2017Format - KindlePages - 154Stars - I'd like to start by giving a shout out to Pete Kahle owner/publisher of Bloodshot Books and an author in his own right for gifting me a digital copy of this book. **It Sustains booklet** Who is the figure at the top of the stairs? Whose is the face in the mirror? What is the thing in the pond? And why does Adam often feel he is being followed only for his pursuers to dissolve into shadow when he turns to confront them?When Adam was 15 a terrible thing happened. **Epub it sustains pdf** 5 star rating as it was a decent story although more of a tale of a teen boy dealing with grief and adversity with just a hint of the supernatural for about the first 70%. **Ebook it sustains free** From the author's bio - Mark Morris has written over twenty-five novels among which are Toady Stitch The Immaculate The Secret of Anatomy Fiddleback The Deluge and four books in the popular Doctor Who series. **It sustains life on earth** The horror element of the tale didn't work quite as well for me as the character study and I think the story would have benefited from another 50 pages or so to make the ending less abrupt and to establish more the plausibility of the revelations that occur in the final pages. **It sustainsj job description** Who is the figure at the top of the stairs? I recommend this book to all horror fans. 184 i enjoyed it . Yikes. The amount of unneeded sexual content was everywhere. □ 184 Very very subtle horror in this one. I just wasn't in the best headspace for it I think. 184 Earthling did a great job on this book. Great novel about loss. Really great characters. Creepy story as well. I really enjoyed this book a lot. It seems to me at least to have ended rather abruptly. All in all it was a very enjoyable and believable read. But the past is not so easy to shake off. This book is a solid 4.5 and well worth the purchase price. 184 I was prepared to give this a 3-3.In many ways It Sustains is a story about loss. In Adam's case it's about the loss of his mother.The writing is strong and powerful. Genuine encounters with real people. Characters with a lot of texture. But that's OK. 184 When Adam was 15 a terrible thing happened. But the past is not so easy to shake off. {site_link}.
