

Kill the Dead (Sandman Slim, #2) By Richard Kadrey **Book killers of the flower moon paperback** Quid salvum est si Roma perit? What is safe if Rome perishes? pg 28 Trouble brews when people start to go missing in Los Angeles' underground and some of the members of its leading magical families turn up dead. **Book killers of the flower moon david grann** pg 39 Why can't the world just save itself? Hasn't Stark suffered enough? But what's a nephilim to do if not save the world while holding tightly to his fracturing sanity with both hands. **Horror killer books** James is a bit too whinny and self-pitying and is more hipster than true badass no matter what he says! The secondary characters grew on me a bit in this second book so that was a plus. **Book killers of the flower moon review** Talking Head Guy was probably the pick of the bunch and added a good few laughs to the tale but a few of the others grew as characters as well over the course of this tale. **Book killers of the flower moon david grann** I could live without this story being an advert for cigarettes! The story even churned up a memorably bad scene that went something like this: Love Interest: What is that thing you are smoking? Jimmy: Eh.

## Horror killer books

Right? Talk about buckling to peer pressure! To make matters even worse Jimmy later went on to bang a porn star he had know for hours without any protection in sight. **Book killers of a certain age** The main character went from being a cool.

### Horror killer books

I was just complaining about unoriginal urban fantasy when Sandman Slim came along to show me it is possible to do UF right. **Horror killers** That's just to make ends meet; what he really prefers to do is have a smoke and a brew at Bamboo House of Dolls a local dive bar that's recently cleaned up the bathrooms so they're a little less like a Calcutta bus station. **Horror killers wallpaper** Somehow despite the spare writing he manages to transcend the structure with analogies that elevates beyond mere snark: Most people think being a doctor is a big deal but Kinski used to be an archangel so for him being a doctor is sort of like flipping burgers at McDonald's after you were president. **Horror killers wallpaper** Whiskey doesn't mix well with toothpaste but I already filled the glass and once whiskey's been let loose you have to deal with it it wouldn't be as bad as reanimating dressed like a crab or a taco because you were pimping a new restaurant when you died. **Book killers of the flower moon paperback** And then there were the moments of sincere emotional truth: These are the good and righteous people who sat on their fat asses and let Mason and Parker murder Alice and send me to Hell. **Horror killers wallpaper** the zombie apocalypse + the hidden talents of Czech Gypsy porn stars (it's not what you think you filthy-minded barnacles) + my boyfriend Lucifer getting a consulting job for a big-budget Hollywood production on his life story + chain-smoking Victorian centipede roommates = Obviously. **Book killer club** So my Jimmy came back from his extended super relaxing holiday Downtown (that's what Hell's really called my Clueless Barnacles) to exact delicious revenge on the deviously evil people who sent him there in the first place. **Book killer elite** See what happens when I feel unsettled unsettled? Pretty scary huh? A good thing our old chum Lucifer happens to be in town playing technical adviser for a biopic about his little self gotta love Hollywood. **Kindle killers of the flower moon** And if Lucifer's suspicious comforting presence and support aren't enough Jimmy can always count on his roomie Kasabian the slightly aggravating undead headless corpse corpseless head (aka the horny lobster) to cheer him up with his lovely attitude and enchanting conversational skills. **Book killer angels michael shaara** Sorry what my Tiny Decapods? You would like me to finally get down on it to business and start telling you about the plot? Why? Can't you read the book blurb or something? Sigh. **Book killer angels** She's as much a fan of gory/violent first dates as Candy which is pretty cool but she doesn't do the People Eating Thing (PET™) which is kind of a humongous bummer and stuff. **Horror killers** Actually I

