

Explorations in African Systems of Thought By Ivan Karp **Explorations in African Systems of thoughtworks** In contrast to the prevailing emphasis on the analysis of partial systems of thought such as witchcraft beliefs or spirit possession the present collection of thirteen original essays stresses a more broadly analytic approach that relates the study of African systems of thought to other aspects of culture and social organization in African societies:

PDF Explorations in African Systems of thought provoking

Explorations in African Systems of Thought examines the problems currently faced by researchers in the analysis of systems of belief in African societies. Explorations in African Systems of Thought.
