue surrounding Raum and Sunshine's past was so so good, **Guardian demons** The romance was glorious their moments of contention believable but even when they're butting heads you know these two kids are still absolutely crazy about each other. **Guardian demonbuster** □ Basically I am very much looking forward to the rest of the series: **Guardian demonhide** The mystery surrounding Murmur in particular was a web I didn't think I would get tangled up in but I'm totally invested now. **Guardian demonhead** I love him so much and I need his book I have so many questions, **Guardian demonkite** The feeling each of the books leave me with is akin to that feeling you get during a comfort read. **Guardian demonkin** Returning to this world and these characters always feels like coming home and this dysfunctional found family of demons angels and witches will forever own a piece of my heart. **Guardian demons** Our heroine Sunshine is tasked with retrieving a grimoire in order to gain her rank she lost in Heaven, **Guardian demon in love with me** However she can't do it alone and blackmails/binds Raum into helping her: **Guardian demonhide** Neither of them are prepared for the explosive chemistry between them or the connection that speaks to more than just acquaintances. **Guardian demon names** When everything goes sideways lies are uncovered betrayals are discovered and loyalties are tested:

Guardian demon in love with me I want to make you so fucking dirty they'll turn you away at the gates of Heaven. **Guardian demon z insomnia** He's felt numb since Heaven wiped his memory as punishment for crimes he can't remember: **Guardian demonhead** His only relief comes from his penchant for theft and his unusual connection with animals, **Guardian demons** Tasked with retrieving a grimoire from Hell she binds Raum into her service with an unbreakable contract, **Guardian demonhawk** He must help her navigate the underworld or lose everything he holds dear: **Guardian demon asmodeus** But her ruthless plan backfires when she finds herself drawn to him like a moth to a flame... A forbidden desire... Giving in means sacrificing everything. **Guardian demonhub** The rivalry between demons and angels is ancient and deep yet it can't extinguish their scorching attraction. **Guardian demonbreun** As always it contains violence explicit scenes (involving a demon in his demon form) and excessive profanity: **Guardian demonblade tryndamere** Guardian Demon (Hell Bent #4)Aurora Ascher loves misunderstood monsters redeemable anti heroes and epic happily ever afters: **Guardian demonblade tryndamere** A woman of many creative pursuits Aurora is also a professional musician and visual artist[1]