think I have nothing more to digress about so I guess you are now free to go my Little Barnacles and resume your boring daily activities which I am sure must be deliriously fascinating. **Horror killer books** 5: Devil in the Dollhouse [REDACTED]· Book 4: Devil Said Bang [REDACTED]· Book 5: Kill City Blues [REDACTED]· Book 6: The Getaway God [REDACTED]· Book 7: Killing Pretty [REDACTED]· Book 8: The Perdition Score [REDACTED]· Book 9: The Kill Society [REDACTED]· Book 10: Hollywood Dead [REDACTED]· Book 11: Ballistic Kiss [REDACTED]· Book 12: King Bullet [REDACTED][Pre-review nonsense]Ice Ice Stark Stark baby. **Book killers of the flower moon david grann** Full Why Do I Have to Bloody Shrimping Go to Work When I Could Stay at Home and Spend Beautifully Unhinged Quality Time with My Newest Boyfriend Life Sucks and Stuff Super Crappy Non Review (WdIHtBSGtWWICSaHaSBUQTwMNBLSaSSCNR™) to come. **Book killers of the flower moon review** Richard Kadrey \*\*\* 4 \*\*\* This is a really cool pulp-noir series with Angels Demons and Zombies and you still can't tell who are the good guys! I love the perspective on the whole mythology and it is very well incorporated into a modern world Los Angeles a city literally full of those souls following the prettiest of the fallen Angels. **Kindle killers of the flower moon** Yeah imagine that! Well the arm of the local government who deals with the supernatural entities and lead by a very self-righteous and angry lady Angel is not having any of it. **Horror killers wallpaper** I love this series because it doesn't seem to care about what its critics are going to say - it is for those readers who are in the mood to show the middle finger to the world kick ass and take names! It is no deep thinking no emotional fluffer and definitely no high literature! You really need to be in that f@#k you mood to truly appreciate it [REDACTED]. **Book killers of the flower moon david grann** I am lucky I am just in one of those at the moment [REDACTED] Richard Kadrey What do you do after you've crawled out of Hell to wreak bloody revenge? If you're Stark you turn to bounty hunting tracking and decimating whatever rogue monsters you're paid to kill. **Book killer club** And just what happens when a human-angel half-breed is bitten by the living dead? His human side begins to die transforming him into an unstoppable angel of death—a killing machine devoid of emotion or thought with no regrets or future to worry about. **Book killer elite** It gives far too much away!Here's a Heidi-no-spoilers blurb that should serve you just as well: James Stark the half-angel half-human and one hundred percent pissed off anti-hero is back. **Book killer house** Keeping an apartment in Los Angeles doesn't pay for itself so Stark is on the hook for contract work for a variety of agencies including Vigil (a super secret department of Homeland Security) and Lucifer yes that Lucifer. **Book killer elite** Part of the perks includes a upsurge in customers at the Bamboo House of Dolls Stark finds a few new motivational factors in this book and we are treated to some fairly serious zombie action. **Book killer angels michael shaara** Richard Kadrey I would hate to have to pay Stark's clothing and laundry bills because this guy can't go ten minutes without getting his duds ripped to shreds or covered in the gore of various monsters and his own blood. **Horror killers wallpaper** In the first book Sandman Slim I thought the first half was a waste of a good idea and that the main character Stark came across as a whining impulsive punk who got regularly beaten like a rented mule rather than the super-tough anti-hero hitman from Hell he was supposed to be. **Book killers of the flower moon paperback** Once again Stark was being an asshole just for the sake of being an asshole and he managed to get his ass kicked yet again and another leather jacket ruined in the first chapter. **Horror killer books** However it soon kicked into high gear and again seemed like Kadrey was gearing up for a big finish but this time the book devolved into a confusing mess more concerned with setting up the next book than delivering a satisfying story here. **Kindle killers of the flower moon** I read Sandman Slim over a year ago and there's little recapping done to refresh the memory so there was more than once where I was scratching my head and wondering "Who the hell is that person again? What's a Jade? Wait is she an angel?" Someone who hadn't read the first book would be pretty much clueless. **Horror killer books** So why wouldn't he just visit a bank vault or two? He certainly doesn't have any moral objections to stealing since he's constantly swiping sports car rather than using his traveling trick. **Kindle killers of the flower moon** Kadreys newest books are The Secrets of Insects released in August 2023; The Dead Take the A Train (with Cassandra Khaw) released in September 2023; The Pale House Devil released in September 2023. **Book killer elite** Kadrey's newest books are The Secrets of Insects released in August 2023; The

Dead Take the A Train (with Cassandra Khaw) released in September 2023; The Pale House Devil released in September 2023: Then he takes it to surreal: 'Let me make sure I have this straight. **Book killer angels** The cavalry just now rode into town and it's a Czech Gypsy porn-star zombie killer: **Book killer angels** I didn't think my life would seem so strange to Lucifer's alcoholic cowboy assassin: **Book killer angels** He truly made me laugh with the galvanize-the-minion speech: 'Yeah. **Book killer club** 'and his musings on zombies: It would suck to be killed and reanimated while wearing corporate antennae. **Kindle killers of the flower moon** We need a few anchors in our lives to keep us from floating away into the void: **Book killer house** Looks like Stark is going to have to save the day again and he's not happy about it, **Book killer house** You came back to get the people who hurt you and Alice and you did it. **Horror killers wallpaper** Now you need to find the next thing to do with your life: **Book killer elite** Like learn the flute or maybe save the whales? pg 57 Suffice to say.

## Book killer angels

But I'm still interested enough to keep reading the series: **Horror killers wallpaper** Richard Kadrey This was an OK second instalment of what is turning out to be an OK UF series: **Book killer angels michael shaara** It matched the quality of the first book in the series and continued to add a bit of depth to the world and the characters: **Book killer angels** I'm of the opinion that the Sandman Slim series is neither overly dark or overly light in tone and that it falls somewhere in the middle of the spectrum: **Horror killers** I feel like that gives the story a pretty good balance and I enjoy the mix of humour and grit we get in these books: **Horror killer books** James had to stop a zombie apocalypse from getting started.

## Horror killers

As well as keep on top of his regular jobs, **Horror killers wallpaper** His regular work being freelancing for both Lucifer and the Golden Vigil! It was a fun enough tale: **Kindle killers of the flower moon** We got to learn a bit more about the characters and world which helped add a bit of depth to both: **Kindle killers of the flower moon** The big negatives were pretty much the same things that hindered the first book in the series, **Book killer club** I'm sure I'd enjoy books like this more if they did not treat smoking and drinking like they are a sign their lead characters are cool hardmen: **Horror killer books** The guy is beginning to make David Drake from Peter Mclean's Drake books look like a better role model by example, **Horror killer books** Hopefully he has impregnated the woman and this comes back to bite him in the ass later in the series. **Kindle killers of the flower moon** The story has a few annoying moments but on the whole is fairly readable and engaging so I still enjoyed it and will definitely read the next book in the series: **Horror killers** Audio Note: I'm getting more used to MacLeod Andrews as the voice of Jimmy. **Book killer house** I still think he is not an ideal fit for the character but he is a decent narrator and he does a good job with the audio: **Book killers of the flower moon paperback** After the awesome first book in the series I was expecting big things but it just failed to deliver, **Book killer club** Kadrey's writing manages to rope me in despite lukewarm genre interest in angel-demon based urban fantasy: **Book killer angels** The plot sounds unexceptional enough: Richard Stark the ultimate noir anti-hero has gone to Hell and back, **Horror killers wallpaper** He's now freelancing for Lucifer as well as the competition an arch-angel working with the government: **Horror killers** The feds want his input on a murder scene while Lucifer is looking for a bodyguard during a movie promotion. **Kindle killers of the flower moon** Although apparently a simple premise the story soon goes off path involving a number of mystery and action elements both traditional and surreal, **Book killers of a certain age** Characters are broadly drawn but have a tinge of familiar emotional realism that allows the reader to connect, **Book killers of a certain age** Stark's been stuck in self-pity and a bit of an existential crisis since he accomplished his mission of revenge in the first book, **Horror killer books** His

sidekick is a duplicitous cyborg and the love interest a porn-star costarring in Lucifer's movie as Eve so clearly Kadrey isn't taking himself or his characters too seriously: **Horror killers wallpaper** I found myself most interested in the portrayal of Lucifer which aimed high giving him a mortal coil weariness and exploitative mindset instead of truly evil, **Book killer angels** In contrast with the first book Stark develops some welcomed coping skills and moves beyond his apparent death-wish, **Book killers of the flower moon david grann** Kadrey writes in short brutal sentences that drive the straight-forward action of the narrator with little flourish. **Kindle killers of the flower moon** They're full of impact clearly delineated images in black and white: **Horror killers wallpaper** The corner of Alameda and East Sixth is so boring and anonymous it's amazing it's allowed on maps. **Horror killers** Warehouses metal fences dusty trucks and a handful of beat-up trees that look like they're on parole from tree jail: **Book killers of the flower moon paperback** I might not have been a good guy before but I loved someone and I wasn't broken into a million little pieces: **Book killers of a certain age** Few and far between they nonetheless help it move beyond simple action flick into something just a little more profound. **Book killers of the flower moon paperback** Overall a fast roller-coaster ride with a decent emotional pay-off. **Book killer angels** Richard Kadrey ☐ And the moral of this reread is: my boyfriend Jimmy Stark vs. **Horror killer books** [August 2017]Express Super Extra Crappy Non Review Time (ESECNRT™)! Yay!Okay so my boyfriend Jimmy Stark is kinda sorta lost here, **Horror killer books** I mean he just spent 11 years in Hell which is pretty cool and stuff but he doesn't seem to think of it that way. **Book killer angels** Okay so Jimmy can be slightly evil too but he's you know the hot kind of evil and stuff, **Book killer elite** So my Jimmy came back did or did not exact revenge (not telling you because spoiler spoiler spoiler and stuff: **Book killers of a certain age** You are quite welcome) on the deviously evil badder than him bad guys while spoiler spoiler spoiler in the process. **Book killers of the flower moon david grann** Also he found out that spoiler spoiler spoiler which you must admit is a bit distressing: **Kindle killers of the flower moon** No wonder the poor guy is kinda sorta drinking himself to oblivion here: **Horror killer books** Also also he might or might not be in the process of becoming slightly (if delightfully) bipolar which certainly doesn't help: **Book killers of the flower moon review** Yes I am afraid that is more or less my Jimmy's current circumstance. **Horror killers** The only certainty here is that my Jimmy is waaaaayyyy hotter than this substandard weirdo there ↑↑↑: **Horror killer books** But not to worry my Little Barnacles for all is not lost for my Sandman Slim, **Book killer house** He is as scrumptiously fished-up homicidal rude impulsive sarcastic brutish and disrespectful as ever. **Book killer elite** Okay so it's not actually as bloody shrimping beautiful as it was in book 1 because my Jimmy seems to have lost some of his delectable rawness along the way: **Book killers of the flower moon paperback** Don't get me wrong it's not like he's become nice and sophisticated and gentle and stuff (thank my Shrimpy Lord! Now that would have been seriously disgusting: **Book killer angels michael shaara** Ew ew ew and yuck yuck yuck) but he's not as deliciously nasty and harsh and unpleasant as he used to be: **Horror killer books** So yeah major unsettlement unsettlation (yes that is a word) at first and stuff. **Book killers of a certain age** I mean if there's a guy who can help my Jimmy set his evil somewhat dishonourable priorities straight it's him, **Book killer club** Plus working as the devil's alcoholic cowboy assassin seems to do wonders for my boyfriend's mood so all's good, **Book killer angels** My Jimmy + Lucifer + Kasabian = the mostest perfectest little clusterfuck of liars ever: **Book killers of the flower moon paperback** These celestial assholes folks really are assholes if you ask me: **Book killer club** Which reminds me: Aelita needs to die a horrible painful slightly excruciating slow death: **Book killer angels michael shaara** Jimmy and I have always been huge fans of your magnificently polished knife collection and it is an honor to have you volunteer to kindly slaughter our good friend Aelita here: **Book killer house** Okay fine I'm not totally cruel and stuff so I'll tell you this: spoiler spoiler spoiler. **Kindle killers of the flower moon** So where were we? Oh yes my Jimmy's Cutely Endearing Gang of Supernatural Freaks Oddballs of Dubious Morals (CEGoSF0oDM™): **Horror killer books** Of course we have Vidocq my boyfriend's ever awesome (if a teensy little bit ancient) BFF. **Book killers of a certain age** And also Vidocq's um porn-watching apprentice with benefits

Allegra. **Horror killers** My girlfriend Candy the Meat Grinder is mostly (and quite unfortunately) MIA in this instalment which sucks BIG time, **Book killers of the flower moon review** ☐ A personal very private message for Mr Kadrey: you better bring my Candy back post shrimping haste or else...Go my murderous babies go!But let's not get too violent, **Book killer elite** I mean Brigitte the Clark Kent wannabe/Czech Gypsy porn star (don't ask) kind of makes up for the disgusting lack of Candy: **Horror killers wallpaper** But hey at least the kick-ass killer/porn star thing is quite refreshing so I guess I can't complain. **Kindle killers of the flower moon** Looks like you might live long enough to write another instalment in this series after all Mr Kadrey. **Horror killers** ☐ And the moral of this Super Extra Crappy But Ha! Not So Express Non Review (SECBNTSHNR™) is: Sandman Slim: **Horror killers** · Book 1: Sandman Slim ☐☐☐☐☐ · Book 3: Aloha from Hell ☐☐☐☐ · Book 3. **Horror killer books** Richard Kadrey I loved Sandman Slim so much I picked this up the instant I finished it and did not put it down until I had finished it. **Horror killers** (In fact I read it so quickly I didn't have a chance to put an entry here and track progress. **Book killer angels** )Kill the Dead doesn't exactly pick up where Sandman Slim left off, **Book killer angels** Instead it's a while later and we get to see what Stark's been doing since we last saw him: **Book killer angels michael shaara** Richard Kadrey weaves an even more sinister and complex -- but ultimately satisfying -- story this time around , **Book killer angels michael shaara** If you enjoyed Sandman Slim I think you'll be glad you read Kill the Dead: **Book killers of a certain age** It has all the dark urban fantasy elements and is even more of a classic noir tale than its predecessor, **Book killer angels** Lucifer is filming a movie about himself and Stark/Sandman Slim is acting as a bodyguard while he is in LA, **Kindle killers of the flower moon** I am not exactly sure what her role is but a stunning European actress named Bridgite Bardot is also involved and it is directed by G, **Book killers of a certain age** She is determined that changes are needed and she will kill anyone and everyone who comes between her and her vision of what order should exist in the Universe: **Book killers of the flower moon paperback** Stark hates the work but he needs the money especially the big bucks Lucifer is offering. **Book killer elite** In town as an adviser on a biopic of his life Lucifer needs protection and he wants Stark as his bodyguard: **Horror killers** But the gig isn't all bad; there is the very sexy very hot French porn star Brigitte Bardo a friend of Lucifer's in LA to remake her reputation as a legit actress: **Book killers of the flower moon review** While it isn't love it's pretty damn good and after 11 years of demonic chastity it's enough for now: **Horror killers** Stark has enough trouble juggling a diva devil and a scorching French bombshell without a zombie plague to complicate matters. **Book killer elite** if he does finds a cure for the zombie infection will he take it? Kill the Dead (Sandman Slim #2)Subtle hunting acting like a grownup I really miss Hell sometimes, **Book killer club** pg 4First of all don't read the Goodreads description of Kill the Dead before you read it: **Horror killers wallpaper** Because of a small saving-the-world situation in the last book Stark has become an underground local celebrity which has its ups and downs, **Kindle killers of the flower moon** I enjoyed the second entry in the Sandman Slim series but less than the first book, **Horror killers wallpaper** There's a heck of a lot going on in Stark's life and he doesn't stop to ponder things: **Book killer angels michael shaara** It makes for a book that you can't put down because if you do you'll forget who is doing what, **Book killer house** We see less of some of my favorite side characters which was another bummer, **Book killers of a certain age** He needs more comic relief than just his literal talking head roomie who is perpetually drunk and watching garbage on his computer, **Book killer house** Again this is urban fantasy with a heavy dose of pessimism: **Book killers of the flower moon paperback** There may be angels in heaven but they couldn't care less about what goes down on earth, **Book killer angels** At least Lucifer can be bothered to visit and throw some cash around to his favorites: **Horror killer books** That being said of course I'm going to pick up the next volume: **Book killer angels michael shaara** This is a revenge story primarily but it is also a love story. **Book killer elite** I feel like somewhere in the cosmos Stark is going to find his Alice and they're going to get the time together that he was denied. **Book killers of the flower moon review** Then the second half of the book ramped up the action and Stark finally seemed like the scary bad ass he'd been claiming to be, **Horror killers wallpaper** The plot picks up

a few months after the events of Sandman Slim. **Book killers of the flower moon paperback** His roommate is a magically animated decapitated head with a taste for beer and burritos. **Book killers of the flower moon david grann** ) To make ends meet he's doing bounty hunter gigs on various demons and monsters for the Golden Vigil a hybrid department of angels and Homeland Security, **Book killer angels** 's supernatural underground due to his breakout from Hell Stark is still on good terms with the devil himself, **Kindle killers of the flower moon** When Lucifer comes to Hollywood to supervise a bio-pic being done on him he hires Stark to be his bodyguard. **Horror killer books** Fairly quickly Stark is fighting off a team of kidnappers and hordes of zombies but at least he's met a beautiful Czechoslovakian porn star. **Book killer angels** The action and overall storyline are good for most of the book and Kadrey delivers some funny lines regularly but it's also kind of confusing: **Horror killers** Stark needs money yet he has the ability to travel to any point on earth or several other universes. **Kindle killers of the flower moon** Much like the last book I thought it was kind of fun and clever in spots but leaned a little too heavily on the whole Stark-is-a-miserable-asshole schtick, **Kindle killers of the flower moon** I'm once again left hoping that the next one is an improvement for a price it's an electronic cigarette, **Kindle killers of the flower moon** Love Interest: Are you for real? You're such a fucking pansy!\*Jimmy tosses e-cig\*Jimmy: I'm going back to the real stuff, **Horror killers wallpaper** I'm still cool take no nonsense ass kicker to being a bit of an immature snippy annoying teenager type: **Book killer angels michael shaara** There were a few things fundamentally wrong with the book also. **Book killers of the flower moon david grann** It leaves you really confused as to who is speaking causing me to check back and confirm if I had it right, **Book killers of the flower moon review** Also the part of the story where there is supposed to be a personality change of sorts doesn't work out and it's just confusing as very little actually happens. **Horror killers wallpaper** You'd expect a change in writing style or different actions to be taken but nope, **Kindle killers of the flower moon** yawn!I'll still continue with this series but this one left a bit of a bad taste in my mouth, **Book killers of the flower moon paperback** Still good enough to warrant a three star but not as good as the Dresden series: **Horror killers** Richard Kadrey I'm so glad the second book kept up the pace of the first. **Horror killers wallpaper** All the surprises from the first continued on in fine form to give us. **Kindle killers of the flower moon** a zombie apocalypse meeting a noir half-angel smartass who got his chops whetted in hell, **Horror killers wallpaper** It doesn't stop him from WORKING with all the various baddies baddies or baddies of any stripe (including those of angelic description) but it does certainly make things interesting. **Horror killer books** It reminds me of the best features of snarky Dresden with the darkness of Marlowe while always giving us a fun time in a cut-rate video store. **Book killers of the flower moon paperback** And seeing yourself get eaten away with a zombie virus is NOT pleasant even for a magician/demon assassin: **Book killers of the flower moon david grann** Richard Kadrey Richard Kadrey is a writer and freelance musician living in Pittsburgh best known for his Sandman Slim novels: **Horror killers wallpaper** His work has been nominated for the Locus and BSFA awards, **Book killers of the flower moon review** Richard Kadrey is a writer and freelance musician living in Pittsburgh best known for his Sandman Slim novels, **Book killers of a certain age** His work has been nominated for the Locus and BSFA awards[1]

Like love or a rabid dog. Have I got that right?'. 'Forgive me.' Then there were the laugh-out-loud bits. I'm Dirty Harry. You're Paul Revere. It's called division of labor. "It's called having a Martian's grasp of history. Though.

## Horror killers

Stark's favorite local dive. It's good to have one thing that hasn't changed much. Like Mr. Muninn said the one time he came in. I didn't save anyone. I just killed the bastards who needed killing. Get it? I don't save good people. I murder bad ones. Great. The plot in this instalment was decent

enough. We also learned why Jimmy was such a special snowflake. My moans aside this was still an fun enough read. Rating: 3.5 stars. Richard Kadrey I was really disappointed with this one. And then they let him waltz away. Cross posted at <http://clsiewert.wordpress.com/2013/0>. What can I say my man is beautifully weird. But anyway. But anyway. More. Or less. A little. Somehow. Maybe. Obviously. Oh no. So yummy. This guy really is the man of my nightmares dreams. Sigh. It really is bloody shrimping beautiful. Which is a teensy little bit unsettling at first. He kind of invented the concept and stuff. What a pleasantly charming trio. It's all love honesty trust and integrity with these guys. I wonder why no one in Heaven wants to let them in. Thank you. Morticia dear thank you so much for stopping by. You really are the best. You really are exhausting sometimes. Also: yummy zombies (aka High Plains Drifters). You are quite welcome. Yet. A little. Wait better make that a novella just in case. You can never be too careful. Or maybe a novelette. Or perhaps a short-story? No better make that flash fiction. Yes that sounds infinitely more fitting. What? I'm digressing again? Good to know. Thank thee kindly and stuff. You are quite welcome. Still deliciously dark. Still beautifully dirty. Still hilariously irreverent. Still marvellously in my your face. And a little entertaining. Not much though. Just a tiny little bit and stuff. Now let's dance. You make me feel like. Don't ask. Please. Just don't. You don't want to know. Trust me on that one. Richard Kadrey Let's continue this dark adventure. I devoured it in 3 or 4 days. and there are zombies. Ritchie □. So here come the Zombies. Not a bad way to be when your choices are limited. Now Stark has to decide . . . To start I felt it was less focused. He's always on the go. Stark is so intense. I know whose side I'm on. Mine. pg 236 And there's the darkness factor. No one is coming to save our intrepid hero. How depressing is that. Won't he be pleasantly surprised. This series is making me a little nuts. I hoped that momentum would carry over into this book. But Kill the Dead started off badly for me. Stark is in a bit of a funk. (Don't ask. Now a celebrity in L.A. There's also still some severe logic gaps. My main issue with this book was lack of saidisms. And zombies. so far. Oh and he hates everyone pretty much equally. I'm very happy with this UF. Yes. It's that kind of novel. Trust me. {site\_link}
